MINNESOTA POWER & LIGHT COMPANY

(Controlled by American Power & Light Co.)

(Supervised by Electric Bond and Share Company)

History—Incorporated Feb. 24, 1906, in Minn., as the Duluth Edison Electric Co., successor to the Duluth General Electric Co. (see Manual for 1923, page 1334); name changed to present title in Oct., 1923. Owns and operates the properties formerly owned by the Duluth Edison Electric Company, The Minnesota Utilities Company, the General Light & Power Company, The Little Falls Water Power Company of Minnesota, the Cuyuna Range Power Company and the Royalton Power Company, and the electric properties formerly owned by the St. Louis River Power & Improvement Corporation. In 1927, Company acquired the properties of the Great Northern Power Company, the capital stock of which was formerly owned by the Minnesota Power & Light Co. which operated the properties under lease.

Minnesota Power & Light Company supplies, directly or indirectly, the entire commercial electric power and light service in an extensive territory in Eastern and Northern Minnesota, including Duluth, Chisholm, Eveleth, Ely, Cloquet, Little Falls, Brainerd, Wadena, Staples and 93 other communities. Superior, Wis., is also served at wholesale. The total population served is estimated at 326,000.

Property—The property owned and/or operated by the Company includes electric generating plants having a total installed capacity of 107,215 k.w. of which 94,865 k.w. or about 88%, is hydro-electric and 12,350 k.w. is steam; 1,118 miles of high voltage transmission lines and 778 miles of electric distributing system.

The total installed electric generating capacity owned by the Company aggregates 47,515 k.w., consisting of 39,515 k.w. hydro-electric generating capacity and 8,000 k.w. steam electric generating capacity.

The Fond du Lac hydro-electric plant, completed and placed in operation by the Minnesota Power & Light Company in July, 1924, with an initial capacity of 12,000 k.w. and to have an ultimate capacity of 24,000 k.w., is also located on the St. Louis River immediately below the Thomson plant.

Included in the property owned is the new plant at Blanchard Rapids on the Mississippi River which was placed in operation during 1925. This plant has a present installed capacity of 12,000 k.w. and is designed and partially built for an estimated capacity of 18,000 k.w.

The principal generating station acquired by the Minnesota Power & Light Company from the Great Northern Power Company is the Thomson hydro-electric plant on the St. Louis River, which has a present installed generating capacity of 55,350 k.w. and a proposed ultimate capacity of 68,000 k.w.

Properties of Great Northern Power Co. included Island Lake, White Face Reservoir, Fish Lake, Boulder Lake and Rice Lake, all located in Minnesota and having an aggregate water storage capacity of 337,900 acre feet. These large bodies of water serve as reservoirs for the storage of water of the St. Louis River and its tributaries and for the regulation of the flow of the St. Louis River on which are situated the Thomson, the Fond du Lac, the Knife Falls and the Scanlon hydro-electric plants. They will be similarly used in connection with the operation of additional developments on power sites owned by the Company on the St. Louis and Cloquet Rivers.

All of the properties operated by the Company are interconnected by a system of transmission lines aggregating 1,118 miles in length, including a 110,000-volt line approximately 206 miles long extending from the new Blanchard Rapids plant on the Mississippi River northeast to and through the Cuyuna Range to the properties of the Company on the Mesaba Range, and thence southeast connecting with the Thomson and Fond du Lac hydro-electric plants and the Company's properties in Duluth.

Franchises—The franchises under which the company operates are generally satisfactory and free from burdensome restrictions. A large part of the company's power business is outside of the cities served, and is with industries so located and served that no franchises are required in connection therewith. The company's right to operate in Duluth, the most important city served, is without time limit.

Service and Property—The number of consumers served by Minnesota Power & Light Co. (including leased properties) and the physical equipment of their property as of Dec. 31, 1927, and the output for the twelve months ended Dec. 31, 1927, compared with four previous years, follow:

NEBRASKA POWER COMPANY

(Controlled by American Power & Light Co.)

(Supervised by Electric Bond and Share Company)

History—Incorporated April 23, 1917, in Me. as a ccessor company to the Omaha Electric Light & wer Co. (see 1917 Manual, Public Utility Section, ge 1752). Company supplies substantially all the ctric power and light service in Omaha and 34 jacent communities, and, through its subsidiary, the tizens Gas & Electric Co. of Council Bluffs, the en- e electric power and light and gas service in Council uffs, Iowa. Nebraska Power Company controls the tizens Gas & Electric Co. of Council Bluffs through wnership of all its capital stock, except directors' ares. The population served by the Nebraska Pow- Company (not including Council Bluffs) is esti- ated at 233,000.

Franchise Decision—A decision of the United States Supreme Court has held that the Company possesses a franchise right, unlimited in time, to distribute electricity for light, heat and power purposes. This franchise, in the opinion of counsel, covers territory from which the Company derives the very major portion of its revenue. The franchises of the Citizens Gas & Electric Co. of Council Bluffs extend to 1948.

Service and Property—The total number of consumers served by the Company and the physical equipment of its property as of Dec. 31, 1927, and the output for the twelve months ended Dec. 31, 1927, compared with the five previous years, follow:

FUNDED DEBT

(1)

$9,600,000 FIRST MORTGAGE GOLD 5s; SERIES "A"; DUE JUNE 1, 1949

Dated June 2, 1919.

Interest Payable June and December 1, at Guaranty Trust Co. of New York.

Denominations—Coupon, $500 and $1,000. Coupon bonds of $1,000 denomination registerable as to principal and interchangeable with fully registered bonds of $1,000 denomination and authorized multiples.

Trustees—Guaranty Trust Co. of New York and F. J. H. Sutton, New York.

Provisions of Issue—The authorized amount of First Mortgage bonds is not limited, but under the terms of the Trust Indenture additional bonds may be issued for only 80% of the actual cash cost and fair value of permanent additions, extensions, etc., made subsequent to April 1, 1919, to the mortgaged property or (to the extent of not more than 10% of the outstanding bonds) of similar additions, extensions, etc., to the property of subsidiaries, all of whose mortgage bonds and stocks are pledged with the Trustees; and no bonds may be issued in either case unless the net earnings for twelve consecutive months within the fifteen consecutive months immediately preceding the date of applications for such bonds shall have been not less than twice the annual interest charge on all First Mortgage bonds outstanding, together with those proposed to be issued.

The mortgage provides for the issuance of bonds thereunder in different series, all such series being equally and ratably secured thereby. Bonds of different series may have such rates of interest, redemption prices, etc., as may be authorized by the Board of Directors, provided, however, that all such bonds shall be payable June 1, 1949.

Denominations—Coupon, $1,000 (or in case of International Series bonds, £205.4.2, M. 4,200, fr. 5.175 and fl. 2,480); principal may be registered; registered, $1,000 (or £1,026.0.10, M. 21,000 fr. 25,875 and fl. 12,-40) and multiples thereof; interchangeable (in case of International Series).

Trustee—United States Mortgage & Trust Co., New York.

Provisions of Issue—Authorized, $30,000,000 of which $9,119,000 held by public and $1,250,000 held free in treasury. The $19,631,000 unissued bonds are reserved to provide for improvements of or additions to the property, including purchase of bonds and stocks of other companies, but acquired bonds and stocks of other companies shall at no time stand as security for more than 15% of the total issue of these bonds. Issues of these bonds for improvements or additions can only be made to the extent of 80% of the cost of such improvements or extensions and then only provided the net earnings for 12 consecutive months in the thirteen preceding calendar months have been at least twice the interest on all bonds outstanding including those ought to be issued.

Callability—Subject to call as a whole on any interest date upon 4 weeks' notice at 105 and interest up to Dec. 31, 1925, at 104 and interest during 1926, at 103 and interest during 1927, at 102 and interest during 1928, and 101 and interest from Jan. 1, 1929, to July 31, 1930, inclusive. A portion of the issue may be redeemed by lot on the above basis by the use of moneys in the Improvement Fund.

Improvement Fund is provided which requires the company to pay the trustee of the First and Refunding Mortgage bonds on Aug. 1, from 1915 to 1919, inclusive, 1% each year; from 1920 to 1924, incl., 2% each year; from 1925 to 1929, incl., 3% each year of all the bonds outstanding, including underlying bonds, and outstanding bonds of corporations two-thirds of whose capital stock is at the time owned by the mortgagor and pledged under the mortgage. In case the net earnings of the company for the twelve months ending May 31st in any of the years from 1925 to 1929, inclusive, equal or exceed three times the interest charges on all bonds outstanding, then the amount required to be paid into the improvement fund on the next succeeding Aug 1, need be equivalent to only 2% instead of 3%. Funds in the improvement fund may be used for improvements and betterments to the property, or for the redemption of bonds of this issue.

Security—Secured by a first lien on entire property of Company.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Original Offering—First publicly offered in 1910 at 94 and interest, by White, Weld & Co. and Clark, Dodge & Co., New York; also offered in 1911, by White, Weld & Co., and William A. Read & Co., New York, at 89¾ and interest; about $250,000 offered in Nov., 1915, by Ames, Emerich & Co., and Illinois Merchants Trust Co., Chicago, at 93½ and interest, and a block in Dec., 1918, by William A. FUNDED DEBT

(1)

$13,797,000 FIRST LIEN 30-YEAR GOLD 5s; DUE JUNE 1, 1943

Dated June 1, 1913.

Interest Payable June and December 1, at Bankers Trust Co., New York.

Denominations—Coupon (principal may be registered) $100, $500 and $1,000; and registered, $1,000 and multiples thereof, interchangeable with $1,000 coupon bonds.

Trustee—Bankers Trust Co., New York.

Provisions of Issue—Authorized issue unlimited. The mortgage securing the First Lien bonds provides, among other things, that additional bonds may be issued for 80% of the aggregate cash cost of permanent additions or improvements to the property of the Company or its subsidiary companies (not including Texas Power & Light Co. or Fort Worth Power & Light Co.), and, under the restrictions as provided in the Mortgage, for acquisition of all the outstanding capital stock (except directors' shares) of corporations engaged in the public utility business.

Bonds may be issued, as stated above, only when for twelve consecutive months within the fifteen immediately preceding months, net earnings, as defined in the Mortgage, of the Company and its subsidiary companies (not including the Texas Power & Light Co. or Fort Worth Power & Light Co.) shall have been

twice the annual interest charges on (1) all First Lien bonds outstanding and about to be issued, and on (2) any unpledged bonds and certain other indebtedness as defined in the Mortgage of or secured by lien upon the properties of such subsidiary companies, and on (3) all outstanding prior lien indebtedness of the Company, if any.

Callability—Subject to call as a whole (or in part for sinking fund) at 105 and interest on any interest date on six weeks' published notice.

Sinking Fund—The mortgage provides for sinking fund payments on total amount of bonds outstanding on June 1 of each year as follows: 1%, 1918 to 1922 inclusive; 1½%, 1923 to 1927 inclusive and 2%, 1928 to 1942 inclusive. If company's earnings are equal to at least three times interest charges on all bonds outstanding, sinking fund payments for any of the years, 1928 to 1942, inclusive, need only be 1½%. Fund to be applied to the purchase of bonds at not to exceed 105 and interest and if not purchasable at that price bonds may be called by lot at 105 and interest; or fund may be used to reimburse the company for the cost of permanent additions, improvements, etc., which might otherwise have been made the basis for the issuance of bonds.

Security—Secured by deposit with the Trustee of all outstanding stocks, except directors' qualifying shares, and bonds of subsidiary companies, as follows: El Paso Gas Co., Galveston Gas Co., Paris Transit Co., Oil Belt Power Co., Texas Electric Service Co., Eagle Pass Water Co., Crystal Ice & Cold Storage Co. These deposited bonds are secured by first mortgages on the properties of the respective subsidiary companies. No additional stocks or bonds of these subsidiary companies may be issued unless they are deposited with the Trustee of the mortgage. The First Lien bonds are additionally secured by pledge with the Trustee of all the Common stock, except directors' qualifying shares, of Texas Power & Light Co. and more than 93% of the outstanding Common stock of Fort Worth Power & Light Co.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Legal Opinion—Winthrop & Stimson, New York, and Simpson, Thacher & Bartlett, New York.

Original Offering—First publicly offered ($933,000) in Oct., 1913, at 91½ and interest, by N. W. Halsey & Co., New York, etc.; $3,500,000 in April, 1924, at 88¾ and interest, to yield about 6%, by Bonbright & Co., Inc., and Halsey, Stuart & Co., Inc., New York; $3,500,000 additional in Sept., 1924, at 91½ and accrued interest, to yield 5.75%, by the same firms; $3,000,000 additional in Aug., 1927, at 99 and interest to yield about 5.10% by Bonbright & Co., Inc., Halsey, Stuart & Co., Inc., and W. FORT WORTH POWER & LIGHT COMPANY

(Controlled by Southwestern Power & Light Co.)

(Supervised by Electric Bond and Share Company)

History—Incorporated July 14, 1911, in Tex., and quired all the electric power and light properties and ghts of the companies that previously operated in ort Worth. Franchise, without time limit. Com- ny supplies the entire electric power and light ser- ce in Fort Worth, Texas. The population served is timated to be in excess of 195,000.

The Company owns and operates one of the largest id most modern electric generating stations in the Southwest. It is located on the banks of the Trinity River, from which ample water for condensing purposes is obtainable from a poundage dam built for the purpose.

Service and Property—The number of consumers served by the Company and the physical equipment of its property as of Dec. 31, 1927, and the output for the twelve months ended Dec. 31, 1927, compared with the five previous years, follow:

TEXAS POWER & LIGHT COMPANY

(Controlled by Southwestern Power & Light Co.)
(Supervised by Electric Bond and Share Company)

History—Incorporated May 27, 1912, in Texas. Company does the entire electric power and light business in 226 communities, including Waco, Denison, Sherman, Paris, Cleburne, Tyler, Palestine, Temple, Gainesville, Brownwood, Waxahachie and Mineral Wells. It also supplies at wholesale electrical energy for the electric power and light companies in Corsicana, Terrell and 16 other communities. It also does the gas business in Waco, Paris and Brenham. In all the company serves 244 communities with a total population estimated at 545,000.

Contracts—The Company does the entire municipal lighting in practically all of the communities served. It has many favorable contracts for supplying electrical energy for street and interurban railway operation, and also supplies electrical energy for such miscellaneous industries as cotton gins, cottonseed-oil mills, cotton mills, flour mills, brick yards and railroad shops, and for municipal lighting and pumping of water. It also has a contract to supply power for one of the largest cement plants in the country.

The most important power contracts are the two between the Texas Power & Light Co. and the Texas Electric Railway. Under the terms of these contracts the Texas Power & Light Co. supplies to the Texas Electric Railway all the electrical energy it requires for the operation of its interurban lines between Dallas and Waco, Dallas and Corsicana, and between Dallas and Denison, including its traction systems in Waco, Corsicana and Waxahachie. The interurban system covers about 246 miles, in addition to the local systems.

The contracts with the Texas Electric Railway give the Texas Power & Light Co. a perpetual easement ahead of Texas Electric Railway mortgages to erect and maintain electric transmission lines on the right-of-way of the interurban railway. The contract covering the supply of electrical energy for the operation of the lines between Waco and Dallas, and between Dallas and Corsicana, and the traction systems in Waco, Corsicana and Waxahachie extends for 50 years from 1912, while the contract covering the supply of electrical energy for the operation of the lines extending between Dallas and Denison covers a period of 30 years from 1914.

Electrical energy is also supplied by the Company to the street railway system in Paris and to the Texas Interurban Railway connecting Denton and Terrell with Dallas.

The transmission systems of the Texas Power & Light Co. are connected with the systems of the Fort Worth Power & Light Co. (which has a modern plant with present installed generating capacity of 44,000 k. w.), the Dallas Power & Light Co. (which has 32,500 k. w. installed generating capacity, including a new 20,000 k. w. unit recently placed in operation), the Texas Electric Service Co. (which has a present installed capacity of 11,020 k. w.) and the Oil Belt Power Co. (which has 18,000 k. w. installed generating capacity, with each of which companies it has contracts for the purchase and sale of power.

Physical Property—The property now owned includes electric generating stations having a present installed generating capacity of 69,293 kilowatts (2,000 kilowatts additional capacity is leased); 2,775 miles of high voltage transmission lines; distribution systems, which include 1,885 miles of lines, in the 226 communities served at retail; and gas works and distribution systems in three communities.

The principal electric generating station is the Trinidad station located in the lignite fields about 75 miles northeast of Waco. This station was placed in operation in July, 1926, with an initial installed generating capacity of 40,000 kilowatts, consisting of two 20,000 kilowatt units. It is designed and partially built for an ultimate capacity of 160,000 kilowatts. There has been developed in connection with the Trinidad station a reservoir approximately one and one-half miles in length and three-quarters of a mile in width, having an area of about 800 acres, which is used as storage for condensing water. The water for this reservoir is obtained from the Trinity River by means of electrically-driven pumps.

The Trinidad station is equipped with four high-pressure, high super-heat boilers, each having 20,000 square feet of heating surface. It has been constructed to burn lignite which is available in abundance in the immediate vicinity and at favorable prices. Provision has also been made in the design of the station so that oil or gas burning equipment may readily be installed should a change of fuel in later years be found desirable.

The Company's modern steam electric generating station at Waco has been designed and partially built for an ultimate capacity of 50,000 kilowatts and has a present installed capacity of 12,000 kilowatts. Other electric generating stations include those at McKinney, Paris, Brownwood and Tyler.

The Company's high voltage transmission systems, including 262 miles recently acquired, aggregate 2,775 miles of lines, of which 95 miles are carried on poles not owned. Transmission lines under construction aggregate 75 miles. Local distribution systems in all but 4 of the 244 communities supplied with electric power and light service are connected (two of them through the lines of another company) with the Company's principal high voltage transmission system.

The transmission lines owned and operated by the Company extend, with numerous important branches, from San Marcos on the south to Denison on the north, an air line distance of about 275 miles, and from Brownwood on the west to Lufkin on the east, an air line distance of about 260 miles. By means of this network of transmission lines in connection with the distributing systems in the many communities served, a large part of the entire district between these points is supplied with electric power and light by the Company. The Company now owns and operates one of the largest electric transmission systems in the country.

Franchises—The franchises under which the Company operates in the various municipalities are generally satisfactory from a business standpoint and have no unusual or burdensome requirements. The majority of the franchises are without time limit or extend beyond 1956.

Service and Property—The total number of consumers served by the Company and the physical equipment if its property as of Dec. 31, 1927, and the output for the twelve months ended Dec. 31, 1927 compared with the four previous years, follow:

Dated November 1, 1926.

Interest Payable May and November 1, in New York City.

Denominations—Coupon, $500 and $1,000; principal may be registered; and fully registered bonds in denominations of $1,000, $5,000 and authorized multiples.

Trustee—Bankers Trust Company, New York.

Provisions of Issue—Authorized amount, unlimited; issued, $20,000,000 5% Series due 1956. Additional bonds, either of this series or other series, which shall have such rates of interest, maturity dates and other provisions as the Board of Directors of the Company may determine, may be issued (a) against the property as existing on Dec. 10, 1926, to a total of not exceeding $1,000,000 principal amount; (b) for refunding an equal principal amount of underlying or prior lien bonds (to be defined in the Mortgage) or bonds of any series authenticated under the Mortgage; and (c) for not more than 75% of the cost or fair value whichever is less, of property additions (to be defined in the Mortgage) made subsequent to Dec. 10, 1926. Additional Bonds may not be authenticated, however, except for refunding purposes, unless net earnings (as defined in the Mortgage) for 12 out of the 15 months immediately preceding application for the authentication shall have been equal to either (a) twice the actual annual interest requirements on, or (b) 12% of the principal amount of, underlying and prior lien bonds held by the public and all bonds outstanding under the Mortgage, including those proposed to be authenticated. The Mortgage contains certain provisions permitting, on conditions stated therein, the modification or alteration of the bonds or the mortgage, or of any supplemental indenture, with the assent of the Company and of the holders of not less than 85% in

he aggregate principal amount of the outstanding Bonds, not including any Bonds owned by the Company; provided that any such modification or alteration shall not permit, without the consent of the holders affected (a) the extension of the maturity of any Bond, or the reduction in rate of interest thereon, or any other modification in the terms of payment of such principal or interest or (b) the creation by the Company of any mortgage lien ranking prior to or on a parity with the lien of this Mortgage with respect to any of the property covered thereby.

Purpose of Issue—Issued in connection with the acquisition of the Trinidad steam electric generating station and other important property, also to provide funds to reimburse the Company for additions to property and for other corporate purposes.

Callability—Subject to call on the first of any month in whole or in part on 45 days' notice through Oct. 1, 1931, at 105 and interest; thereafter through Oct. 1, 1936 at 104½; thereafter through Oct. 1, 1940 at 104 and interest; thereafter at a premium reducing ¼% each year to 100¼ and interest on Nov. 1, 1954 and through Oct. 1, 1955, and thereafter prior to maturity at 100 and interest.

Sinking Fund—None provided.

Security—Secured by a direct first mortgage on a substantial portion of the Company's property and by a mortgage on the balance of the physical property subject to $15,005,000 First Mortgage Bonds. No additional First Mortgage Bonds can be issued except for pledge under the First and Refunding Mortgage. The properties on which these Bonds are secured by a direct first mortgage include electric generating stations with a combined installed generating capacity of more than 40,000 kilowatts (including initial installation at the new Trinidad station) and more than 600 miles of transmission and distribution system.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania 4 Mills Tax refunded to resident holders.

Legal Opinion—Sullivan & Cromwell (for the Bankers), and Simpson, Thatcher and Bartlett (for the Company).

PENN-OHIO EDISON COMPANY

(Controlled by Penn-Ohio Securities Corporation)

History—Incorporated in June, 1923, in Delaware. Through ownership of Common stocks it controls a group of companies supplying the entire electric power and light, street and interurban railway business in an important industrial district of eastern Ohio and western Pennsylvania. The population of the territory served, which includes the cities of Youngstown and Salem, Ohio and Sharon, New Castle and Farrell, Pa., is estimated at over 410,000. More than 90% of the net earnings is derived from electric power and light business.

Control of the Penn-Ohio System, as now simplified, centers in Penn-Ohio Edison Company, owning the Common stocks of the four major subsidiary units of the System. These are:

The Pennsylvania-Ohio Power & Light Company, which owns or leases the major power generating facilities of the System, distributes electricity in the Ohio territory of the System and sells electricity at wholesale to Pennsylvania Power Company. The distributing territory of The Pennsylvania-Ohio Power & Light Company includes Youngstown, Hubbard, Girard, Salem and Struthers.

Pennsylvania Power Company owns two reserve power generating stations and purchases practically all of its energy requirements from The Pennsyl-

vania-Ohio Power & Light Company for distribution in the Pennsylvania territory of the System. This territory includes New Castle, Sharon, Farrell and Greenville. In addition Pennsylvania Power Company supplies electricity at wholesale to a group of utility properties operating to the south of its distribution territory.

Ohio River Edison Company owns the new Toronto Power House and leases this property for operation to The Pennsylvania-Ohio Power & Light Company.

Pennsylvania-Ohio Public Service Corporation controls practically all of the transportation properties of the System.

Acquisition of Stock of The Northern Ohio Power Co. Approved—Stockholders on May 1, 1928, approved the Plan and Agreement of Reorganization, dated April 12, 1928, under which Penn-Ohio Edison Co. is to acquire at least a majority of the capital stock of The Northern Ohio Power Co. through an exchange of stock whereby for each share of stock of The Northern Ohio Power Co. there will be delivered 2-3 share of Common stock of Penn-Ohio Edison Co. and 1-3 of an Option Warrant, Series "B," entitling the holder to purchase 1 share of Common stock of the Penn-Ohio Edison Co. as such Common stock may be constituted at the time of the exercise thereof, at $50 per share on or prior to Dec. 31, 1928; at $55 per share during the calendar year 1929; and at $60 per share thereafter, but on or prior to the expiration date of the Option Warrant, Nov. 1, 1935.

Common stock and Option Warrants, Series "B," will only be issued for full shares and full Option Warrants, Series "B", and scrip certificates will be issued for fractions. Scrip certificates will not bear dividends or entitle the holders to any rights as stockholders.

The plan was to become operative upon deposit of 70% of the capital stock of The Northern Ohio Power Co. on or before May 15, 1928, but the Penn-Ohio Edison Co. reserved the right to declare the plan operative upon deposit of at least a majority of the stock of The Northern Ohio Power Co. Accordingly the plan was operative on May 15, 1928, a majority of the stock having been deposited. Holders of the capital stock of The Northern Ohio Power Co. were requested to deposit their stock certificates with the Bankers Trust Co., New York, N. Y., Depositary under the Plan on or before June 11, 1928.

In furtherance of the above plan stockholders of the Penn-Ohio Edison Co. on May 1, 1928, increased the authorized number of Common shares from 500,000 to 2,000,000.

OHIO RIVER EDISON COMPANY

(Controlled by Penn-Ohio Edison Co.)

History and Property—Incorporated June 26, 1923 n Del. under a perpetual charter. In March, 1925, Company completed construction of a modern steam electric power plant on the Ohio River near Toronto, Ohio, with an initial installed capacity of 88,000 h.p. In November, 1927 construction of a third turbine unit

of 44,000 h.p. was completed. A fourth turbine unit of 44,000 h.p. was expected to be ready for operation about Sept. 1, 1928. The completion of this work will bring the capacity of the Toronto Power Station up to 176,000 h.p., exactly half of the ultimate capacity of the station. The output is distributed by The Pennsylvania-Ohio Power & Light Co. in the important industrial district lying between Pittsburgh and Cleveland, centering at Youngstown, Ohio, and Sharon and New Castle, Pennsylvania. The new plant is connected with the transmission lines of The Pennsylvania-Ohio Power & Light Co., near Boardman, Ohio, by a high voltage steel tower transmission line of approximately 39 miles, which has been constructed and is owned by a subsidiary of Ohio River Edison Co., **The Ohio River Transmission Co.** The Ohio River Edison Co. has also constructed a substation at the new plant.

The plant, transmission line and substations have been leased to The Pennsylvania Ohio Power & Light Co. for a term of 999 years at an unconditional annual rental, which, after deducting all charges, will leave a balance for dividends on the Common stock. The lessee shall maintain the plant, transmission line and substations in good condition and shall pay all taxes assessed against them.

CAPITAL STOCK

Authorized, 600,000 shares Common of no par value (increased from 300,000 shares Oct. 26, 1927, $6,000,000 7% cumulative guaranteed Pfd., par, $100, and $6,000,000 6% Preferred (authorized Oct. 26, 1927); outstanding, 230,000 shares Common and $4,600,000 7% guaranteed Pfd. The entire Common stock outstanding is owned by the Penn-Ohio Edison Co., which Company unconditionally guarantees the dividends and liquidation price of the Pfd. stock by endorsement.

Preferred Stock Provisions—The Pfd. stock has preference as to assets and dividends and is entitled in the event of dissolution or liquidation, whether voluntary or involuntary, to $110 per share and unpaid and accrued dividends before any amount shall be paid to the holders of Common stock. Redeemable as a whole on any dividend date, on at least 30 and not more than 60 days' notice, at $110 per share and accrued dividends. The sole voting power is vested in the Common stock, but in the event of default in payment of any one quarterly dividend on the Pfd. stock for a period of 30 days, and so long as such default shall continue, voting power shall pass from the Common stock to the 7% cumulative guaranteed Pfd. The Certificate of Incorporation provides that, without the consent or affirmative vote of holders of 70% of the Pfd. stock, the company shall not (a) lease its property and the property of its subsidiary for a net rental less than twice the annual interest charges on all the bonds of the company then outstanding, and which, after deducting the annual interest requirements for such bonds and any sinking fund obligation on account of the same, shall leave a sum less than twice the annual dividend requirements of the Pfd. stock then outstanding; (b) consent to the cancellation of such lease or leases to be made nor to any reduction in the rent thereof to an amount less than the minimum in the foregoing statement; (c) incur any debt other than that represented by the First Mortgage Sinking Fund Gold Bonds in excess of the aggregate sum of $500,000 at any one time outstanding, and that the company shall not amend its Certificate of Incorporation in any particular except that with the consent of such percentage of the holders of Pfd. stock as is required by law (now 51%), the authorized Pfd. stock may be increased to $15,000,000.

The issue of Pfd. stock, however, is subject to the condition that the par value of Pfd. stock in excess of $3,000,000 at any time outstanding shall not exceed 45% of the principal amount of First Mtge. bonds issued subsequent to Dec. 31, 1923, for additions, betterments, improvements and new construction, and that simultaneously with or prior to the issue of Pfd. stock in addition to $3,000,000 par value thereof, the company shall have received from the sale of Common stock in excess of 150,000 shares an amount in cash equal to at least 50% of the par value of such additional Pfd. stock issued and to be issued.

PENNSYLVANIA POWER COMPANY

(Controlled by Penn-Ohio Edison Co.)

History and Property—Incorporated in 1890, as the Shenango Valley Electric Light Co.; name changed to present title in 1926. Controls **Ellwood City Hydro-**

electric Company and **Boston Mining Company.** The Company acquired the entire electric properties located in Pennsylvania of the Penn-Ohio Edison Company's system with the sole exception of Ellwood City Hydroelectric Company, of which it owns all of the outstanding securities. Electric power and light service is supplied without competition to an area of about 840 square miles in Pennsylvania, including the cities of New Castle, Farrell, Sharon, Greenville, Mercer and Sharpsville. The total population served exceeds 150,000.

Pennsylvania Power Company is exclusively an electric subsidiary operating in the Pennsylvania territory of the System and purchases the bulk of its energy from The Pennsylvania-Ohio Power & Light Company. At Greenville, however, it owns a steam electric central station of 3,360 h.p. capacity which is held in reserve for emergency service and, at Ellwood City, a water power plant of 1,675 h.p. which operates economically during a part of the year when the water supply is adequate.

The high tension transmission lines of the Company total 145 miles and include the important interconnection of the Penn-Ohio System with Duquesne Light Company, while the distribution lines aggregate over 600 miles serving about 28.900 electric customers.

Penn-Ohio Edison Co. owns all the Common stock.

FUNDED DEBT

(1)

$3,800,000 FIRST MORTGAGE GOLD BONDS, 5% SERIES OF 1956; DUE JULY 1, 1956.

Dated July 1, 1926.

Interest Payable—January and July 1, at office or agency of Company in New York City.

Denominations—Coupon, $500 and $1,000, interchangeable; fully registered $1,000 and $5,000. Coupon bonds in denominations of $1,000 and fully registered bonds interchangeable.

Trustee—The National City Bank of New York.

Provisions of Issue—Issued $3,800,000 5% Series of 1956. Mortgage provides for issuance of bonds thereunder in series bearing same or different rates of interest, dates, maturities, redemption provisions and such other distinguishing features and provisions as may be determined by Directors, subject, however, to restrictive provisions of mortgage. The mortgage will also provide that additional bonds of 5% series of 1956, or other series, may be issued thereunder (a) for refunding an equal principal amount of bonds of any series, or prior lien bonds; (b) for cash; (c) to not exceeding 75% of cost or fair value, of property additions, to properties of Company and/or its subsidiaries. Under terms of mortgage "subsidiary company" shall include Ellwood City Hydroelectric Co. and any other company all of whose bonds, except as provided in the mortgage, and all of whose stock, shall be owned by Company and pledged under mortgage. No bonds may be issued against property of a subsidiary corporation unless not less than an equal principal amount of mortgage bonds of said subsidiary corporation are simultaneously pledged with Trustee. Additional bonds may not be issued except for refunding purposes, unless combined net earnings of Company and its subsidiaries for twelve consecutive months within fifteen calendar months immediately preceding date of application for issue, shall have been at least equal to twice annual interest requirements on all bonds issued and outstanding under mortgage, including those proposed to be issued, and on all prior lien bonds, but excluding bonds to be concurrently cancelled, of Company and its subsidiaries. Not more than 15% of such net earnings shall consist in aggregate of (a) net non-operating income; (b) net income derived from properties not directly subject to lien of mortgage or to lien of a subsidiary corporation mortgage all bonds outstanding under which are owned by Company and pledged under mortgage.

Purpose of Issue—These bonds, together with $6.60 Pfd. stock and Common stock, were issued to pay for constituent properties, to cancel indebtedness of Company and to reimburse Company for construction expenditures.

Callability—Subject to call at any time, in whole or in part, on at least 30 days' notice, prior to July 1, 1931, at 105; on July 1, 1931 and thereafter prior to July 1, 1935 at 104½; on July 1, 1935 and thereafter prior to July 1, 1940 at 104; at ¼% less during each succeeding year prior to July 1, 1955, and, on July 1, 1955 and thereafter prior to maturity at 100, plus accrued interest in each case.

Security—Secured by a direct first mortgage on entire fixed assets of Company and by a first lien, through pledge of all outstanding securities, on properties of the Ellwood City Hydroelectric Co.

Tax Provisions—Company pays Normal Federal Income tax up to 2%; Pennsylvania 4 mills tax, and Massachusetts income tax up to 6%, refundable.

Legal Opinion—Winthrop & Stimson, New York.

Original Offering—First publicly offered ($3,800,000) in June, 1926, at 98 and interest, to yield 5.13%, by Bonbright & Co., Inc., Eastman, Dillon & Co., New York, and Harper & Turner, Philadelphia.

PENNSYLVANIA-OHIO PUBLIC SERVICE CORPORATION

(Controlled by Penn-Ohio Edison Company)

History and Property—Incorp. Aug. 25, 1927, in Nev. ntrols practically all the transportation properties of e Penn-Ohio System. The Company's operating bsidiaries are: The Akron-Youngstown Bus Com- ny; Cleveland-Mahoning Valley Coach Company; ie East End Traction Company; New Castle Electric reet Railway Company; The New Castle and Lowell ilway Company; The New Castle Traction Com- ny; Pennsylvania and Mahoning Valley Rail- y Company; The Pennsylvania-Ohio Coach Lines mpany; The Pennsylvania-Ohio Tourist Company; ie Youngstown Municipal Railway Company; The est End Traction Company.

The transportation service furnished by the Penn- io System is supplied principally by the above med operating subsidiaries of the Pennsylvania-Ohio blic Service Corporation. The service so rendered nsists of both electric railway and bus facilities in the ies of Youngstown, New Castle and Sharon. Elec- c interurban railway lines traverse the territory m northwest to southeast from Leavittsburg rough Warren, Niles, Girard, Youngstown, Camp- ll, Struthers and Lowellville to New Castle. A cond route extends northeast from Youngstown to aron. DeLuxe interurban motor coaches operate tween important cities of the Penn-Ohio territory d extend their service to Akron and Cleveland.

The major portion of the System's investment in nsportation facilities is centered at Youngstown here the operations are conducted under a "service cost" franchise. A franchise of this character per- its adjustment of the rate of fare at reasonable in- rvals so that revenues may cover the cost of pro- ding the transportation service. As defined in the anchise, "cost" is understood to include a fair re- rn (7%) on the value of the property devoted to nsportation service.

Operates a total of 116 miles of track. At Dec. 31, 27, the System had 118 buses and interurban coaches.

A new fare schedule became effective Feb. 26, 1928, in Youngstown. Under the new rate cash fares are advanced to 10 cents with six tickets for 50 cents, free transfers and a weekly pass costing $1.50. This compared with previously existing rate of 8 cents cash, seven tickets for 50 cents, 1 cent for transfer and no weekly pass.

Management—The management of the subsidiary companies is supervised (under the direction and control of the respective boards of directors of the Companies) by Henry L. Doherty & Co., New York.

Subsidiary Corporations—The more important public utility operating subsidiaries (owned through Cities Service Power and Light Company, organized to acquire the Common stocks, formerly owned by Cities Service Company, of its principal public utility properties) are the Public Service Company of Colorado (a merger of several companies, including The Denver Gas & Electric Light Company), The Ohio Public Service Company, The Toledo Edison Company, (a subsidiary of Toledo Traction Light and Power Company), The Empire District Electric Company, and St. Joseph Railway, Light, Heat & Power Company. Among the larger cities served by these and other subsidiaries are Toledo, Sandusky, Warren, Massillon, Elyria, Lorain, Alliance and Mansfield, Ohio; Denver, Pueblo, Boulder and Greeley, Colo.; St. Joseph, Joplin and Sedalia, Mo.; Spokane, Wash.; Knoxville, Tenn.; Durham, N. C.; Bartlesville, Okla.; Bristol, Va.-Tenn.; Danbury, Conn.; and Cheyenne, Wyo. These localities represent a wide diversity of industrial and agricultural activities which tends to stabilize the earning power of the group as a whole.

The principal oil subsidiary is the Empire Gas and Fuel Company (Delaware) which through its subsidiary companies, comprises one of the most important producers of high grade refinable crude oil in the country and in addition owns and operates a very important natural gas system. Its oil properties are located principally in what is commonly called the Mid-Continent field in Kansas, Oklahoma and Texas, and the natural gas business is conducted principally in Kansas, Oklahoma and Missouri. Its business combines the four essentials which constitute a complete unit in the oil industry, namely: Production, transportation, refining and marketing, and the natural gas operations include production and trunk line distribution to numerous markets. The Company's reserves of oil and gas lands are among the largest under any single management in the United States. The following are the subsidiary companies of Empire Gas and Fuel Company (Delaware): Cities Service Gas Company, American Pipeline Co., Empire Oil & Refining Company, Cities Service Oil Co. (Delaware), Empire Gas & Fuel Co. (Maine), Empire Pipeline Co., New Oil Processing Co., Indian Territory Illuminating Oil Co., Delmar Oil Company, Osage Distributing Co. Osage-Producers Gas Co., Pawhuska Oil & Gas Co. and Westerly Oil Company.

Crew Levick Co. operates two refineries having a present capacity of 6,000 bbls. per day; and operates about 100 tank and service stations in 7 states.

All refining subsidiaries, located in Pennsylvania Oklahoma, Texas and Massachusetts, have a daily capacity of 36,500 barrels of crude oil, while total storage capacity is approximately over 20,000,000 barrels.

Acquisitions in 1927—During 1927 the established policy of expanding present properties by acquisition of other systems in adjoining territory was carried forward in a substantial way.

DIVIDENDS

Preferred Stock—Dividends on the $6 cumulative Pfd. stock commenced with date of organization Sept. 2, 1910 and were paid monthly at the rate of $6 per annum until Aug. 1, 1914. Beginning with the dividend payable Sept. 1, 1914, payments were deferred but were resumed on Feb. 1, 1916. On Dec. 31, 1915, the Company issued to Pfd. stockholders, in lieu of cash, warrants for Convertible Debenture 5% bonds, series A, in principal amount equivalent to 9% of their holdings, thereby liquidating the accumulated dividends. Dividends were regularly paid on Pfd. stock from Feb. 1, 1916 through June 1, 1921. Beginning with July 1, 1921 and continuing through August 1, 1922, dividends were paid at the rate of $6 per annum in scrip. The company resumed cash dividends on the Pfd. Sept. 1, 1922, after all scrip theretofore issued as dividends on stock had been redeemed. Dividends on the Pfd. stock have been paid regularly thereafter to date in cash at the rate of $6 per annum. Dividends on Pfd. stock are payable on the first day of each month to stockholders of record of the 15th day of the preceding month.

Holders of the Pfd. stock were given the option of accepting for the redemption of scrip dividends either cash or debenture bonds known as 8% Convertible Gold Debentures, Series E.

Preference B and Preference BB Stocks—The initial dividend on Preference B was paid Jan. 1, 1920 and on the Preference BB Nov. 1, 1922. Beginning July 1, 1921 and continuing through Sept. 1, 1922, dividends were paid at the rate of 60 cents per annum in scrip. The company resumed cash dividends on the Preference "B" stock beginning Oct. 1, 1922, after all scrip theretofore issued as dividends on the stocks had been redeemed. Dividends on the Pref. stocks have been paid regularly monthly thereafter to date in cash at the rate of $6 on the Preference "BB" and 60 cents on the Preference "B" per annum. Dividends on the Pref. stocks are payable on the first day of each month to stockholders of record of the 15th of the preceding month.

Holders of Preference "B" stock were given the option of accepting for the redemption of scrip dividends either cash or debenture bonds, known as 8% Convertible Gold Debentures, Series E.

Common Stock—Cash dividends on the Common stock began with the date of organization, Sept. 2, 1910 and were paid monthly up to and including July 1, 1914, at the following annual rates: 1910, 3%; 1911, 3%; 1912, 4%; 1913, 5%; 1914, 6% (first six months). Dividends were then suspended until Jan. 1, 1916. At this time the company issued to stockholders, warrants for Convertible Gold Debenture 5% Bonds, Series A, in the principal amount of 9% of their holdings. On July 1, 1916, a dividend of 3% in similar warrants was paid. From Aug. 1, 1916 up to and including June 1, 1921, dividends were paid in cash on the Common stock at the rate of 6% per annum. Beginning July 1, 1921 and up to and including Feb. 1, 1925, dividends were paid in cash scrip at the rate of 6% per annum. On March 1, 1925, dividends were resumed (after all scrip had been redeemed) at the rate of 6% per annum and have been paid regularly in cash to date.

On Sept. 1, 1916, a dividend of 2% in Common stock was paid, and on Dec. 1, 1916, a dividend of 4% in Common stock was paid. During 1917, the company declared a dividend of 6% payable in Common stock; in 1918, 9% in Common stock and 1919, 12% in Common stock. On February 1, 1920, a dividend of 1¼% in Common stock was paid placing the stock dividend at an annual rate of 15% which was continued until Feb. 1, 1925. From July 1, 1921, up to and including Feb. 1, 1925, the stock dividend was paid in stock scrip. On March 1, 1925, all stock scrip was redeemed. Since that time stock dividends have been paid monthly at the rate of 6% per annum.

Dividends on the Common stock are payable on the first day of each month to stockholders of record on the 15th day of the preceding month.

CITIES SERVICE BANKERS' SHARES
(Representing Cities Service Company Common Stock)

Under an Agreement with Bankers' Trust Co., New York, Depository, dated March 1, 1919, there were de-

posited 30,000 shares, par value $100 each, of Cities Service Company Com. stock. The agreement provides, among other things, for the issuance of non-voting Certificates, in registered form, to be known as Bankers' Shares, against the Cities Service Company Common stock so deposited, each such Bankers' Share representing a one-tenth interest in a share of Cities Service Company Common stock of $100 par value.

The agreement provides that Cities Service Company or Henry L. Doherty & Co. shall have the exclusive right to deposit additional shares of Common stock from time to time against which additional Bankers' Shares may be issued.

Stockholders of Cities Service Company at annual meeting held April 28, 1925 changed the par value of company's Common stock from $100 to $20 a share each, five new shares being issued in exchange for one old share. Cities Service Bankers' shares in denomination of $10 are exchangeable on the basis of two shares for one share of Cities Service Company's stock of the par value of $20 per share.

The agreement provides for the sale of all stock dividends received on the deposited Cities Service Company Common stock, and the disbursement of the proceeds from such sale, together with the cash dividends received on the deposited stock, in the form of a cash distribution to the holders of Bankers' Shares. Distributions to holders of Bankers' Shares are payable, under the present dividend policy of Cities Service Company, on the first of each month to holders of record on the fifteenth day of the preceding month.

$18,902,200 REFUNDING 6% GOLD DEBENTURE BONDS; DUE JANUARY 1, 1966

Dated May 1, 1925.

Interest Payable May and November 1 in New York and Chicago.

Denominations—Coupon $100, $500 and $1,000 principal may be registered.

Trustee—Chatham Phenix National Bank and Trust Co., New York.

Provisions of Issue—Issued, $25,000,000; outstanding, Dec. 31, 1927, $18,902,200. Issued to refund debentures of other series, bearing higher interest rates and funded debt of subsidiaries.

Additional debentures of this or other funded debt of company may not be issued, unless the net earnings for twelve consecutive months within the fifteen calendar months immediately preceding such issuance shall have been not less than two times the annual interest charges on the entire funded debt of company then outstanding and including those proposed to be issued, all as defined in the indenture.

Callability—Subject to call as a whole or in part on any interest date on 30 days' notice at 104 on or before May 1, 1962, and thereafter at 1% less each year or part thereof, plus accrued interest in each case.

Sinking Fund—Agreements heretofore made provided for sinking funds, for benefit of these Debenture bonds, aggregating $500,000 per annum operating $125,000 quarterly, and Supplemental Agreement of Feb. 1, 1926, contained further provisions under which such sinking funds upon issuance of $5,000,000 principal amount of Debenture bonds issued in June, 1926 were increased by an additional $125,000 per annum operating $31,250 quarterly beginning Aug. 1, 1926. These funds, aggregating $625,000 per annum, are to be used for retirement of these Debenture bonds, by purchase, if obtainable at not exceeding par and interest. All such bonds so purchased must be cancelled. Any such quarterly sinking fund amounts which are not so applied at end of any quarter revert to Company.

Security—These bonds are a direct obligation of company, which, under the terms of the indenture covenants that no additional Debentures of this issue or other funded debt of company may be issued unless the net earnings of company for 12 consecutive calendar months within the 15 calendar months immediately preceding such issuance, shall have been not less

an two times the annual interest charges on the entire funded debt of company then outstanding in the hands of the public and on any then proposed to be issued.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania four mills tax, Connecticut four mills tax, Massachusetts Income tax on the interest up to 6%, Maryland 4½ mills Securities tax and California tax up to four mills refundable to resident holders in these States on application to company within 60 days.

(3)

$5,863,300 REFUNDING 5% GOLD DEBENTURE BONDS; DUE JANUARY 1, 1966

Dated March 1, 1927.

Interest Payable March and September 1 in New York, Chicago and San Francisco.

Denominations—Coupon, $100, $500 and $1,000; principal may be registered.

Trustee—Chatham Phenix National Bank & Trust Co., New York.

Provisions of Issue—Issued, $15,000,000 under agreement of May 1, 1925. Company agrees, among other things, that so long as any of these Debentures are outstanding no additional bonds, notes, debentures or other indebtedness of Company maturing more than one year from date of issue thereof, may be issued unless net earnings of Company for 12 consecutive calendar months within the 15 calendar months immediately preceding such issuance shall have been not less than two times the annual interest charges on the entire funded debt of Company then outstanding in the hands of the public and on any then proposed to be issued, all as defined and set forth in said Agreement.

Purpose of Issue—Company entered into an agreement that at least $15,000,000 total principal amount of Convertible Debentures and/or Debenture Bonds of Company issued and outstanding in the hands of the public as of Jan. 31, 1927, would be retired during 1927. The outstanding Series "B," "D" and "E" Debentures were called for payment April 21, 1927.

Callability—Subject to call as a whole or in part on any interest date upon 30 days' notice, at 103 on or before March 1, 1962 and thereafter at 1% less each year, or part thereof, to and including March 1, 1965, and thereafter at 100, plus accrued interest in each case.

Sinking Fund—The Agreement under which these Debenture bonds are issued provides for a sinking fund equivalent to $375,000 per annum, operating $93,750 quarterly beginning March 1, 1928, and for ratable increase thereof as additional Refunding 5% Gold Debenture bonds are issued. Such fund is to be used for the retirement of Refunding 5% Gold Debenture Bonds, by purchase, if obtainable at not exceeding par and accrued interest. All such bonds, so purchased, must be cancelled. Any quarterly sinking fund amounts which are not so applied at the end of any quarter revert to the treasury of the Company.

Security—These Debenture bonds are direct obligations of Company, not issued under a mortgage.

Tax Provisions—Company pays normal Federal Income Tax up to 2%. Pennsylvania 4 Mills Tax, Connecticut 4-Mills Tax, Massachusetts Income Tax on interest up to 6%, Maryland 4½-Mills Securities Tax, and California Tax up to 4 Mills refundable to resident holders in these states on application to the Company within 60 days.

Legal Opinion—Chadbourne, Stanchfield & Levy, and Frueauff, Robinson & Sloan, New York.

Original Offering—First publicly offered ($15,000,000) of which $14,000,000 were offered in February, 1927 at 91¾ and interest by A. B. Leach & Co., Inc. and Henry L. Doherty & Co., New York, etc.; Federal Securities Corp. and Pearsons-Taft Co., Chicago; and $1,000,000 were reserved for distribution in Europe by Heldring & Pierson, The Hague.

(4)

$50,000,000 CITIES SERVICE COMPANY 5% GOLD DEBENTURES; DUE APRIL 1, 1958

Dated April 2, 1928.

Interest Payable April and October 1, at agency of the company in New York City, Chicago or Boston.

Denominations—Coupon, $1,000; principal may be registered.

Trustee—The Equitable Trust Company of New York.

Purpose of Issue—The entire proceeds were used for the retirement of funded debt of the Company and for the retirement or acquisition of funded debt or Pfd. stocks of subsidiaries outstanding on Dec. 31, 1927, thereby effecting a substantial saving in interest and dividend charges.

Callability—Subject to call as a whole or in part on any interest date on 30 days notice at 105 through April 1, 1938, with a reduction in the redemption price of ½ of 1% at the beginning of each successive two year period thereafter including the two year period ending April 1, 1956, and at 100 thereafter until maturity plus accrued interest in each case.

Purchase Fund—Company agrees in the Indenture to make available semi-annually beginning April 1, 1929, funds sufficient to retire 1¼% of these debentures at the time outstanding, if obtainable during specified periods by purchase at or below 100% of the principal amount and accrued interest.

Security—Indenture provides, among other things, that the Company shall not pledge any of its securities owned without equally and ratably securing these debentures except in the case of purchase money liens and except in the case of pledge of certain assets in the ordinary course of business to secure current borrowings; and that the Indenture may be amended in certain respects with the consent of the holders of not less than 85% of the outstanding debentures.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania and Connecticut 4 mills tax, Maryland 4½ mills tax, California 5 mills tax, and Massachusetts Income Tax not exceeding 6% per annum, refundable to resident holders in these states upon application to the Company.

Original Offering—First publicly offered ($50,000,000) in April, 1927, at 98 and interest to yield 5.13%, by Halsey, Stuart & Co., Inc., Harris, Forbes & Co., National City Co., Bonbright & Co., Inc., E. H. Rollins & Sons, A. B. Leach & Co., Inc., Henry L. Doherty & Co., New York; Harris, Forbes & Co., Inc., Boston; Harris, Forbes & Co., Ltd., Montreal; Harris Trust & Savings Bank, Pearsons-Taft Co., and Federal Securities Corp., Chicago.

THE EMPIRE DISTRICT ELECTRIC COMPANY

(Controlled by Cities Service Power & Light Company)

History—Incorp. in Oct., 1909, in Kansas, as a consolidation of the Consolidated Light, Power & Ice Co. (which had acquired Missouri Ice & Cold Storage Co. and Southwest Missouri Light Co.), Joplin Light, Power & Water Co., both of Joplin, Mo., and Galena Light & Power Co., of Galena, Kansas. Has since acquired Columbus Electric Co., Weir City Light & Water Co., Spring River Power Co., Galena, Kan., Neosho Electric Light Co., Empire Electric Power & Supply Co., of Cathage, Mo. and Baxter Springs Electric Co. In 1922 merged The Empire District Electric Co. of Oklahoma (see 1922 Public Utility Manual, page 2169). Early in 1927, Company acquired the property of The Ozark Power & Water Co. (see 1926 Public Utility Manual, page 1444, or apply to our Information Department). Company formerly controlled the Webb City & Carterville Gas Co. and Carthage Gas Co., but the stock of both of these companies is now owned by Gas Service Company (see General Index).

The Empire District Electric Company supplies substantially all of the electric light and power requirements of the Empire District, embracing portions of Southwest Missouri, southeast Kansas and northeast Oklahoma. Electric light and power is supplied directly or indirectly to over 50 cities and communities in this territory having a population in excess of 163,000, including such cities as Joplin and Springfield, Mo.; Columbus, Kansas, and Picher, Okla. In addition, the company supplies electric current at wholesale to a number of public utility companies serving adjacent territory.

The power plants of the company have a total installed developing capacity of 82,760 k.w. of which approximately 15,050 k. w. is hydro-electric. The sales in 1927 were 215,621,360 k.w.h. to 22,890 consumers, as compared with sales in 1926 of 206,382,703 k.w.h. Company's properties are interconnected by 428.3 miles of high tension transmission lines, 498 miles of distribution lines and 42 sub-stations. The principal hydro-electric generating station has an installed capacity of 15,050 k.w. and the principal steam generating station is located at Riverton, Kansas, having a capacity of 66,500 k.w.

The company's most important franchises are unlimited in time and contain no burdensome restrictions.

(2)

$9,400,000 THE EMPIRE DISTRICT ELECTRIC COMPANY FIRST MORTGAGE AND REFUNDING GOLD BONDS, 5% SERIES; DUE MARCH 1, 1952

Dated March 1, 1927.

Interest Payable March and September 1, at office of Halsey, Stuart & Co., Inc., Chicago, and at the agency of the Company in New York.

Denominations—Coupon, $100, $500 and $1,000; interchangeable; principal may be registered.

Trustees—Central Union Trust Co., New York, and Concord Trust Co., Joplin, Mo.

Provisions of Issue—Authorized amount, not limited; issued, $9,400,000 5% Series. Additional bonds with the same or other provisions may be issued par for par against the deposit of cash or United States obligations or against the deposit of divisional bonds or to refund bonds of other series issued under the Trust Indenture, and to the extent of 75% of the expenditures made for additions and extensions and of the cost or fair value (whichever is less) of purchased property as set forth in the Indenture. Bonds may be issued for 75% of the expenditures made for stock of a subsidiary company, as defined in the Trust Indenture, for additions and betterments to its properties, and for 75% of the cost or fair value (whichever is less) of purchased properties acquired by a subsidiary, and to refund, par for par, the indebtedness of such subsidiary, provided that the total amount of bonds issued under the Trust Indenture in respect of any subsidiary together with the principal amount of all mortgage indebtedness upon such subsidiary shall not exceed 75% of the cost or fair value, whichever is less, of the properties of such subsidiary. No bonds are to be issued except for refunding purposes unless net earnings of the Company and any subsidiaries, as defined in the Trust Indenture, during the twelve consecutive calendar months ending within 60 days next preceding the date of application shall have been at least one and three-quarters times the annual interest charges on all divisional and subsidiary bonds outstanding and on all First Mortgage and Refunding bonds outstanding, including bonds proposed to be issued.

Purpose of Issue—Proceeds were used to retire or refund outstanding bonds, to reimburse the Company for capital expenditures heretofore made and for other corporate purposes.

Callability—Subject to call as a whole or in part on 60 days' notice at 105 less ¼ of 1% for each expired 12 month period from March 1, 1932, and at the principal amount during the last year, plus accrued interest in each case.

Maintenance and Depreciation Fund—Company covenants that no cash dividends will be paid on its Common stock unless there has been expended or reserved anually (cumulative) for maintenance and/or depreciation beginning with March 1, 1928, at least 12% of the gross electric operating revenue. This percentage will be subject to arbitration and adjustment at five-year intervals.

Improvement Fund—Trust Indenture obligates the Company to set aside in a special fund annually, on March 1, beginning with March 1, 1928, an amount equal to 2% of the principal amount of First Mortgage and Refunding bonds outstanding, which amount may be used for permanent improvements, additions or betterments to the properties (against which no bonds may be issued), or 1% for the purchase and retirement of any series of outstanding First Mortgage and Refunding bonds as provided in said Trust Indenture. All bonds so purchased and redeemed shall be cancelled. This provision shall not operate as a duplication of equal sinking funds operating on bonds now or hereafter pledged under the Trust Indenture.

Security—Secured by a first mortgage on the property owned by the Company prior to its acquisition of Ozark Power & Water Co., and by a direct mortgage on the balance of the property subject to the $1,442,600 divisional lien bonds described above. Through the pledge of $1,161,000 (over 43%) of said divisional bonds these bonds share ratably in the first mortgage on this latter property.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania, Connecticut, and California Personal Property taxes, not exceeding four mills and Massachusetts Income Tax on the interest not exceeding 6% per annum, refunded upon request within 60 days after payment.

Legal Investment For Savings Banks in Massachusetts, Connecticut, New Hampshire, Vermont, Maine and New Jersey.

Original Offering—First publicly offered ($9,400,000) in April, 1927, at 98½ and interest, to yield over 10%, by Halsey, Stuart & Co., Inc., Arthur Perry & Co., and A. B. Leach & Co., Inc., New York, etc.

THE OHIO PUBLIC SERVICE COMPANY

(Controlled by Cities Service Power & Light Company)

History—Incorporated Oct. 11, 1921, in Ohio, for the purpose of combining and connecting with high tension transmission lines, several public service properties in that State. The following properties were acquired: The Alliance Gas & Power Co.; The Lorain County Electric Co.; The Massillon Electric & Gas Co.; The Trumbull Public Service Co. and The Utilities Construction Co. (for statements of these several companies see 1921 Public Utility Manual). As of Feb. 1, 1922, acquired The Ashland Gas & Electric Light Co. and The Richland Public Service Co. (see 1922 Public Utility Manual). In Sept., 1924, acquired the properties of The Sandusky Gas & Electric Company, The Northwestern Ohio Railway & Power Company, The Port Clinton Electric Light & Power Company and The Central Ohio Gas Company (see 1923 Manual, pages 2079, 2081, 2082 and 1654 respectively, or apply to our Information Department). In 1925, acquired the Marblehead Power Co. In 1926 acquired The Bayard Electric Light Co., The New Franklin Electric Lighting Co., The Stark Electric Service Co., The North Brewster Light Co., the property of S. H. Bruce in Garrettsville and the property of The Lake Erie Power & Light Co. in Sheffield Village.

Business and Territory Served—Company is engaged in the business of producing, distributing and selling gas and electricity for lighting, heating and power purposes, supplying, without competition, electricity in Warren, Alliance, Massillon, Ashland, Mansfield, Elyria, Lorain, Sandusky, Port Clinton and 82 other communities in the vicinity of these cities in Ohio; also supplies electricity at wholesale to other companies supplying 126 communities around the same territory. Street railway service is supplied at Mansfield and interurban railway service from Mansfield to Shelby, and from Marblehead through Port Clinton, Oak Harbor, Genoa, and Ryan, to Toledo. In all, Company supplies directly or indirectly 248 communities, embracing a territory of over 4,100 sq. miles, with a total estimated population of 400,000.

The Company's properties includes steam electric generating stations located 1 each at Alliance, Warren, Massillon, Mansfield, Sandusky and Port Clinton and Lorain, with a combined installed generating capacity of 149,475 k.w. High tension transmission lines operating at 132,000 volts and under, connect Warren, Alliance, and Massillon, forming the eastern system and Mansfield, Ashland, Elyria, Lorain, Sandusky, and Port Clinton forming the western system. A 132,000 volt transmission line was completed from Canton to Massillon, Ohio, connecting eastern and western systems. A 132,000 volt transmission line from Sandusky to Toledo, interconnecting the Toledo Edison Company and the Ohio Public Service Company is under construction. Interconnection with other companies exist at Niles with The Penn-Ohio Power & Light Co. at Canton and Mansfield with The Ohio Power Co., at Lorain with The Cleveland Electric Illuminating Co., and at Wendt Siding with The Toledo Edison Co., pooling in all an electric generating capacity of more than 1,500,000 h.p. The transmission system consists of 512 miles of lines of which 128 miles is 132,000 volts.

Another proposed project is the construction of a ram-electric generating station in the coal fields on the Ohio River, with transmission lines to tie it into the completed system near Massillon. The plant site has already been purchased at Dilles Bottom, opposite Moundsville, W. Va. The design of the plant is now in progress and contemplates an initial installation of 15,000 h.p. of generating capacity with subsequent additions as conditions require to an ultimate capacity of 535,000 horse-power.

The railway department consists of 70.80 miles of owned track, 2.67 miles of track operated but not owned, and 41 cars. A bus system is also operated, and the total number of passengers carried in 1927 was 3,426,634.

Franchises—All franchises under which the Company operates contain no burdensome restrictions and in part are unlimited as to time. Application will be made in due course to extend the few franchises which expire prior to the maturity of the issue of First Mortgage & Refunding 7½% Gold bonds, Series "A."

CAPITAL STOCK

Authorized $15,000,000 Common and $25,000,000 First Pfd.; outstanding Dec. 31, 1927, $7,689,000 Common, $7,790,900 7% cumulative First Pfd. Series "A," and $5,640,500 6% Series cumulative First Pfd.; par, $100. The Cities Service Power & Light Company owns $7,687,300 (99.978%) of the Common stock.

Preferred Stock Provisions—The First Pfd. stock has preference for assets as well as dividends and in the event of voluntary dissolution or liquidation the 7% Series is entitled to receive $115 and accrued dividends per share, and the 6% Series is entitled to receive $110 and accrued dividends per share; both the 7% and 6% Series are entitled to par in the event of involuntary liquidation or dissolution. The First Pfd. stock is entitled to cumulative dividends at the rate of 7% and 6% respectively per annum.

No additional First Pfd. stock may be issued unless net earnings, after providing for maintenance, equal in the aggregate to 10% of gross electric earnings plus 7½% of gross gas earnings after deducting from such gas earnings the purchase price of purchased gas plus 18% of gross railway earnings, and after deducting interest charges, for twelve consecutive months out of the preceding sixteen months are at least twice the dividend requirements on the First Pfd. stock outstanding, and that proposed to be issued. The provision for maintenance mentioned above will obtain until Dec. 31, 1927. If, at that time or at three year intervals thereafter, it shall be deemed by the Company that the provision for maintenance then existing is in excess of reasonable maintenance, the Company may make request to the trustee of the largest bond issue of the Company outstanding to select an engineer who shall decide as to the amount of any reduction. The Company will be allowed 60 days after each of the above specified dates in which to file such request or apply for such arbitration.

No such First Pfd. stock shall be issued by the Company if such issuance shall reduce its net assets below an amount equivalent to $125 per share of First Pfd. stock. In determining the value of the property all property valued by a Public Service Commission or other public authority having jurisdiction shall be taken at the amount fixed by such public authority plus the cost of subsequent additions and improvements. The net assets shall be determined by deducting from the total assets of the Company all indebtedness ahead of such Preferred stock, as set forth in the certificate of stock. In addition the required approval of the Public Utilities Commission of Ohio to the issuance of such additional Pfd. stock must be obtained.

Such additional Preferred stock may be issued in series and the dividend rate, redemption provisions, par value, voting rights, etc. determined by the Board of Directors of the Company for each series.

In the event that twelve months' dividend payments shall be in arrears the holders of the First Pfd. stock, entitled to vote shall be entitled to vote on such a basis that the First Pfd. stock of all series, entitled to vote, voting as a class will have a voting power equal in the aggregate to the voting power of all other classes of stock, entitled to vote, in the aggregate. These voting rights shall continue only so long as the dividends are so in arrears. The vote of the First Pfd. stock, voting as a class, shall be determined by the majority vote, of such stock entitled to vote, at a meeting convened for that purpose at which at least two thirds in amount of such stock entitled to vote is represented.

Callability—The First Pfd. stock is subject to redemption in whole or in part on the first day of any month on thirty days' notice, the 7% at 115 and accrued dividends and the 6% at 110 and accrued dividends.

Transfer Agents—National Bank of the Republic, Chicago, and company's office, Cleveland, Ohio.

Registrars—Chatham Phenix National Bank and Trust Co., New York, The Guardian Trust Co., Cleveland, and Continental National Bank & Trust Co., Chicago.

Legal Opinion—Frueauff, Robinson & Sloan, New York (for the Company), and Henry M. Earle, New York (for the bankers).

Public Offering—$3,265,600 7% cumulative First Pfd. stock, Series "A" was publicly offered in Oct., 1922, at $94 per share to yield 7.40%, by A. B. Leach & Co., Inc., and Bodell & Co., New York, etc.; $3,000,000 additional publicly offered in Jan., 1925, at par and interest, by Dillon, Read & Co., and A. B. Leach and Co., Inc., New York, and Federal Securities Corp., Chicago.

Annual Meeting—Second Tuesday after first Monday in October, at Warren, Ohio.

Dated September 1, 1923.

$11,833,100 SERIES "B" 5½% BONDS; DUE SEPT. 1, 1954

Dated September 1, 1924.

Interest Payable March and September 1, at Halsey, Stuart & Co., Inc., Chicago and at company's office, 60 Wall Street, New York.

Denominations—Coupon bonds in interchangeable denominations of $100, $500 and $1,000; principal may be registered. Exchangeable for fully registered bonds, in denominations of $1,000 and multiples thereof. Coupon and registered bonds interchangeable.

Trustee—The Equitable Trust Co. of New York.

Provisions of Issue—Authorized amount unlimited. Issued and outstanding, $3,541,900 Series "A" 6s and $11,833,100 Series "B" 5½s. In addition $1,833,100 Series "A" 6s have been retired.

Additional bonds of series, bearing such rates of interest, maturing at such times, and having such other provisions as the directors at the time of issuance may determine, may be issued par for par against the deposit of cash or United States obligations or against the deposit of divisional bonds, or to refund bonds of other series issued under the trust deed. Bonds are also issuable to the extent of 75% of expenditures made for additions and extensions, and to the extent of 75% of the cost or fair value (whichever is less) of purchased property. Bonds may also be issued for 75% of the expenditures made for stock of a subsidiary company, for additions and betterments to the properties, and for 75% of the cost or fair value (whichever is less) of purchased properties, acquired by a subsidiary, and to refund, par for par, the indebtedness of such subsidiary, provided that the total amount of bonds issued under the trust deed in respect of any subsidiary together with the principal amount of all mortgage indebtedness upon such subsidiary shall not exceed 75% of the cost or fair value (whichever is less) of the properties of such subsidiary.

No bonds after the issue of Series "A" are to be issued for any purpose, except to refund another series theretofore issued under this Trust Deed, or to refund outstanding divisional and subsidiary bonds, unless the net earnings of the company and any subsidiaries, during the twelve consecutive calendar months ending within 60 days next preceding the date of application shall have been at least two times the annual interest charges on all divisional and subsidiary bonds outstanding, and on First Mortgage & Refunding bonds outstanding, including bonds proposed to be issued.

Callability—Subject to call as a whole or in part on 30 days' notice, Series "A" at 105 and accrued inter-

st to and including Sept. 1, 1933; thereafter decreasing ¼% each year to Sept. 1, 1952; and thereafter at par and accrued interest to maturity. Series "B" at 05 and interest to and including Sept. 1, 1932; thereafter decreasing 1% each expired 5-year period or fraction thereof, to Sept. 1, 1952, and thereafter at par and interest to maturity.

Maintenance and Depreciation—The Company covenants that no cash dividends will be paid on its Common stock unless there has been expended or reserved annually (cumulative) for maintenance and/or depreciation, beginning with Sept. 1, 1923, at least 12% of the gross operating revenue from electric department, 10% of that from the gas department, 7½% of that from the heating department and 20% of that from the street railway department. This maintenance and depreciation covenant is subject to arbitration and adjustment at five-year intervals.

Improvement Fund—There is to be set aside in a special fund annually, beginning with Sept. 1, 1923, an amount equal to 2% of the principal amount of First Mortgage and Refunding Mortgage bonds outstanding which amount may be used for permanent improvements, additions or betterments to the properties (against which no bonds may be issued), or an amount equal to 1% of the principal amount of such bonds to be used for the purchase and retirement of any series of outstanding First Mortgage and Refunding Bonds. This provision shall not operate as a duplication of equal sinking funds operating on bonds pledged under the trust deed.

Security—Secured by a first mortgage lien on the steam generating station at Valmont and transmission lines connecting this station with other stations and a direct mortgage lien on substantially all of the remainder of the company's properties now owned or hereafter acquired, subject to $18,221,300 divisional bonds outstanding with the public. In addition, $3,589,000 of divisional bonds which share in the First Mortgage Lien covering the most important of the company's physical properties, are pledged as further security for First Mortgage & Refunding bonds, and any divisional bonds hereafter issued (not including outstanding divisional bonds of companies that may be hereafter acquired) must be likewise pledged.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania Four Mills Tax, Connecticut Four Mills Personal Property Tax and Massachusetts Income Tax, not exceeding 6%, refunded.

Original Offerings—$5,000,000 Series "A" 6s first publicly offered in October, 1923 at 93 and interest, yielding about 6.55% by Halsey, Stuart & Co., Inc., and A. B. Leach & Co., Inc., New York, etc.; $10,000,000 Series "B" 5½s first publicly offered in September, 1924 at 93 and interest, yielding over 6%, and $1,500,000 Series "B" 5½s in Jan. 1926, at 96½ and interest, yielding over 5¾%, by the same bankers.

THE TOLEDO EDISON COMPANY

(Controlled by Toledo Traction, Light & Power Co.)

History—Incorporated July 1, 1901, in Ohio, under the name of The Toledo Railways & Light Co., as a reorganization of The Toledo Traction Co. On June 1, 1907, absorbed the property of The Toledo Gas, Electric & Heating Co., which succeeded to the properties and franchises of The Toledo Heating & Lighting Co., The Citizens Gas Light Co., and the Toledo Gas Light & Coke Co. In October, 1921, acquired the generating

ation and other property of the Acme Power Co. ee 1921 Public Utility Manual, page 1582) and anged its name to The Toledo Edison Company. In ept., 1924, acquired the properties of The Defiance as & Electric Company, The Swanton Light & Power ompany (see 1924 Manual, pages 1513 and 1514), and he Holgate Light & Power Company. During 1926, ompany acquired The Beverly Service Co., The Ore- on Power Co., The Jewell Electric Co., The Dixie ight & Power Co., The Northwestern Light & Power o., that portion of the distributing system between oledo and Wendt Siding east of Toledo, formerly perated by the Ohio Public Service Co. and the sys- m of Arps & Long, all of which companies were rmerly supplied wholesale. Effective March 1, 1927 bsorbed The Toledo Suburban Electric Co., and on ne 1, 1927, acquired all electric property of the oledo, Ottawa Beach & Northern Ry. Co. in Ohio.

Business and Territory—The company does the en- re commercial electric light and power business in oledo, Ohio, and certain suburbs, serving directly a opulation in excess 325,000, and also supplies elec- ic power at wholesale to companies serving the eighboring communities, the total population thus erved directly and indirectly being estimated to ex- ed 450,000. In addition, the company does the arti- cial gas distributing business and a hot water heat- g business in Toledo. The company no longer owns r operates any street railway property, although it supplying at wholesale, under a long-term contract, ll the power required by The Community Traction Co. which now owns and operates the electric street railway properties in Toledo, formerly owned by The Toledo Rys. & Light Co

Toledo Edison power is distributed radially in all directions from Toledo, 20 miles north, 65 miles west, 72 miles south and 50 miles east.

Property—Company owns and operates two large electric generating stations in Toledo, having a total installed generating capacity of 132,130 k.w. The Acme Power Plant, which has a present installed capacity of 70,000 k. w., is designed for an ultimate generating capacity of from 200,000 to 300,000 k. w. and is planned to be eventually the main source of supply of electric power for Toledo and vicinity. A contract has been entered into for the supplying of power to the Ohio Public Service Co., via the lines of the Ohio Power Co. with a tie in at Pemberville, Ohio. A steel tower line encircles the city, carrying energy to the large industrial and domestic customers on the outskirts.

The electric distributing systems are modern and adequate, the business district being served through an underground system. Company has 174 miles of transmission system and 1,066 miles of distribution system. Heating system comprises three heating plants with an installed boiler capacity of 6,836 h.p., serving an area of 3 sq. m., involving approximately 815 buildings with a connected radiation demand of 910,455 sq. ft. These three plants pump over 2,000,000,000 gallons of water in a heating season.

CITIES SERVICE GAS COMPANY

(Controlled by Empire Gas and Fuel Company Delaware)

History and Property—Incorporated April 26, 1927 in Delaware, successor by change of name to Empire Natural Gas Co. Company acquired, directly or through subsidiaries, the entire gas pipeline system and substantially all the other natural gas properties formerly owned by Empire Gas and Fuel Company (Delaware) and subsidiaries, except Indian Territory Illuminating Oil Company (for statements of these companies see General Index).

These combined properties constitute one of the largest gas pipeline systems in the United States. The system consists of over 2,700 miles of pipelines and 13 compressor stations. Gas is sold to local companies serving over 135 cities and communities, including Kansas City and Joplin, Mo.; Bartlesville, Okla.; and Kansas City, Leavenworth, Atchison, Hutchinson, Ottawa, Topeka and Wichita, Kan. Gas so handled averages more than 118,000,000 cubic feet daily.

Management—The management of Cities Service Gas Company is supervised (under the direction and control of the Board of Directors of the Company) by Henry L. Doherty & Company.

CAPITAL STOCK

Authorized and outstanding, 250,000 shares Common stock of no par value. All owned except directors' qualifying shares, by Empire Gas and Fuel Company (Delaware).

FUNDED DEBT

$24,843,700 FIRST MORTGAGE PIPELINE 5½% GOLD BONDS, SERIES OF 1927; DUE MAY 1, 1942

Dated May 1, 1927.

Interest Payable May and November 1, at Halsey, Stuart & Co., Inc., Chicago, and at the agency of the Company in New York.

Denominations—Coupon bonds in interchangeable denominations of $100, $500 and $1,000; registerable as to principal and interchangeable with fully registered bonds of $1,000 and multiples.

Provisions of Issue—Authorized amount, not limited; issued, Series of 1927, $25,000,000. Indenture provides that while any bonds of the Series of 1927 are outstanding, additional bonds may only be issued to the extent of 70% of the cost or fair value, which-

ever may be less, of property additions and improvements (to be defined in the Indenture) made subsequent to Nov. 30, 1926, to the property of the company and only if the Indenture will be a first lien thereon; provided net earnings before depreciation and depletion, for 12 months out of the immediately preceding 14 months are equivalent to 2½ times the total annual interest charges on all outstanding bonds issued under the Indenture including those proposed to be issued, or that the average annual net earnings for 24 months out of the immediately preceding 26 months are equivalent to 2¼ times such annual interest charges, or that the average annual net earnings for 36 months out of the immediately preceding 38 months are equivalent to 2 times such annual interest charges. Such additional bonds may be issued in other series, with different maturity dates, interest rates, call provisions and other differences, and any series, including this series, may be refunded into another series of like principal amount, less deductions in certain instances, and when such additional bonds are issued, provision must be made so that the sinking funds of all series will aggregate at least 2½% per annum of the principal amount of the bonds to be outstanding upon the issuance of such additional bonds, or additional property will be acquired of twice that amount, or partly the one and partly the other.

Purpose of Issue—Proceeds were used by Empire Gas & Fuel Co. toward retirement of outstanding bonds.

Callability—Subject to call as a whole or in part (except for sinking fund and property replacement fund) at any time on 60 days' notice at the following prices: prior to May 1, 1932, at 103; thereafter and prior to May 1, 1937, at 102; thereafter and prior to May 1, 1941, at 101, and at the principal amount during the last year, plus accrued interest in each case. Redeemable through sinking fund and property replacement fund only, at any time on 30 days' notice at 101 prior to May 1, 1937, and thereafter at the principal amount, plus accrued interest in each case.

Sinking Fund—Company covenants to provide a sinking fund, beginning Nov. 1, 1927, and operating quarterly through Halsey, Stuart & Co., Inc. for the retirement of bonds of the Series of 1927, at the annual rate of 2½% ($625,000) of these bonds by purchase in the market at up to and including 101 prior to May 1, 1937 and thereafter at the principal amount, or call by lot for redemption at such sinking fund call price, on 30 days' notice, plus accrued interest in each case. Company has the right to anticipate its sinking fund obligation or to surrender bonds in satisfaction thereof.

Property Replacement Fund—Company covenants that while any bonds of the Series of 1927 are outstanding, it will provide a fund of not less than $375,000 per annum (in addition to the annual sinking funds), which shall be applied to: (1) The redemption of bonds of this series if such amount of this series is then outstanding, through purchase in the open market or redemption at the sinking fund call prices then in effect, or (2) the making of capital expenditures of the kind for which bonds may be issued, but which expenditures shall not thereafter constitute the basis for further issuance of bonds, or (3) temporary investment in assets to be pledged with the Trustee until applied as provided in (1) or (2). These requirements may be anticipated to accumulate a credit which may be drawn upon by the Company in any future period. If this fund should become in arrears no cash dividends may be paid by the Company on its Common stock until the deficiency is made up.

Security—Secured by a direct first mortgage lien on all the pipelines and compressor stations of the company owned and hereafter acquired (subject only to purchase money and existing liens, if any, on hereafter acquired property).

Tax Provisions—Company pays Normal Federal I come Tax up to 2%. Company agrees to reimbur resident holders upon proper request within 60 da after payment, for Pennsylvania, Connecticut ar California personal property taxes, not exceeding mills per annum on the taxable value, and for th Massachusetts income tax on the interest not excee ing 6% per annum.

EMPIRE OIL AND REFINING COMPANY

(Controlled by Empire Gas & Fuel Company) (Delaware)

History and Properties—Incorporated April 26, 1927, Delaware. Company was organized and acquired directly or through subsidiaries, substantially all the oil properties heretofore owned by Empire Gas and Fuel Company (Delaware) and its subsidiaries, except Indian Territory Illuminating Oil Company. Company controls Cities Service Oil Co. (Del.), Empire Gas & Fuel Co. (Maine), Empire Pipeline Co. and New Oil Processing Co. During 1927 acquired the American Eagle Oil Co., Empire Petroleum Co., Empire Refineries, Inc. (Del.), 59 Osage Oil Co., Midland Oil Co., and Steyner Oil Co. The business is a complete unit of the oil industry, including the four essentials—production, transportation, refining and marketing.

The oil producing properties are located principally in the States of Kansas, Oklahoma and Texas, including holdings in most of the important districts in the Mid-Continent Field, with over 3,200 wells, the gross production of which, during 1927, averaged 33,000 barrels of crude oil daily.

Four refineries, with a daily capacity of approximately 20,000 barrels of crude oil, are located at Ponca City, Okmulgee and Cushing, Oklahoma, and Gainesville, Texas.

Nineteen absorption and compression gasoline plants are operated, which produced 40,372,671 gallons of high grade gasoline during 1927.

Transportation of crude oil is provided through a subsidiary owning over 850 miles of oil pipe lines, connecting various producing wells owned and also wells of others with the above-mentioned refineries. Approximately 2,300 tank cars are operated under lease from affiliated companies.

Company owns 480 tank and gasoline service stations, located in 12 States, which distribute petroleum products. In addition, a well established and extensive wholesale business is conducted.

CAPITAL STOCK

Authorized and outstanding, 700,000 shares of no par value. All of the Common stock of Company, except directors' qualifying shares, is owned by Empire Gas and Fuel Company (Delaware).

FUNDED DEBT

$29,400,000 FIRST MORTGAGE AND COLLATERAL TRUST 5½% GOLD BONDS, SERIES OF 1927; DUE APRIL 1, 1942

Dated April 1, 1927.

Interest Payable April and October 1, at Halsey, Stuart & Co., Inc., Chicago, and at the agency of the Company in New York.

Denominations—Coupon bonds in interchangeable denominations of $100, $500 and $1,000; registerable as to principal and interchangeable with fully registered bonds of $1,000 and multiples.

Provisions of Issue—Issued, $30,000,000 5½% Gold Bonds, Series of 1927. The indenture provides that while any bonds of the Series of 1927 are outstanding, additional bonds may only be issued to the extent of 50% of capital expenditures in well drilling or acquisition of leaseholds and/or to the extent of 65% of the cost of other capital expenditures (defined in Indenture) made subsequent to November 30, 1926; provided, net earnings (defined in the Indenture) before depreciation and depletion, for 12 months out of the immediately preceding 14 months are equivalent to 4 times the total annual interest charges on all outstanding bonds issued under the indenture plus those proposed to be issued, or that the average annual net earnings for 24 months out of the immediately preceding 26 months are equivalent to 3½ times such annual interest charges, or that the average annual net earnings for 36 months out of the immediately preceding 38 months are equivalent to 3 times such annual interest charges.

As provided in the Indenture, such additional bonds may be issued in other series, with different maturity dates, interest rates, call provisions, and other differences, and any series, including Series of 1927, may be refunded into another series of like principal amount, less deductions in certain instances; and when such additional bonds are issued, provision must be made so that the sinking funds of all series will aggregate at least 3% per annum of the principal amount of the bonds to be outstanding upon issuance of such additional bonds, or additional property will be acquired of twice that amount, or partly the one and partly the other.

The Indenture contains provisions effective so long as any bonds of the Series of 1927 are outstanding, limiting borrowing by subsidiary companies under restrictions as therein stated; and titles to oil and gas leases and rights of way may be subject to farm mortgages.

Callability—Series of 1927 bonds are subject to call as a whole or in part (except for sinking fund and property replacement fund) at any time on 60 days' notice at the following prices: Prior to April 1, 1932, at 103 thereafter and prior to April 1, 1937, at 102; thereafter and prior to April 1, 1941, at 101, and at the principal amount during the last year, plus accrued interest in each case. Redeemable through sinking fund and property replacement fund only, at any time on 30 days' notice, at 101 prior to April 1, 1937, and thereafter at the principal amount, plus accrued interest in each case.

Sinking Fund—Company obligates itself to provide a sinking fund, beginning October 1, 1927, and operating quarterly through Halsey, Stuart & Co., Inc., for the retirement of bonds of the Series of 1927, at the annual rate of 4% ($1,200,000) of these bonds by purchase in the market at up to and including 101 prior to April 1, 1937, and thereafter at the principal amount or call by lot for redemption at such sinking fund call

price, plus accrued interest in each case. Company has the right to anticipate its sinking fund obligation or to surrender bonds in satisfaction thereof. It is calculated that through the operation of this sinking fund 58% of the bonds of the Series of 1927 will be retired before maturity.

Property Replacement Fund—Company covenants that while any bonds of the Series of 1927 are outstanding, it will provide a fund of not less than $2,000,000 per annum (in addition to the annual sinking funds), which shall be applied to: (1) The redemption of bonds, to be of the Series of 1927 if such amount of this series is then outstanding, through purchase in the open market or redemption at the sinking fund call prices then in effect, or (2) the making of capital expenditures of the kind for which bonds may be issued, but which expenditures shall not thereafter constitute the basis for further issuance of bonds, or (3) temporary investment in assets to be pledged with the Trustee until applied as provided in (1) or (2). These requirements may be anticipated to accumulate a credit which may be drawn upon by the Company at any future period. If this fund should become in arrears no cash dividends may be paid by the Company on its Common stock until the deficiency is made up.

Security—Secured (subject only to purchase money and existing liens, if any, on hereafter acquired property) by a direct first mortgage on all the fixed properties of Empire Oil and Refining Company, now owned and hereafter acquired and by a first lien upon all the stocks of subsidiaries now owned and hereafter acquired by Empire Oil and Refining Company. The Indenture contains special provisions designed to facilitate the conduct of the business for the release and disposition of leasehold properties for such consideration, if any, as the Company may determine.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%, and agrees to reimburse resident holders of these bonds, upon proper request within 60 days after payment, for the Pennsylvania, Connecticut and California personal property taxes, not exceeding four mills per annum on the taxable value, and for the Massachusetts Income Tax on the interest, not exceeding 6% thereof per annum.

Original Offering—First publicly offered ($30,000,000 Series of 1927) in May, 1927, at 96 and interest, yielding over 5.90% by Halsey, Stuart & Co., E. H. Rollins & Sons, A. B. Leach & Co., Inc., A. G. Becker & Co., Spencer Trask & Co., W. C. Langley & Co., Hallgarten & Co., Cassatt & Co., Paine, Webber & Co., Hill, Joiner & Co., Inc., and Henry L. GAS & ELECTRIC SECURITIES CO.

(Affiliated with Cities Service Co.)

History—Incorporated July 15, 1910, in Del., as an underwriting company to finance and deal in the properties and securities of public utility companies. Financed the organization of Cities Service Company, and also the development of several of Cities Service Company subsidiaries including the Massillon Electric & Gas Co., The Knoxville Gas Co., Cumberland & Westernport Electric Ry. Co., Bristol Gas & Electric Co., and The Summit County Power Co. Principal holdings of the Company are stocks of Cities Service Company.

CAPITAL STOCK

Authorized, $4,000,000 Common and $1,000,000 7% cumulative Pfd.; outstanding, $1,932,061 Common and $1,000,000 Pfd.; par, $100.

Preferred Stock Provisions—Pfd. stock has preference for assets and dividends, and is redeemable at 120 and accrued dividend.

Transfer Agent—H. L. Doherty & Co., New York.

Registrar—Bankers Trust Co., New York.

Annual Meeting—First Tuesday after first Monday in January.

Listed—Columbus Stock Exchange.

Dividends on Preferred Stock—Cash dividends on Pfd. stock were paid monthly up to July 1, 1914, at the rate of 7% per annum. Beginning with dividend payable Aug. 1, 1914, payments were deferred but were resumed July 1, 1916 when the Company paid a cash dividend of 14% to holders of record June 15, 1916, this constituting full payments of accumulated dividends. From that time up to and including June 1, 1921, dividends on Pfd. stock were paid in cash at the rate of 7% per annum.

On June 20, 1921, directors voted that future dividends on both classes of stock be paid at prevailing rates in scrip instead of cash and stock. This plan was followed until Jan. 15, 1926 when the Company redeemed all scrip theretofore issued as dividends on the Pfd. stock, and resumed the payment of cash dividends, at the rate of 7% per annum, payable monthly on the first.

Dividends on Common Stock—Cash dividends on Common stock were paid monthly at the rate of 6% per annum from Feb. 1, 1913 up to and including July 1, 1914. Beginning with dividend payable Aug. 1, 1914 payments were deferred but were resumed July 1, 1916 when the Company paid a cash dividend of 12%, thus liquidating deferred dividends. From that time up to and including June 1, 1921, cash dividends on Common stock were paid monthly at the rate of 6% per annum. Beginning July 1, 1921 up to and including Jan. 1, 1926 dividends were paid in cash scrip at the same rate. On Feb. 1, 1926 cash dividends, payable monthly, were resumed at the rate of 6% per annum after all scrip had been redeemed.

On Dec. 1, 1919, Company paid a dividend of 3% in Common stock; in 1920, 6%. On Jan. 1, 1921, a dividend of ¾ of 1% was paid, placing the stock dividend at an annual rate of 9%. From July 1, 1921 up to and including Jan. 1, 1926, dividends were paid monthly in non-interest bearing scrip at the rate of 75c par value stock scrip per share. Since Feb. 1, 1926, stock dividend paid at the rate of ¾% monthly in Common stock, all stock scrip having been previously redeemed. Payments monthly on the first.

FUNDED DEBT

$850,000 FIRST MORTGAGE SERIES "A" SINKING FUND GOLD 5½s; DUE NOVEMBER 1, 1945

Dated November 1, 1925.

Interest Payable May and November 1, at Franklin Trust Company of Philadelphia.

Denomination—Coupon, $1,000; principal may be registered.

Trustee—Franklin Trust Company of Philadelphia.

Provisions of Issue—Bonds of Series "A" shall be limited to $850,000. Bonds of additional series may be issued up to but not exceeding the total aggregate issue of all Series of $5,000,000. Additional bonds can only be issued subject to following restrictions: (a) Additional bonds shall be issued only against permanent improvements, extensions or additions, made after November 1, 1925, to the fixed properties of Company. No bonds shall be so issued for exceeding 75% of total cost or fair value, whichever is lower, of such additions, extensions or improvements. (b) No bonds shall be issued unless net earnings after depreciation and taxes for 12 consecutive months shall equal at least 1¾ times interest charges on the then outstanding bonds of all series and on the additional bonds proposed to be issued; (c) No bonds of any subsequent series shall mature prior to November 1, 1946. Proceeds of Series "A" bonds were to be used to retire entire outstanding funded debt of Company, to make payment for property of the Merchants' Telephone Company, and to provide capital for additions and extensions.

Callability—Series "A" bonds are subject to call as a whole or in part on 30 days' notice on November 1, 1930, and thereafter on any interest date to and including November 1, 1935, at 105 and interest, and thereafter at a price successively decreasing ½ of 1% each year until maturity when any bonds of this issue then outstanding will be payable at their face value.

Sinking Fund—Company will pay to the Trustee in each year commencing on and after November 1, 1927, 2% of total amount of Series "A" bonds to be used by Trustee for purchase of these bonds at not exceeding 105. If Trustee is unable to purchase bonds below 105 or if the current redemption price is less than said redemption price, the Trustee shall draw by lot sufficient bonds to exhaust said funds at 105 or at the redemption price. All bonds purchased for sinking fund shall be cancelled. Company may purchase Series "A" bonds in the open market and tender same to the Trustee in lieu of cash at current redemption price and accrued interest.

Security—Secured by a direct first mortgage on all present property of Company and the property of Merchants' Telephone Company acquired, including land, buildings, equipment, conduits and franchises, and by a direct lien on property hereafter acquired. On November 11, 1924, Ford, Bacon & Davis, Inc., reported the estimated Reproduction Cost New of the property of Commonwealth Telephone Company, as of September 30, 1924, to be not less than $1,300,000 and the Reproduction Cost New less Deterioration, not less than $1,050,000. After investigating all additions and retirements since that date of the Commonwealth property and estimating the value of the property of the Merchants' Telephone Company based on an inventory made in 1920, and additions and retirements since then, and taking present cost values, this engineering firm in a report dated October 15, 1925, has given the following estimates as of September 30, 1925: Commonwealth Telephone Company Reproduction Cost New, $1,455,000; Merchants Telephone Company Reproduction Cost New, $745,000—total, $2,200,000. NORTH AMERICAN LIGHT & POWER COMPANY

History—Incorporated in 1924 in Delaware as the rth American Light & Power Corporation, is succssor to a Maine Corporation of the same name; reganized under present title in August, 1926. As part of the reorganization plan, Company issued its $5,000,000 Series "A" 5½% Debentures. The plan ovided that a portion of the Debentures could be ued to former shareholders of the North American ght & Power Company (Maine) in which case the mpany would receive cash on account of Common stock equal to the cash it would have received had such Debentures been sold by the Company. The proceeds of the Debentures sold by the Company (and cash received for any Common stock so issued) were used to retire the entire issue of North American Light & Power Corporation 7% Secured notes and the Pfd. stock of North American Light & Power Company (Maine), to furnish additional working capital and for other purposes in connection with the reorganization of the Company. All former securities of North Amer-

ican Light and Power Company (of Maine) and North American Light and Power Corp. (Delaware) were retired in the reorganization.

Arrangements were made whereby, on completion of the reorganization of the Company, the Middle West Utilities Company and the North American Company each acquired a substantial interest in its Common stock.

Company controls entire Common stock of Illinois Power and Light Corporation, Kewanee Public Service Co. and Western Illinois Ice Co. and owns entire Common stocks of Missouri Power & Light Company (see appended statements); also owns 95% of the Common stock of The United Power & Light Corporation (Kansas).

The following companies are the operating subsidiaries of the North American Light & Power Company group, by reason of the ownership of all their Common stocks. All of their accounts, except as below noted, are included in the Consolidated Balance Sheet and Consolidated Income Statement of North American Light & Power Company.

Illinois Power and Light Corporation
Its Subsidiaries:
Illinois Traction, Inc.
Cairo and St. Louis Railway Company
The St. Louis, Troy and Eastern Railroad Company
St. Louis and Illinois Belt Railway
St. Louis Electric Terminal Railway Company
Des Moines Electric Light Company
Iowa Power and Light Company
The Kansas Power and Light Company
Missouri Power and Light Company
Kewanee Public Service Company
Western Illinois Ice Company

Controlled Company
The United Power & Light Corporation (of Kansas)
(95% of the Common stock of this Company was owned at Dec. 31, 1927).

Properties—The properties of the North American Light & Power Company serve a population of over 1,525,000 in over 740 municipalities in the States of Illinois, Iowa, Missouri and Kansas. The territory served comprises a large portion of the richest agricultural and coal areas of the middle west, a business field of the most substantial characteristics, which is growing rapidly and evidencing a large demand for power and light service. The power and light properties of the Company include electric generating stations with an aggregate capacity of 405,300 h.p. and a purchase capacity of 70,650 k.v.a. (94,200 h.p.) at this time, over 4,800 miles of high tension transmission lines and 12,800 miles of distributing lines serving 334,532 customers. Over 80% of the net earnings are derived from the power and light properties.

The gas properties include artificial gas plants with an aggregate daily capacity of 32,735,000 cubic feet serving 109,199 customers.

The electric interurban railroad properties consist of 550 miles of main trunk line. The trunk line system is a modern, standard gauge railroad equipped with automatic block signal systems, repair shops, car barns and 1,382 freight and passenger cars. The system connects the cities of Peoria, Springfield, Bloomington, Danville, Urbana, Champaign, Decatur, with Edwardsville, Granite City, Madison, Venice, Illinois, and St. Louis, entering St. Louis over a steel toll bridge owned in fee, into its own terminal in the heart of St. Louis. Another system connects the cities of Joliet, Ottawa, Marseilles, Peru and Princeton, Illinois. Of the gross revenues of the electric railroad well over one-half are derived from freight, express, power and miscellaneous non-passenger sources.

The city railway and bus properties, comprising over 235 miles of routes, serve a number of important cities in Illinois and Kansas.

MISSOURI POWER & LIGHT COMPANY

(Controlled by North American Light & Power Company)

History—Organized in 1911, in Missouri; present name adopted in 1924. Company is successor to Missouri Utilities Co. (see 1923 Public Utility Manual page 1608), Jefferson City Light, Heat & Power Co., Jefferson City Bridge & Transit Co., North Missouri Light & Power Co. (see 1923 Public Utility Manual, page 2575), and Franklin Electric Co. As of Aug. 1, 1924, the properties of the North Missouri Power Co. were purchased as an entirety (see 1924 Public Utility Manual, page 322), and Adair County Light, Power & Ice Co., Missouri Heat, Light & Power Co., La Plata Light, Heat & Ice Co., Huntsville Light & Power Co., Boonville Light, Heat & Power Co., Citizens Electric Light Co., and Moberly Light & Power Co. as of Jan. 1, 1925.

Company disposed of its Oklahoma properties in 1925.

Missouri Power & Light Company directly owns and operates electric power and light, gas, heating, water and street railway properties in 151 cities and towns in Missouri. The total population served is estimated at 151,800.

The company furnishes electricity without competition to 151 cities and towns in Missouri, including Jefferson City, the capital of the State, Moberly, and important railroad division points and Mexico, the center of a rich agricultural community, also Kirksville, Boonville, Huntsville, Brookfield, Excelsior Springs, Edina, Clinton, Centralia, Montgomery City and Vandalia.

Properties—The power and light properties of the company comprise steam electric generating stations with an aggregate installed capacity of 24,500 h.p., together with 763 miles of transmission lines and distributing systems in the communities served. The gas properties serve also without competition over 7,030 customers in the following cities: Jefferson City, Moberly, Mexico, Boonville and Excelsior Springs, Missouri. The artificial gas generating plants of the Company have installed daily capacity of over 2,435,000 cu. ft.

In addition the Company does a heating, water and ice business in a portion of the territory served. The Company operates one street railway system consisting of six miles of line, serving Jefferson City, Mo. Approximately 75% of the net earnings are derived from the sale of electricity, 10% from the sale of gas, 6% from railway, bridge and bus operation and 9% from the sale of ice and miscellaneous sources.

CAPITAL STOCK

Authorized, 35,000 Common shares of no par value and $3,200,000 (increased from $200,000 in July, 1925) 7% cumulative Pfd.; par, $100; outstanding, Dec. 31, 1927, 35,000 shares Common and $2,853,550 Pfd. The North American Light & Power Co. owns all the Common stock.

Stock Increase—Stockholders at meeting Nov. 3, 1925, authorized an increase in the Common stock to 60,000 shares and in the Preferred stock to $5,700,000. However, this increase had not been certified to the Secretary of State of Missouri up to May 1, 1928 and was not in effect.

Preferred Stock Provisions—The following provisions have been adopted to make all classes of Pfd. uniform:

Dividends cumulative at the rate of 7% per annum payable quarterly; in the event of any liquidation, dissolution or winding up, whether voluntary or involuntary, of the Corp., the holders of the Pfd. stock shall be entitled to be paid in full the par amount of their shares and the unpaid cumulative dividends accrued thereon before any payment shall be made to the holders of the Common stock; that the holders of the Pfd. stock shall not be entitled to vote the same at any meeting of the Corp., nor be entitled to notice of stockholders' meeting, unless such meeting shall be called to vote upon any proposition to change the name, place of business or objects of or to dissolve the Corp., or to increase or decrease its authorized capital stock, or to consolidate the Corp. with any other Corp., or to sell its property and business as an entirety, and provided further that if at any time there shall be four quarterly dividends on the Pfd. stock in arrears and unpaid, the holders of the Pfd. stock shall have the right to elect a majority of the directors of the Corp. until, and only until, all arrearages of dividends on the Pfd. stock shall have been earned and paid; that the shares of Pfd. stock are purchasable or redeemable upon any dividend payment date upon 30 days' previous notice, by the payment of the par value of the shares, together with all accrued and unpaid dividends thereon and in addition thereto, a premium of $5 per share; and that said Pfd. stock may (without first offering the same to the stockholders) be issued and disposed of from time to time by the directors upon such terms and conditions and for such lawful considerations as they may deem expedient.

Dividends—Pfd. dividends have been paid regularly since issuance, beginning in 1919, on stock outstanding of Missouri Power & Light Co., and that under former names. Payments are now made quarterly, J, A, J & O 1, to stockholders of record the 20th of the preceding month.

Illinois Power & Light Corp. owns entire capital stock of the **St. Louis Electric Terminal Ry. Co.** and of **Illinois Traction, Inc.,** which Company is a merger of Bloomington, Decatur & Champaign R.R., Danville, Urbana & Champaign Ry. Co., Illinois Central Traction Co., St. Louis, Springfield & Peoria Ry. Co. and Chicago, Ottawa & Peoria Ry. Co. Company formerly owned the entire capital stock of Omaha & Lincoln Ry. & Light Co. which property was sold to Nebraska Power Co. in Feb. 1927.

Illinois Power and Light Corp. is acquiring the entire capital stock of Illinois Terminal Company, a steam railroad, for the purpose of consolidating this property with those of Illinois Traction, Inc. through leases into a single operating system.

In 1925, the Cairo Ry. & Light Co., Cairo Electric & Traction Co. and Cairo City Gas Co. were merged into the Illinois Power and Light Corp., and the bonds of each company called for payment. Illinois Power and Light Corp. owns all the capital stock of Cairo and St. Louis Ry. Co.

Illinois Power and Light Corp. also owns all the capital stock of the St. Louis, Troy and Eastern R.R. and the St. Louis and Illinois Belt Ry., which were purchased in 1925 (for statements of these companies see Steam Railroad Volume).

The Kansas Power and Light Company (all of the stock of which company is owned by Illinois Power and Light Corp.), has acquired the physical property and assets of The Kansas Public Service Co., Topeka Edison Co., Topeka Railway Co. and The Union Power Company.

The entire capital stock of the Des Moines Electric Light Co. (formerly Des Moines & Central Iowa Electric Co.) is also owned by Illinois Power and Light Corp. The Des Moines Electric Light Co. is a consolidation of the properties of the following former companies: Colfax Electric Light Co., Des Moines Electric Co., Mills County Power Co., Montezuma Electric Light, Power & Heating Co., New Valley Junction Water and Light Co., Oskaloosa Light and Fuel Co., and Oskaloosa Traction and Light Co. The Des Moines Electric Light Co., controls through stock ownership the Mills County Power Co (holding company), Iowa Power and Light Co., and Iowa Transmission Line Co.

Illinois Power and Light Corp. formerly owned all the capital stocks of Wichita RR. and Light Co., a West Virginia corporation incorporated in January 1920, which property was sold in March, 1927.

Illinois Terminal Co.—This Company was authorized in April, 1928, by the Interstate Commerce Commission to acquire control of four other steam and electrical lines serving St. Louis and the East Side, the St. Louis Troy & Eastern RR., St. Louis & Illinois Belt Ry., St. Louis Electric Terminal Ry., and the lines comprising the main division of the Illinois Traction, Inc. Following the Interstate Commerce Commission's action, the Illinois Power & Light Corp. purchased all the stock of the Illinois Terminal Co. for $3,500,000.

Operating Data—Kilowatt hours generated and purchased in 1927, 653,669,853; electric meters installed, Dec. 31, 1927, 258,852. Cubic feet of gas generated and purchased, 3,147,459,000; gas meters installed, 92,236.

Property and Territory Served—The business of the Corporation includes service rendered to more than 70 municipalities. The electric power and light properties, with an electric generating capacity of 317,000 h.p. and large purchased capacity (65,300 k.v.a.), serve without competition over 258,800 customers. The gas properties, with a generating capacity of over 27,480,000 cubic feet of artificial gas a day, serve, also without competition, over 92,200 customers. The city railway and bus properties have over 235 miles of routes. The principal portion of the electric trunk line railroad system, which has over 550 miles of main line track, connects the cities of Peoria, Springfield, Bloomington, Danville, Urbana, Champaign and Decatur with St. Louis, which it enters over its steel toll bridge to its own terminal in the heart of the city.

CAPITAL STOCK

Authorized, 600,000 (increased from 400,000 in 1927) shares Common of no par value, 600,000 shares $6 cumulative Pfd. of no par value and 70,000 shares of 7% cumulative Pfd. of $100 par value; outstanding upon completion of financing about May 1, 1928, 550,000 shares Common of no par value, 364,740 shares $6 cumulative Pfd. of no par value, and 46,500 shares of 6% cumulative Pfd. of $100 par value. Capital stock was changed in early 1928 from authorized amounts of $33,000,000 7% Pfd., $7,000,000 6% Pfd. and $1,875,300 6% cumulative Participating Pfd. in connection with the refunding of the 7% Pfd. and 6% Participating Pfd., both of which were called for payment on July 1, 1928 (see below).

7% Cumulative Pfd. and 6% Participating Pfd. Called—All the outstanding 7% cumulative Pfd., par $100, and all the outstanding 6% cumulative Participating Pfd., par $50, was called for payment on July 1, 1928, at Central Trust Co. of Illinois, Chicago, the 7% Pfd. at $105 per share and accrued dividend and the 6% Pfd. at $52.50 per share and accrued dividend. An exchange offer for the new $6 cumulative Pfd. was available (subject to prior sales and exchanges) to holders of both classes on the basis of $100 per share for the new stock. Holders of the 7% Pfd. could receive in place of redemption price, one share of new $6 Pfd. (based on a price of $100 per share) bearing dividends from May 1, 1928, plus $5.75 per share in cash (being cash premium of $5 per share plus adjustment of dividends to July 1, 1928).

Preferred Stock Provisions—Holders of Cum. Pfd. stock shall be entitled to dividends at rate of $6 per share per annum, provided net earnings are equal to 1% or more on then outstanding Cum. Pfd. stock after paying interest charges and providing for 14% maintenance and depreciation funds as provided in the charter. No dividend shall be paid on any share of other capital stock until all current and accumulated dividends on all outstanding shares of Cum. Pfd. stock shall have been paid in full.

Voting Rights—Every share of Cum. Pfd. stock, whether heretofore or hereafter issued, shall have equal voting rights and powers, share for share, with every other share of capital stock of Corporation at time outstanding.

Liquidation Price—In event of involuntary liquidation each share of Cum. Pfd. stock shall be entitled to receive $100 and no more; or, if liquidation is voluntary, $110 and dividends (the liquidation price of the 6% par $100 Pfd. being increased from $105) and no more, before any distribution can be made upon any other class of capital stock of Corporation.

Callability—Cum. Pfd. is subject to call as a whole or by lot in amounts of 5,000 shares or any multiple thereof on any dividend date, on 60 days' notice, at $110 and accrued dividends (the callable price of the 6% par $100 Pfd. being increased from $105).

Issue of Additional Shares—Any number of shares of Cum. Pfd. stock additional to any shares thereof already issued (and including shares of Cum. Pfd. stock authorized or hereafter to be authorized) may be hereafter created and/or issued by Corp., and when so created and/or issued shall have the same parity, quality and status as any shares of Cum. Pfd. stock already issued except as to differences attributable to respective dividend dates, fixed dividend rates, redemption prices and prices on voluntary liquidation. Such additional shares, however, shall be paid up in full, and may be issued only for purpose of providing additional working capital, or refunding or discharging bonds, notes, stock or other obligations of Corporation and/or of its subsidiary corporations, and/or of refunding expenditures for, and/or financing additions, extensions, betterments and improvements, and acquisition of additional property, by Corporation and/or by any of its subsidiary corporations.

Such additional shares may be issued only upon express conditions precedent: (a) that combined net earnings of Corp. and its subsidiary corporations (on basis of a consolidated statement) after providing for all operating expenses, interest, and current amortization of bond discount, and other charges against income which rank ahead of Cum. Pfd. stock, including an allowance for maintenance and depreciation at the rate of 14% of combined gross earnings of Corporation and its subsidiary corporations (on basis of a consolidated statement), shall have been for 12 months ending within 90 days next preceding the date of issuance (but including earnings of such full 12 months' period of any plant or subsidiary then owned by Corp. which may have been so owned for a less period) not less than twice annual dividend requirements on Cum. Pfd. stock then outstanding and on further amounts proposed to be issued and further; (b) that for each share of Cum. Pfd. stock then outstanding, and then proposed to be issued, there shall be assets of Corporation including consideration to be received for additional Cum. Pfd. stock so to be issued (over and above its debts) of not less than $125.

Creation of New Stock and Bonds—Other than shares of Cum. Pfd. stock now authorized or hereafter authorized, no capital stock having rank equal or superior to Cum. Pfd. stock shall at any time be created, if upon notice the holders of 1/5 of aggregate amount of then outstanding shares of Cum. Pfd. shall, within 60 days, in writing, object thereto. Dated August 1, 1916.

Interest Payable February and August 1, at The New York Trust Co., New York.

Denominations—Coupon (principal may be registered), $100, $500 and $1,000; and registered, $1,000, $5,000 and multiples, interchangeable with coupon bonds of $1,000 denomination.

Trustee—The New York Trust Co., New York.

Provisions of Issue—Authorized issue, $7,500,000. In addition to the bonds outstanding as shown above, $188,000 are owned by Illinois Power and Light Corp. and pledged under its First & Refunding Mortgage, $37,000 are held alive in sinking fund and $254,800 held in Maintenance and Depreciation Fund. Sufficient are reserved to acquire or retire underlying bonds, and the remainder may be issued to the extent of 80% of the cash cost of additions and improvements to the properties of the subsidiary companies and then only when net earnings for the preceding twelve months shall have equalled at least 1¾ times the annual interest charges on all bonds outstanding and proposed to be issued, including all the underlying bonds outstanding in the hands of the public.

Callability—Subject to call at 105 and interest.

Sinking Fund—On Aug. 1, 1917, and annually thereafter to and including 1929, cash payments amounting to 1½%, and in each year thereafter 1% of the total amount of these and underlying issues outstanding with the public, less a sum equal to the amounts paid on account of the sinking fund requirements of the underlying mortgages. This sinking fund is applicable toward the acquisition of underlying bonds at not exceeding 100 and interest, and the balance (if any) must be used in the purchase of outstanding bonds of this issue at not exceeding 105 and interest. Bonds acquired by the sinking fund continue to draw interest which is to be added to the fund. At Dec. 31, 1927, this fund held $263,000 Topeka Ry. First Mortgage bonds, $69,000 Topeka Edison Co. First Mortgage bonds and $37,000 Topeka Ry. & Light Co. bonds.

Maintenance and Depreciation Fund—Beginning with the two-year period ending May 31, 1918, and during each two-year period thereafter, the Company covenants under this mortgage to cause the subsidiary companies to provide for maintenance and depreciation an amount averaging 12% of their combined annual gross earnings. Any part of this amount not actually expended must be deposited in cash with the Trustee as a special fund to be used subsequently for maintenance, repairs or renewals. Pending such expenditure, the moneys in the fund may be invested in bonds of this issue. At Dec. 31, 1927, this fund held $254,800 Topeka Ry. & Light Co. bonds.

Security—Secured by a mortgage on property of former Topeka Edison Co. and Topeka Railway Co. subject to lien of Topeka Edison Co. First 5s of 1930 and Topeka Railway Co. First 5s of 1930. Mortgage is now closed. Underlies $5,386,000 Kansas Power and Light Co. First Mortgage. Retirement provided for under The Kansas Power and Light Co. First Mortgage.

Guaranty—Guaranteed as to principal and interest by the Illinois Traction Co., and assumed by The Kansas Power and Light Co.

Tax Provisions—Company does not pay Normal Federal Income Tax.

IOWA POWER AND LIGHT COMPANY

(Controlled by and Majority of Property Leased to Des Moines Electric Light Co.)

History—Organized under the laws of Iowa, and is controlled through the ownership of its Common stock by the Des Moines Electric Light Company, which is a subsidiary of the Illinois Power and Light Corporation. The Company owns on the Des Moines River, just southeast of the City of Des Moines, a modern 60,300 k.v.a. steam electric generating station and transmission lines connecting the new plant with the distribution system of Des Moines Electric Light Company, in the City of Des Moines, and with its transmission lines running to Oskaloosa and other communities. The ultimate capacity proposed is 166,200 k.v.a.

The above property of the Company has been leased to the Des Moines Electric Light Company for a period of fifty years. The terms of this lease provide for a fixed annual rental equal to 12% of the cost of the plant and new transmission lines, which rental will constitute an operating charge of the Des Moines Electric Light Company. The rental is subject to readjustment after thirty years, under conservative restrictions. The cost of the steam electric generating station and transmission lines is approximately $6,600,000.

Acquisitions—Company has acquired and operates directly the electric utility systems and property formerly operated by the Adel Light & Power Co. and the Marion County Electric Co. (see statement of latter in 1925 Public Utility Volume, page 288). Also owns a majority of the outstanding Common stock of Des Moines Gas Co. which was acquired early in 1928 (see statement appended).

$1,637,000 CENTRAL STATES ELECTRIC CO. FIRST MORTGAGE & REFUNDING GOLD 6s, SERIES "A"; DUE MARCH 1, 1950

Dated March 1, 1925.

Interest Payable March and September 1, at Chicago Title & Trust Co., Chicago.

Denominations—Coupon (interchangeable denominations), $100, $500 and $1,000; principal may be registered.

Trustees—Chicago Title & Trust Co. and Abel Davis, Chicago.

Provisions of Issue—Authorized amount unlimited; outstanding, $1,637,000 Series "A" 6s and $381,300 Series "B" 5½s. The unissued bonds are reserved to be issued at 80% of the actual cash expenditures made for physical property additions to the system made or acquired subsequent to Dec. 31, 1924, provided net earnings for the period of 12 calendar months ending not more than 90 days preceding the filing of such certificate shall have been at least 1¾ times the annual interest charge on all bonds outstanding, including the bonds of "controlled" companies, and also including the bonds applied for.

Callability—The Series "A" bonds are subject to call as a whole or in part on 30 days' notice on any interest date from March 1, 1925, to and including March 1, 1930, at 105; thereafter and including March 1, 1935, at 104; thereafter and including March 1, 1940, at 103; thereafter and including March 1, 1945, at 102; thereafter and including March 1, 1949, at 101; and no premium if such redemption be effected on Sept. 1, 1949.

Sinking Fund—On or before the first day of May of each year beginning May 1, 1926, and continuing so

long as any bonds shall be outstanding under the said indenture, the Company will deposit with the Trustee in the Special Trust Fund the amount by which, if any, (1) an amount equal to twelve per cent of the gross consolidated earnings shall exceed (2) the actual cash expenditures made for maintenance, repairs, renewals and replacements (provided cost does not exceed original cost). This fund may be used for the payment of maintenance, repairs, renewals and replacements of the plants and properties of the system made subsequent to December 31, 1924, not used in the computation of amount deposited, or to pay for permanent extensions and additions to the property for which no bonds can be issued, the purchase from time to time of bonds issued hereunder, or of underlying bonds, at not exceeding par, and not including accrued interest, which bonds shall be delivered to the trustee to be by it held uncancelled as part of such fund.

Security—In order to make the issue an effective first Mortgage, titles to its more recent major acquisitions have been taken in the name of a subsidiary, Iowa Electric Service Corporation. The indenture securing the issue is executed by the Company and the Corporation jointly, and in the opinion of counsel constitutes a first mortgage on all the properties, rights, franchises, profits and issues of the said Company and Corporation, subject to the prior lien and charge of $573,900 Iowa Falls Electric Co. FUNDED DEBT

$1,430,500 FIRST MORTGAGE GOLD 5½s; DUE APRIL 1, 1954

Dated April 1, 1924

Interest Payable April and October 1, at Fidelity-Philadelphia Trust Co., Philadelphia.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—Fidelity-Philadelphia Trust Co., Philadelphia.

Provisions of Issue—Authorized, open mortgage; issued $2,500,000 of which $2,430,500 outstanding Dec. 31, 1927. Additional bonds of this series as well as bonds of any other series subsequently authorized may be issued only for the purposes and under the conservative restrictions provided in the mortgage, which include the following: (a) For a principal amount not exceeding 75% of the cost or fair value, whichever is less, of physical plants or properties hereafter acquired by the company and of permanent additions, extensions, betterments and improvements, to the properties of the company now owned or hereafter acquired; provided that net earnings of the company as defined in the mortgage, for 12 consecutive calendar months out of the 15 next preceding calendar months shall have been not less than 1¾ times the annual interest charges on all underlying bonds (if any) and first mortgage bonds then outstanding together with those proposed to be issued. (b) To refund in whole or in part before, at, or after maturity, an equal principal amount of (1) bonds of this or other series issued under this mortgage; (2) bonds secured by prior mortgage or mortgages (closed except for pledge under this first mortgage) on property hereafter acquired by the company. Not more than 25% of the total amount of bonds at any time outstanding under this mortgage shall have been issued with respect to any plant or property or betterments thereto, as to which this mortgage is not at the time a first lien.

Callability—Subject to call as a whole or in part and for the sinking fund on any interest date on not less than 30 days' notice at premium of 6% on or before April 1, 1934; thereafter at premium of 5% on or before April 1, 1944; said premium to be reduced by one-half of 1% commencing Oct. 1, 1944, with a like additional reduction commencing on Oct. 1 of each year thereafter, the bonds being redeemable at par on Oct. 1, 1953; in each case with accrued interest.

Sinking Fund—Semi-annually, beginning Jan. 1, 1925, a sum equal to ½ of 1% of the total amount of bonds of this series outstanding for their purchase or redemption at not exceeding the prevailing call price. Bonds so acquired are to be cancelled.

Purpose of Issue—The proceeds from the sale of these $2,500,000 bonds were applied to the redemption or payment at maturity of $2,030,000 bonds, and (as to $470,000) to the retirement of a portion of the Company's floating debt incurred for past betterments and additions.

Security—A first mortgage on entire property of Company (except shares of stock, bonds and other securities unless specifically pledged) now owned and subject to existing prior liens (if any) on property hereafter acquired, for which additional bonds may be issued under the conservative restrictions contained in the mortgage.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Free of Pennsylvania State Tax.

Original Offering—First publicly offered ($2,500,000) in March, 1924 at 97 and interest, yielding over 5.70%, by Drexel & Co., Philadelphia.

LUZERNE COUNTY GAS AND ELECTRIC CORPORATION

(Controlled by The American Gas Company)

History and Property—Inc. Dec. 22, 1924, in Pa., acquired the property of Luzerne County Gas and Electric Company, which was incorporated Aug. 24, 1908, as a merger of Wyoming Valley Gas & Electric Co. and Hazleton Gas Light Co. The Company supplies, without competition, gas and electricity in Wyoming, West Wyoming, Swoyersville, Forty Fort, Dorranceton, Luzerne, Courtdale, Pringle, Kingston, Edwardsville, Larksville, Plymouth, Nanticoke, Warrior Run and Sugar Notch; and the townships of Hanover, Newport, Kingston, Jackson, Plymouth, Hunlock and Union. It supplies electricity in Dallas, Shickshinny, Lehman, Lake and Conyngham. It supplies gas in Hazleton, West Hazleton and Hazle Township. The population of the above territory is approximately 205,000.

Company owns and operates two modern steam stations, one in the Borough of Plymouth and one in Hunlock Township with a total installed capacity in steam turbines of 59,000 kilowatts. Substations are located at convenient points for local supply of electricity for domestic and municipal use within the various boroughs supplied. Miles of high tension transmission lines, 155. Distributing lines, 532 miles. No. of consumers, 31,092.

The manufactured gas department includes two works located near the center of distribution at Nanticoke and Hazleton, having a daily capacity of 2,710,000 cubic feet. The distribution of gas is made through 120 miles of mains, with services and meters to 7,888 consumers. Annual output, 165,188,300 cu. ft.

Franchises—Franchises under which the Company operates are perpetual, while those applicable to gas are both perpetual and exclusive.

Valuation—The value of the Corporation's property is $18,701,903, based upon value fixed by Pennsylvania Public Service Commission as of Dec. 31, 1920, plus additions to date and value of construction work now under way included at cost.

Stock Increase—Stockholders on Nov. 17, 1927 approved plan to increase the authorized capitalization of the company. The Plan provided as follows: (1) for changing the authorized and unissued $2,500,000 Second Preferred stock to a like amount of authorized Common stock, thereby making the total amount of authorized Common stock $21,000,000, par $100; (2) for increasing the authorized Common stock from $21,000,000 to $40,000,000, par $100; (3) for increasing the authorized Preferred stock from $15,000,000 to $30,000,000, par $100 and for fixing the dividend rates of the additional Preferred stock.

Preferred Stock Provisions—1. Preferred as to assets up to par and to its specified dividends over any other class of stock. In the event of voluntary dissolu-tion or liquidation is entitled to $120 per share and accrued dividends.

Except with consent of the holders of two-thirds of the Pfd. stock, no bonds, notes or other evidences of indebtedness maturing more than five years after date of their issue (other than the First and Refund-ing mortgage bonds and/or indebtedness secured by such bonds and other than purchase money mort-gages on property hereafter acquired) shall be issued or the payment thereof guaranteed and no transfer, lease or sale of any substantial part of company's property essential to its operation shall, after the dis-charge of the First and Refunding Mortgage (which prohibits any such transfer), be made.

No other class of stock shall be created having priority over the Pfd. stock and no indebtedness shall be created, the evidences of which shall be issued for distribution by way of dividends on any class of stock other than the Pfd. stock.

2. The authorized amount of this issue is $30,000,000 (par value $100 per share), which may not be increased without the consent of the holders of two-thirds of the Pfd. stock. The outstanding $4,000,000 8% Pfd. stock and the $4,500,000 7% Pfd. stock are callable as a whole or in part on any dividend date at $120 and ac-crued dividends, the $6,500,000 6½% Preferred stock, at $115 and accrued dividends and the $6,500,000 5½% Pfd. stock at $112 plus accrued dividends.

3. Subsequent issues of Preferred stock in addition to the present authorized issue of $30,000,000, when consented to by the holders of two-thirds of the Preferred stock, are issuable only under carefully drawn provisions respecting earnings and purpose of issue.

4. **Voting Power**—Except as above specifically provided the Pfd. stock shall have no voting power unless four quarterly dividends thereon shall be in arrears or unless there shall have occurred some default in the observance of any of the above provisions or some default on which action has been taken by bondholders or the trustee of any mortgage or indenture under which any of the indebtedness of the Company has been issued or unless the Company has been declared bankrupt or a receiver of its property has been appointed. In any of these events the Pfd. stock shall have the right to elect a majority of the Board of Directors, and shall have in all other matters full voting rights so long as any such default continues.

5. **No Subscription Rights**—The Pfd. stockholders shall have no pre-emptive right to subscribe for any issue of the capital stock of the Company, Common or Preferred, or for any issue of evidences of indebtedness that may be convertible into capital stock.

6. No dividends shall be paid on stock other than this Pfd. stock except out of surplus or net profits, earned after Dec. 31, 1920. In computing earnings available for the payment of dividends there shall be deducted, among other operating expenses, an allowance for the maintenance and replacement of the Company's property of not less than 10% of its gross operating revenues computed as provided, in the Company's First and Refunding mortgage.

7. Changes in the Pfd. stock provisions may be made only by the vote of the holders of 80% of the par value of Pfd. stock outstanding and of two-thirds of the par value of the Common stock outstanding. The dividend rate, the call price, and the amount payable on dissolution on outstanding Pfd. stock, cannot be reduced.

THE EASTERN CONNECTICUT POWER COMPANY

(Controlled by The Connecticut Electric Service Company)

History and Properties—Incorporated Aug. 28, 1917, under the general laws of Conn., and by Act of the General Assembly of said State approved May 8, 1919, and accepted by the Company Aug. 22, 1919, it became a specially chartered light and power company with perpetual rights. Company purchased the power business of the Shore Line Electric Ry. Co., and holds through purchase of its securities, controlling interest in The Uncas Power Co., and the West Glocester Light & Power Co.

Merger—On July 26, 1927, the following companies were merged into the Company: The Putnam Light and Power Co., The Danielson and Plainfield Gas & Electric Co. (see 1927 Public Utility Volume, pages 2213 and 2214), and The Lyme Electric Power Co. Practically all the securities and captial stock of these companies had been owned by this Company. This merger was effective by cancelling the stock of the above merged companies.

Property—The Company's most important station is a steam generating plant located at Montville on the Thames River about four miles north of New London, with a generating capacity of 32,500 k.w., and building large enough for one additional 10,000 k.w. turbine and with land and condensing water available for further extension to a capacity of 500,000 k.w.

The Company owns another steam plant at Mechanicsville, near Putnam, with installed capacity of 1,600 k.w. and two hydro-electric stations, one located at Lafts, on the Quinnebaug River, near Norwich, with present installed capacity of 800 k.w. These stations are by the necessary transmission lines and transformer equipment, tied in to the general transmission system.

The Company owns extensive distribution lines and a high tension three phase 60 cycle transmission system ranging from 66,000 to 11,000 volts radiating from the Montville Power Station. The system extends north about 50 miles to the Massachusetts state line, where it connects with the lines of the New England Power Company, east about 22 miles to the Rhode Island state line, and west along the shore of Long Island Sound for about 41 miles. The total circuit mile distance is approximately 163.

Territory—Supplies electricity for light and power to 20 cities and towns with an estimated population of 72,000 including the following cities and towns: Woodstock, Thompson, Pomfret, Putnam, Killingly, Brooklyn, Hampton, Plainfield, Sterling, Sprague, Griswold, Voluntown, Occum, Preston, No. Stonington Ledyard, Waterford, Lyme, East Lyme, Old Lyme.

The Company also sells electric current to other public service companies doing business in 14 cities and towns with an estimated population of about 97,000 including New London, Groton, Stonington, Chester, Saybrook, Essex, Old Saybrook, Westbrook, Clinton, Madison, Lisbon, Montville, Westerly, Windham. Also supplies power to The Connecticut Company and The Groton and Stonington Traction Company for the operation of trolleys in New London, Norwich, Willimantic, Groton, Westerly and adjacent territory.

The Company supplies gas to an estimated population of 18,000 in the town of Killingly and Putnam.

CAPITAL STOCK

Authorized, $4,500,000 Common, $3,000,000 7% cumulative First Pfd. and $2,500,000 6% Second Pfd.; outstanding, $3,000,000 Common, $1,500,000 7% First Pfd., and $2,500,000 6% Second Pfd.; par, $100. All of the Common stock is owned by The Connecticut Electric Service Company.

First Preferred Stock Provisions—First Pfd. stock has preference for assets up to par and for its specified dividends over any other class of stock. In the event of voluntary or involuntary dissolution or liquidation entitled to receive $100 per share plus accrued and unpaid dividends before any distribution is made upon any other class of stock.

Except with the consent of the holders of two-thirds of the First Pfd. stock represented at a meeting duly called for the purpose no bonds, notes or other evidences of indebtedness maturing more than five years after date of their issue (other than the first mortgage bonds and/or indebtedness secured by such bonds and other than purchase money mortgages on property hereafter acquired) shall be issued or the payment thereof guaranteed and no transfer or sale of any substantial part of the Company's property essential to its operation shall, after the discharge of the Company's First Mortgage (which prohibits any such transfer), be made.

The authorized amount of this issue is $3,000,000, which amount may not be increased without the consent of the holders of two-thirds of the First Pfd. stock represented at a meeting duly called for the purpose.

First Pfd. stock is callable as a whole or in part at the option of the Company on any dividend day at $120 per share and accrued and unpaid dividends.

Shares of the First Pfd. stock, in addition to an initial issue of 15,000 shares, may from time to time be issued to an amount not exceeding 15,000 shares, but only when the net earnings for the preceding twelve months are equal to twice the dividends required upon the shares of said First Pfd. stock issued and to be issued and the dividends on the additional shares so issued may be fixed by a two-thirds vote of all outstanding stock at a higher or lower rate than upon the shares of First Pfd. stock so heretofore authorized.

The holders of the First Pfd. stock are not entitled to voting rights or notices of stockholders meetings except whenever four full quarterly dividends on said stock shall be in arrears or the Company shall have defaulted in the observance of conditions creating said stock or when action based upon the Company's default shall have been taken by the bondholders or the Trustee under any mortgage of the Company or the Company shall have been declared bankrupt or a Receiver of its property appointed, when the holders of the First Pfd. stock shall have the right to elect a majority of the Board of Directors, and except as otherwise provided in the conditions creating said stock.

The First Pfd. stockholders shall not have any preemptive right to subscribe to any future issues of stock of any class now or hereafter authorized, nor any future issue of bonds, notes, or other evidences of indebtedness which may be convertible into capital stock.

Changes in the First Pfd. stock provisions may be made only by the vote of the holders of 80% of the par value of First Pfd. stock outstanding and of two-thirds of the par value of the Second Pfd. and Common stock outstanding. The dividend rate, the call price, and the amount payable on dissolution on outstanding First Pfd. stock, cannot be reduced without the consent of holders thereof.

Transfer Agent and Registrar (Common stock)—The Company, 36 Pearl Street, Hartford, Conn. (First and Second Pfd.)—The Hartford-Connecticut Trust Co., Hartford, Conn.

Annual Meeting—Third Tuesday in May.

Legal Opinion (Pfd. Stock)—Robinson, Robinson & Cole, Hartford (for the Bankers); Day, Berry & Reynolds, Hartford, and C. B. Whittlesey, New London (for the Company).

Dividends—Payments on First Pfd. stock made quarterly, F, M, A & N 1 to holders of record J, A, J & O 15. Payments on Second Pfd. stock made quarterly M, J, S & D 1 to holders of record F, M, A & N 26. Payment on Common stock made Nov. 1, 1927.

FUNDED DEBT

$2,870,500 FIRST MORTGAGE SINKING FUND GOLD 5s, SERIES "A"; DUE APRIL 1, 1948

Dated April 1, 1923.

Interest Payable April and October 1, at Hartford-Connecticut Trust Co., Hartford, Conn.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—Hartford-Connecticut Trust Co., Hartford, Conn.

Provisions of Issue—Issued, $3,000,000 Series "A," of which $129,500 held in sinking fund Dec. 31, 1927. In addition to the original issue of $3,000,000, bonds in the amount of $750,000 may be issued against present property (including additions to power plant which were under construction at time of bond issue), and further bonds may be issued for 75% of the cost or fair value, whichever is less, of additional electric, water, power or gas properties, or of securities of subsidiary companies or of additions and improvements, but only when net earnings applicable to interest for twelve months within fifteen months next preceding, shall have been at least 1¾ times the total annual interest charges, including interest on the bonds proposed to be issued. Bonds of future series may mature at such date, bear interest at such rate, be callable at such prices, and have such sinking fund provisions, and tax provisions as may be determined by the Board of Directors at the time of issue.

Purpose of Issue—The proceeds of the $3,000,000 "A" bonds provided the funds for extension of the steam plant at Montville, and for the purchase of the securities of The Lyme Electric Power Co. and The Danielson & Plainfield Gas & Electric Co.; and for the retirement of floating debt caused by the purchase of The Putnam Light & Power Co. (The companies named above were merged into The Eastern Connecticut Power Company in July, 1927.)

Callability—Subject to call as a whole or in part for sinking fund on any interest date prior to and including April 1, 1938, at 105, thereafter decreasing ½% annually to 100½ on April 1, 1947.

Sinking Fund—The mortgage requires an annual sinking fund payment for the benefit of Series "A" bonds equal to 1% of the total amount of Series "A" bonds, the first payment to be made on Aug. 1, 1924. The sinking fund is to be applied to the purchase or call of Series "A" bonds. Bonds acquired for the sinking fund are to be kept alive in the hands of the trustee and interest thereon added to the sinking fund. This sinking fund will be sufficient to retire by maturity at least 40% of the total amount of Series "A" bonds issued.

Security—The bonds are secured by a first mortgage which will cover substantially all property now owned or hereafter acquired; and will be additionally secured by deposit of securities of subsidiary companies now owned or hereafter acquired, provided bonds under this mortgage are issued to acquire such properties or securities. Series "A" bonds will be secured by a first mortgage on properties having an appraised value, after completion of extension under construction at time of bond issue, and including property of subsidiary companies subsequently merged into The Eastern Connecticut Power Co. of about $7,500,000. They are also secured by deposit with the Trustee of securities having an appraised value of about $1,500,000 including all the securities of The Putnam Light & Power Co., The Lyme Electric Power Co. and The Danielson & Plainfield Gas & Electric Co. It is agreed that subsidiary companies shall not issue securities unless they be taken by the parent company and pledged with the trustee of this mortgage.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. The bonds are free of tax when held by residents of Connecticut. The company agrees to refund to bondholders in any state, property or income taxes assessed by state or local authorities, to an amount not exceeding 4 mills per dollar as to such property tax, or 6% of the interest as to such income tax.

Legal Opinion—Robinson, Robinson & Cole, Hartford, Conn. (for the bankers); and Day, Berry & Reynolds, Hartford, Conn. (for the Company).

Original Offering—First publicly offered ($3,000,000) in March, 1923, at 91 and accrued interest, to yield about 5.70%, by Estabrook & Co., Lee, Higginson & Co., and Bonbright & Co., Inc., New York, Boston, etc., and Putnam & Co., Hartford, Conn.

PHILADELPHIA SUBURBAN-COUNTIES GAS AND ELECTRIC COMPANY

(Controlled by The United Gas Improvement Company)

History—Incorporated in Pennsylvania, as a consolidation, effective May 3, 1927, of Philadelphia Suburban Gas and Electric Company, The Counties Gas & Electric Company, Bucks County Public Service Co. (for latest published statements, see 1926 Manual, pages 1056, 1080 and 21 respectively), Bryn Athyn Gas Co., Bryn Athyn Electric Co., Bryn Athyn Heat & Fuel Co., Spring City Electric Co., Warminster Township Gas Co., Warminster Township Heat and Fuel Co., South Coventry Township Electric Co., Royersford Electric Co., Newton Square Gas Co., Newton Square Heat and Fuel Co., New Hope Electric Co., Langhorne Electric Light and Power Co., Bucks County Gas & Fuel Co., The Doylestown Gas Co., and Bucks County Southern Gas Co. These companies served, without competition, contiguous territories comprising substantially all the southeastern part of Pennsylvania adjacent to and within a radius of 35 miles of Philadelphia.

Under the terms of the merger and consolidation, stock of the present Company was issuable in exchange for stock of constituent companies as follows: One share of new Common stock for each share of Common stock, one share of new $8 Preferred stock for each two shares of 8% Preferred stock and one share of $6.50 Preferred stock for each two shares of 6½% Preferred stock of The Counties Gas and Electric Company; two shares of new Common stock for each share of Common stock and one share of $7 Preferred stock for each share of 7% Preferred stock of Philadelphia Suburban Gas and Electric Company; one share of new Common stock for each five shares of capital stock of Langhorne Electric Light and Power Company; one share of new Common stock for each two shares of capital stock for Bucks County Public Service Company and of Bucks County Gas and Fuel Company; one share of new Common stock for each share of capital stock of The Doylestown Gas Company; and two shares of new Common stock for each share of capital stock of each of the other constituent companies.

Territory and Business—The territory, now served by Philadelphia Suburban-Counties Gas and Electric Co. is within a radius of 35 miles of the City of Philadelphia and embraces an area of about 1,400 square miles and extends from the New Jersey state line at Trenton on the Northeast to Pottstown and Coatesville on the west and to the Delaware state line on the southwest. Among the more important centers of population which are served with electricity or gas, or both, are Morrisville, Bristol, Langhorne, Doylestown, Jenkintown, Ambler, Conshohocken, Norristown, Phoenixville, Pottstown, Chester, West Chester, Coatsville, and the "Main Line" district, which forms a continuous community along the main line of the Pennsylvania Railroad west of Philadelphia, including Ardmore, Bryn Mawr, Villa Nova, Wayne, Devon and Paoli. The total population served is estimated at 600,000.

Gas service is furnished in practically all of this territory; and electric service is furnished in substantially all of it, including the so-called "Main Line" residential section and the Schuylkill Valley industrial area, but excepting the district along the Delaware River between Philadelphia and the Delaware State line.

Property—The properties of the Company include two large modern electric generating stations with an aggregate generator capacity of 77,500 k.w. and three auxiliary electric plants with an aggregate generator capacity of 11,775 k.w.; two large modern gas plants with a daily capacity of 11,500,000 cu. ft., a recently constructed coke oven plant at Chester with a capacity of 2,500,000 cu. ft. and three other gas plants with an aggregate daily capacity of 3,900,000 cu. ft.; 267 circuit miles of 33,000 volt electric transmission lines (voltage under 33,000 considered) distribution of which there are 2,099 circuit miles exclusive of secondary and street light series; and 1,471 miles of gas mains, together with adequate gas holders, electric substations, transformers and other equipment. To supplement its own output, the Company purchases electricity from The Philadelphia Electric Company, and gas from Rainey-Wood Coke Company at West Conshohocken under advantageous contracts. Its electric system is also interconnected with the lines of Metropolitan Edison Company and Pennsylvania Power and Light Company, serving adjacent territories to the north and west.

Company's franchises, with minor exceptions, are unlimited as to time, and contain no burdensome restrictions.

History—Incorporated Oct. 27, 1902, in Pa., and acred all of the assets of Philadelphia Electric Co., New Jersey), now dissolved, in accordance with Plan of Exchange of Stock, dated Sept. 25, 1917.

The Philadelphia Electric Company does the entire tral station electric light and power business in the and county of Philadelphia. It likewise owns the ire capital stock of the Delaware County Electric , which conducts the entire commercial electric t and power business in the highly important manfacturing and ship-building district extending southst from Philadelphia along the Delaware River for proximately fifteen miles, through the city of Chesto the Delaware State line. The properties of The iladelphia Electric Co. and the Delaware County ctric Co. form a single inter-connecting system ich serves a total population estimated at approxitely 2,200,000.

The Philadelphia Electric Company system includes generating stations, having installed an aggrege rated capacity of 596,750 k.w. Current is disbuted through 127 substations (90 of which are priely owned industrial substations) over 17,020 miles electrical conductors. The underground system nprises 3,453 duct miles of conduit. The system well designed and constructed and the physical perty is in excellent operating condition, a substanl portion of the physical property value of the sysn having been created within the past five years.

The Company furnishes a large part of the power quired for transportation purposes by The Philadlphia Rapid Transit Co. and all of the power reired by the Pennsylvania R. R. Co. for the electrid portion of its main line, Philadelphia to Paoli, and e Chestnut Hill Branch of the New York Division ad for its West Jersey & Seashore R. R. electrified e.

In addition, the company controls directly or indectly through stock ownership the following comnies:

Electric Realty Corporation
The Susquehanna Electric Co.
Philadelphia Electric Power Co.
The Susquehanna Power Co.
Susquehanna Power Co.
Susquehanna Utilities Co. and its subsidiaries:
Southern Pennsylvania Power Co.
The Northern Maryland Power Co.
Delta Water Power Co.
Lower Chanceford Electric Light, Heat and Power Co.
Delta Electric Power Co.
The Conowingo Electric Light and Power Co.

The subsidiaries of the Susquehanna Utilities Comny render service in York and Chester Counties, nnsylvania, and in Harford and Cecil Counties, aryland.

Electric Realty Corporation, the entire capital stock which is owned by The Philadelphia Electric Co., as incorporated in 1925. Property acquired through e channel of this realty company will be held by it til such time as it is to be used in connection with e generation, transmission or distribution of energy, hen title to such property will be transferred to The iladelphia Electric Company and made subject to s mortgages.

Conowingo Development—This development was gun in 1926. Philadelphia Electric Power Co., and he Susquehanna Power Co. (see appended statements) have jointly been granted a license by the ederal Power Commission to construct a hydro-electric development near Conowingo, Md., on the Susquehanna River.

To finance the construction of this development, together with its 220,000 volt transmission line, there have been issued and sold $36,000,000 face value Philadelphia Electric Power Co. First Mortgage Gold bonds, 5½% Series due 1972, and there have also been underwritten by The Philadelphia Electric Co. $12,000,000 par value of 8% cumulative Pfd. stock, the right to subscribe to which was offered through allotment warrants to holders of the Common stock of The Philadelphia Electric Co., and, all having been subscribed, payments are now being made in installments as called. Such other funds as may be required to complete the project will be obtained through the issue and sale of additional securities.

The length of the dam, including the power station intake, is 4,500 feet and the reservoir elevation of 108.5 feet above sea level supplies an 89 foot head of water to the water wheels. The reservoir will have an area of approximately 8,100 acres, be about 13 miles long and have a maximum depth of 100 feet.

The initial installation will consist of 7 vertical shaft water wheels each rated at 54,000 h.p., aggregating 378,000 h.p., the energy from which will be transmitted at 220,000 volts over two 65 mile circuits to the City of Philadelphia.

On March 8, 1926, construction work was started. The work as a whole is being maintained with the schedule. Initial installation was practically completed early in 1928 and the first energy from the plant was delivered to Philadelphia, March 1, 1928.

The Philadelphia Electric Co., having agreed to lease directly or indirectly the project for the 50-year term of the Federal License and any renewals thereof, will receive the entire delivered annual output of the plant, estimated at 1,150,000,000 k.w.h., except such amount of energy as may be needed to supply local power requirements. This agreement and lease has been approved by the Federal Power Commission and the Public Service Commissions of Pennsylvania and Maryland, to the extent required by their respective jurisdictions.

In order to take full advantage of over-all economy and conservation of natural resources, an agreement dated Feb. 20, 1926 for a period of 50-years, was entered into with the Pennsylvania Water and Power Co. whereby, through additional head available at the Conowingo plant, approximately 94,000,000 k.w.h. annually will be added to the generated output.

The Philadelphia Electric Company System—Includes: Companies operating in Philadelphia and territory adjacent thereto, The Philadelphia Electric Co., Delaware County Electric Co., Electric Realty Corp. Companies operating in Southern Pennsylvania and Northern Maryland (owned by Susquehanna Utilities Co.): Southern Pennsylvania Power Co., Delta Electric Power Co., Delta Water Power Co., Lower Chanceford Electric Light, Heat and Power Co., The Northern Maryland Power Co., The Conowingo Electric Light and Power Co. Companies engaged in Conowingo project: Philadelphia Electric Power Co., The Susquehanna Power Co. and The Susquehanna Electric Co.

Franchises—The Company operates under an Ordinance of Select and Common Councils of the City of

Philadelphia, dated 1902, whereby permission is granted to it, its successors and assigns, to enter upon, open and use all the streets and alleys of the City of Philadelphia, for the purpose of constructing, maintaining and operating underground conduits, erecting poles and wires overhead, etc., for the purpose of furnishing light, heat or power, derived from electricity, to the public and to private individuals and corporations in the City of Philadelphia. This ordinance contains no limit as to time. The franchises of the subsidiary companies are also, with a single negligible exception, unlimited as to time.

Lease of Conduits—To extend its underground system, The Philadelphia Electric Co. on Feb. 10, 1915, entered into an agreement with The Keystone Telephone Co. of Philadelphia, for the use of all of the unused ducts in their conduit system not needed for the requirements of their business, for a period of 21 years, with renewal privileges of two periods of 15 years each. The rental price to be paid is four cents per duct foot per annum—the minimum rental for the first year being $25,000—with an ascending scale of annual minimum rentals for seven years until the sum of $100,000 is reached, which thereafter shall be the annual minimum rental for the first two periods. Under the terms of the agreement, The Philadelphia Electric Co. has the right to purchase these ducts at the expiration of either of the first two periods, the price to be fixed by arbitration as provided for in the agreement. If, for any reason, the purchase of the ducts cannot be made, the agreement provides that The Philadelphia Electric Co. shall have the option of extending the lease for a further period of 15 years, at an annual minimum rental for such extended period of $125,000. It is the purpose to utilize these conduits whenever they can be used to advantage in conjunction with the present distributing system.

The Pennsylvania Public Service Commission in July, 1917, approved the lease.

New Control—Believing it to be advantageous to both stockholders and customers to unify electric service in this rapidly growing area, committees on behalf of The United Gas Improvement Company and The Philadelphia Electric Company toward the close of 1927 surveyed the possibilities under which a closer relationship might be accomplished, with the result that under the plan agreed upon, stockholders of The Philadelphia Electric Company were offered the privilege of exchanging their holdings on the basis of two shares (par $25) for one share (par $50) of The United Gas Improvement Company. Under this offering The Philadelphia Electric Company stockholders had exchanged as of February 14, 1928, over 95% of their holdings and had become stockholders of The United Gas Improvement Company.

FUNDED DEBT

$36,000,000 FIRST MORTGAGE GOLD BONDS 5½% SERIES; DUE FEBRUARY 1, 1972

Dated February 1, 1926.

Interest Payable February and August 1, at Fidelity-Philadelphia Trust Co., Philadelphia, and in New York.

Denominations—Coupon $500 and $1,000; registerable as to principal and exchangeable for fully registered bonds.

Trustee—Fidelity-Philadelphia Trust Co., Philadelphia.

Provisions of Issue—Mortgage provides that bonds issuable thereunder shall be limited in principal amount to not exceeding $60,000,000; issued, $38,000,-

000, of which $2,000,000 held in Company's Treasury. In addition to $38,000,000 bonds issued of 5½% Series due 1972, bonds of other Series may be issued under mortgage from time to time, bonds of each of such other series respectively to bear such rates of interest to mature on such dates, to be redeemable on such terms and to have such rights and limitations as may be permitted by mortgage and as determined by Directors prior to issue and, also, subject to approval of all governmental authorities having jurisdiction. So long as any bonds of 5½% Series, due 1972, are outstanding, no bonds of any other series may be issued unless either they mature subsequent to Feb. 1, 1972, or a semi-annual sinking fund sufficient to retire all such bonds at or before maturity is provided. Additional bonds of series other than the 5½% Series, due 1972, may be issued only for purposes and under restrictions provided in mortgage, which includes following: (a) in principal amounts not exceeding 75% of cost or fair value, whichever is less of permanent additions, provided that such additions shall be leased to Philadelphia Electric Co. or to its subsidiary, Susquehanna Electric Co., and leases pledged under mortgage, and provided further that total net rentals to be paid to mortgagors under all leases pledged under mortgage, shall, so long as any bonds of the 5½% Series, due 1972, are outstanding, be at an annual rate of not less than 7% per annum on actual investment in the property, unless governmental authorities shall require changes in rate or basis of calculation of such rentals; (b) for refunding outstanding First Mortgage Bonds, par for par, not including, so long as any bonds of 5½% Series, due 1972, are outstanding, any bonds retired by sinking fund provided for such Series; (c) to provide money to be deposited with Trustee for any foregoing purposes.

Provision is made in mortgage for modification of its provisions with the written consent of Trustee and of holders of 85% of outstanding bonds.

Callability—Subject to call as a whole or in part and for sinking fund on any interest date on 30 days' notice at a premium of 6% on or before Feb. 1, 1941; thereafter at a premium of 5½% on or before Feb. 1, 1951; thereafter at a premium of 5% on or before Feb. 1, 1961; said premium to be reduced by ½ of 1% commencing Aug. 1, 1961, with a like additional reduction commencing Aug. 1 of each year thereafter, bonds to be callable at par on and after Aug. 1, 1970; in each case with accrued interest.

Sinking Fund—Mortgage provides a sinking fund to retire by maturity all of the $38,000,000 5½% Series due 1972. Such retirements, commencing Feb. 1, 1930, are to be semi-annual and at a graduated rate increasing in substantial proportions to interest charges on bonds retired by sinking fund. Company will be permitted to tender bonds of this series for retirement at not more than the then applicable redemption price in lieu of cash. Any cash payments are to be used by Trustee to call by lot bonds of this series at the then applicable redemption price.

Security—Bonds are direct obligations of Philadelphia Electric Power Company, unconditionally guaranteed as to principal and interest by The Susquehanna Power Company, and are secured by their joint first mortgage on new dam, power plant and transmission lines and on all property (except shares of stock, bonds and other securities, unless specifically pledged) of both Companies now owned or hereafter acquired, including the leases under which property will be leased in part directly to The Philadelphia Electric Company and in part to its subsidiary, The Susquehanna Electric Company.

Guaranty—Unconditionally guaranteed, princip and interest, by endorsement, by The Susquehan Power Company.

Tax Provisions—Company pays Normal Federal I come Tax up to 2%, and Pennsylvania Taxes not e ceeding $4 per $1,000 bond annually. Connectic Maryland or Massachusetts taxes refundable.

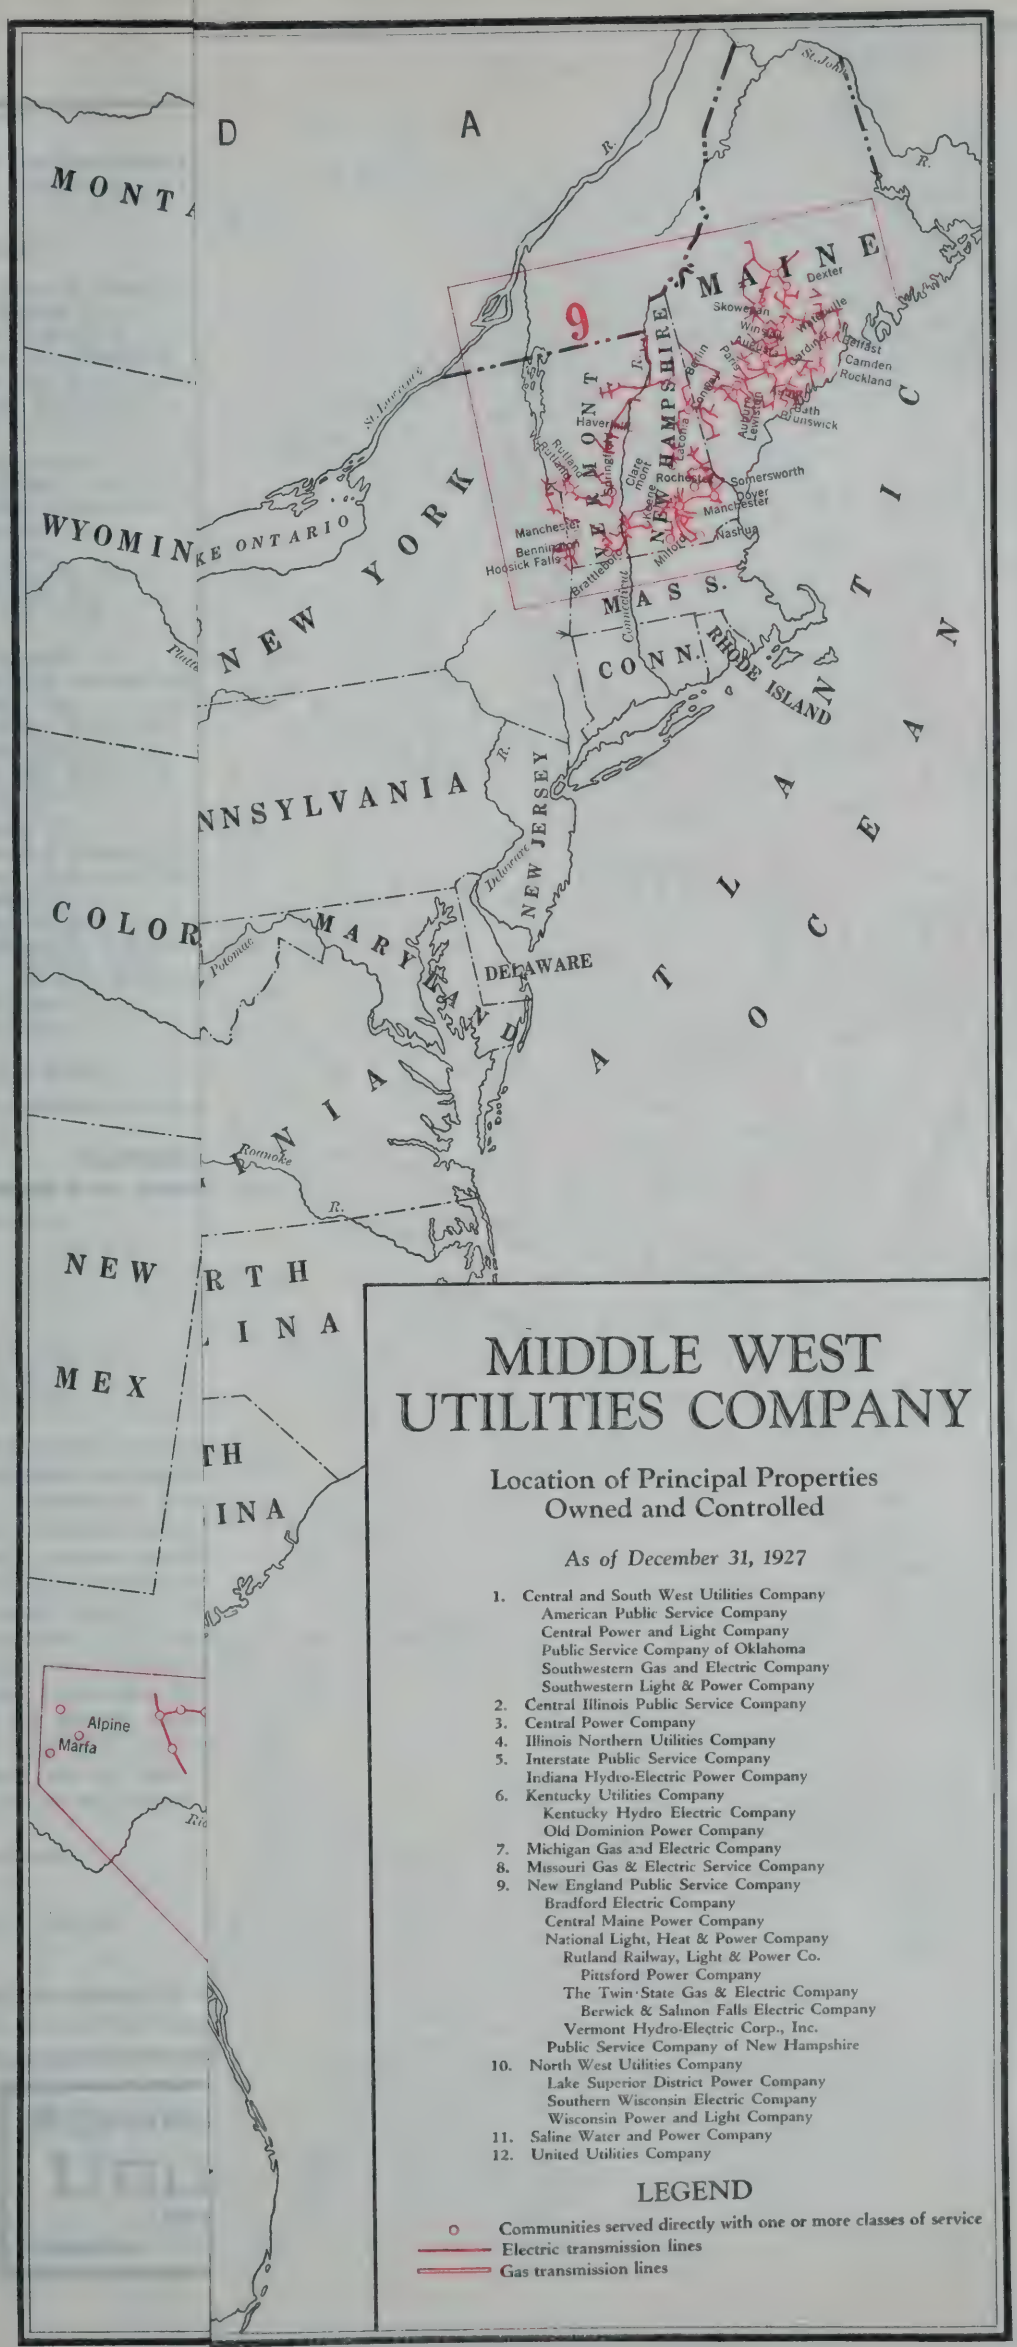
History—Incorporated in May, 1912, in Delaware, to acquire public utility properties, particularly in the smaller cities and towns, and to organize and own subsidiary companies to take over and operate the properties acquired in their respective states.



A merger and consolidation of the Middle West Utilities Co. and Middle West Securities Co. was effected on June 15, 1920, the consolidated company being incorporated under the laws of Delaware. The new company (retaining the name of Middle West Utilities Co.) issued $4,000,000 in par amount of 7% prior lien stock, $15,564,720 par value of Pfd. stock and 126,450 shares of Common stock without par value. As provided in the agreement of merger and consolidation, the new Pfd. stock was exchanged for the old Pfd. stock of Middle West Utilities Co. on the basis of $120 par value of the new stock for $100 par value of the old stock. The additional 20% was provided out of surplus of the old Company; balance of the surplus was carried into the contingency reserve account of the new company. New Common stock (without par value) was exchanged share for share for the old Common stock of the Middle West Utilities Co.

Business and Territory—The subsidiaries of the Middle West Utilities Co. operate in nineteen states in three distinct sections of the United States—the three New England states of Maine, New Hampshire, Vermont, together with the adjoining corner of Ne York; Kentucky and western Virginia, Indiana, Wi consin, Illinois and sections of Michigan, Nebrask Missouri and Tennessee, in the central states; lar areas of the states of Oklahoma and Texas, the nort western corner of Louisiana, and sections of Arkansa Mississippi, and Kansas. The subsidiaries serve wi one or more classes of public utility service an aggr gate estimated population of 3,668,768 people in 2,0 communities, supplying electricity to 2,003, gas 121, water to 71, ice to 241, heat to 7, railway to and bus to 11 communities.

The large function of the operating companies ser icing these communities is making available electr energy for employment in every known utilization, b complementing the generation and distribution power, they conduct at high standard the business of manufacturing and merchandising ice, the produ tion and distribution of gas and the supply of publ heating, water and transportation.

One million sixty-two thousand seven hundred se enty-three customers, from great industries in pop lous cities to small farms in remote places, range t circumstances of diversity which favor the operati companies, but their foundational strength remai the average electrical customer in the average Amer can community—the customer for whom the Midd West Utilities Company was organized to provi an adequate electric service.

New Properties Acquired in 1927—The number of communities served by subsidiaries of the Middle West Utilities Company at Dec. 31, 1927 was 2,064, compared with 1,834 at the beginning of the year. This increase was made up altogether of acquisitions by present subsidiaries. Two of the operating companies of the Central and South West Utilities Company acquired the electric properties of the Dierks Lumber and Coal Company in the adjoining corners of the states of Arkansas and Oklahoma, the Southwestern Gas and Electric Company taking over the properties in Arkansas and the properties in Oklahoma being absorbed by the Public Service Company of Oklahoma. In connecting the new properties, these two companies effected an interconnection with each other.

The Central Illinois Public Service Company acquired the properties of seven small electric companies and three municipal plants. The Wisconsin Power and Light Company acquired the Lindsay Light and Power Company of Maniwa, and a number of rural electric companies in the vicinity of Prairie du Sac whose owners were impelled by the company's new rural service regulations to become customers of the company.

Corporate Rearrangements—For the purpose of improving operating organization and financial structures, and in pursuance of the Company's policy of unifying, so far as possible, its properties within each state, a number of corporate rearrangements were made among certain of the companies during the year. The East Texas and Oklahoma properties of the American Public Service Company were transferred to other subsidiaries of the Central and South West Utilities Company occupying adjacent territories. The Public Service Company of Oklahoma took over the properties of the Oklahoma Power Company, formerly the American Public Service Company's subsidiary, and the properties of the East Texas Public Service Company and other subsidiaries of the American Public Service Company in East Texas were taken over by the Southwestern Gas and Electric Company. The West Texas Utilities Company, remaining subsidiary of the American Public Service Company acquired the properties of the Quanah Light and Ice Company in northern Texas and the northwest Texas properties of the Central Power and Light Company. The properties of the Chickasha Gas & Electric Company were conveyed to the Southwestern Light & Power Company.

The properties of the Quincy Gas, Electric & Heating Company and Mattoon Gas, Light and Coke Company were conveyed to the Central Illinois Public Service Company, which previously had owned all of their capital stocks. In Nebraska the properties of the Water and Light Company of Nebraska City, formerly owned by Nebraska City Utilities Company (inactive) were conveyed to the Central Power Company.

The assets of the Conway Electric Light and Power Company and the Southern New Hampshire Hydro Electric Corporation were conveyed to the Public Service Company of New Hampshire. The properties of the Western Maine Power Company, Bethel Electric Light Company, Black Stream Electric Company, and Fryeburg Electric Company were taken over by the Central Maine Power Company.

New Line Up of Controlled Companies—The Company announced in April, 1928, that during the preceding quarter it had acquired a controlling interest in National Electric Power Company, controlling subsidiary companies operating in 18 states, principally the East. The properties include companies operating in southeastern Maine, central Pennsylvania, parts of Ohio, Indiana and eastern Michigan, and in the West, South Dakota, Nebraska, Kansas, Oklahoma and Arkansas. Through the National Public Service Corp., also controlled by the National Electric Power Co., parts of 10 states are served, these in New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North Carolina, Georgia, Florida, West Virginia and Ohio. Following this acquisition, New England Public Service Co., theretofore directly controlled by Middle West Utilities Co., was transferred to National Electric Power Co.; and Kansas Electric Power Co., Southwest Power Co., and Northwestern Public Service Co. were transferred from National Electric Power Co. to the direct control of Middle West Utilities Co. Middle West Utilities Co. and the National Electric Power Co. have acquired a majority of the Com. stock of Inland Power & Light Corp., whose subsidiaries' properties are in Missouri, Arkansas, Kansas and Michigan.

Improvements in Financial Structures—The Central Illinois Public Service Company issued during the year 1927 $4,619,000 5% Bonds and retired $2,000,000 Series Gold Notes and several issues of underlying bonds. Shortly after the close of the fiscal year, Dec. 31, 1927, the Company issued $29,000,000 4½% First Mortgage bonds and called for redemption all of its previously outstanding funded debt as well as that of its subsidiaries, with the exception of the First Mortgage Series "E" 5% Bonds of the Central Illinois Public Service Company. The Central Illinois Public Service Company's entire funded debt, as a result, is now secured by a direct first mortgage, with substantial reduction in the fixed charges.

The Wisconsin Power and Light Company issued $6,350,000 5% Bonds using a great part of the proceeds to retire a number of prior issues bearing higher interest rates.

The Southwestern Gas and Electric Company First Mortgage 5% Bonds were issued in an aggregate amount of $18,500,000, and all previously outstanding funded debt, bearing higher interest rates, retired. The entire previously outstanding funded debt of the Southwestern Light & Power Company also was retired through an issue of 5% First Mortgage bonds, with considerable saving in interest. In the transfer of certain of its properties to affiliated companies the American Public Service Company retired its funded debt, and the properties affected were in each case refinanced at lower interest rates.

The Central Maine Power Company issued $2,000,000 First and General Mortgage 4½% Bonds, Series "E." The Public Service Company of New Hampshire sold $500,000 First and Refunding Mortgage 5% Bonds, Series "A," and $1,800,000 Series "B" bearing an interest rate of 4½%.

Financial Plan—The subsidiaries are independently financed by selling their senior securities and some of their Pfd. stocks. The balance of the junior securities of the subsidiary companies are owned by the Middle West Utilities Co. and represent its permanent equity in them. Such senior securities of the subsidiary companies as may at times be taken over for advances by the Middle West Utilities Co. are used for the purpose of any collateral trust issues that it may put out until they can be otherwise disposed of. In addition to the income from the securities of its subsidiaries the Middle West Utilities Co. has, and will continue to receive considerable profit from financing, engineering, and supervising its subsidiary companies, which profits as a general rule do not go to holding companies, but rather to the large engineering or promoting firms that control them. It is the policy of the directorate of the Middle West Utilities Co. that whatever profits are made in any operation affecting the Company, shall go directly into its treasury whether they be made from financing, underwriting, engineering, construction, management or supervision.

CENTRAL AND SOUTH WEST UTILITIES COMPANY

(Controlled by Middle West Utilities Co.)

History—Incorporated July 31, 1925, in Del. A holding company owning substantially all of the Common stock of American Public Service Company, Central Power and Light Company, Public Service Company of Oklahoma, Southwestern Gas and Electric Company and Southwestern Light & Power Company (see appended statements).

Corporate Rearrangements—An improved grouping of properties from an operating standpoint and a simplified corporate structure resulted from rearrangement of properties among subsidiaries during 1927. The East Texas operating companies of the American Public Service Company conveyed their assets to the Southwestern Gas and Electric Company, and as a result a comprehensive inter-connected electric system in the contiguous territory of Texas, Arkansas and Louisiana is now being operated as a unit. The Oklahoma Power Company, also hitherto an operating subsidiary of the American Public Service Company, conveyed its assets to the Public Service Company of Oklahoma and this has unified the properties controlled by the Central and South West Utilities Company in eastern Oklahoma. The West Texas Utilities Company, remaining subsidiary of the American Public Service Company, acquired the properties of the Quanah Light and Ice Company, formerly a subsidiary of the Southwestern Light & Power Company, and the Northwest Texas properties of the Central Power and Light Company.

A unification of properties in western Oklahoma was accomplished by the conveyance to the Southwestern Light & Power Company of the properties of its subsidiary, the Southwestern Gas & Fuel Company, and the properties of the Chickasha Gas & Electc Company.

New Property Acquired During 1927—The Southwestern Gas and Electric Company acquired the electric properties formerly owned by the Dierks Lumb and Coal Company in Southwestern Arkansas. Tl includes the towns of DeQueen, Nashville, Horat Mineral Springs, Dierks, Murfreesboro, Hartfiel Gilliham, Winthrop, Lockesburg, Foreman and Ce ter Point. The Public Service Company of Oklaho acquired the electric properties of the Dierks Compa in southeastern Oklahoma, including the towns Idabel, Broken Bow, Valliant, Talihina, Pine Valle Albion and Wright City.

Territory Served—The territory served by the op ating subsidiaries of the Central and South West Ut ities Company embraces considerable portions of t states of Texas and Oklahoma, and parts of Louisia Arkansas and Mississippi The American Public Se vice Company, through its operating subsidiary, T West Texas Utilities Company, serves 101 commu ties in western Texas with one or more classes of se vice. 124 communities, located mainly in southe Texas, including the lower Rio Grande Valley, a served by the Central Power & Light Compan Shreveport and Texarkana are the largest of 89 co munities served by the Southwestern Gas and Electr Company. The Public Service Company of Oklaho provides electric service in Tulsa and a number f other communities in Northeast Oklahoma, besid supplying ice in several communities. AMERICAN PUBLIC SERVICE COMPANY

(Controlled by Central and South West Utilities Co.)

History—Incorporated Oct. 11, 1912 in Del. One or more classes of public utility service are supplied to 101 communities through the operations of four subsidiary companies; 99 communities are served with electric light and power; 35 with ice, 2 with gas, 2 with water, and 1 with street railway service. Among the larger towns served are Abilene, Cisco, Ballinger and San Angelo. Physical property of Company includes 24 electric generating stations with a generating capacity of 19,783 k.w., transmission lines of 1,670 miles, gas mains of 105 miles and 42 miles of water mains. Ice plants numbering 25 have a daily capacity of 815 tons.

Corporate Rearrangements—During 1927 the operations of the Company's subsidiaries have been concentrated in a group of west Texas properties entirely interconnected as the result of rearrangement and unification of properties. These changes included the sale of its east Texas and Oklahoma subsidiaries to other utility companies, and the acquisition of additional properties in northwest Texas and considerable expansions to the south and southwest by the West Texas Utilities Company, the Company's subsidiary. This has had the net result that 101 communities are now served in west Texas as compared with 64 communities in 1926.

All of the company's west Texas properties excepting the Abilene Traction Co. and the Roby and Northern Railroad Company have been unified within the West Texas Utilities Company.

SOUTHWESTERN GAS & ELECTRIC COMPANY

(Controlled by Central and South West Utilities Co.)

History and Properties—Incorporated July 1, 1912, in Del. During 1927 acquired the properties of the East Texas Public Service Co., East Texas Ice Co., Longview Ice Co. and Marshall Ice Co.; franchises of Gulf Public Service Co. in Mooringsport, Oil City and Vivian, La.; and the electrical system of the Dierks Lumber Co., comprising twelve communities in Arkansas.

The Company does the entire gas and electric business in Shreveport, La., and its suburbs, and the entire gas, electric light, power and street railway business in Texarkana, Texas and Arkansas. In Beaumont, Tex., natural gas is provided (first introduced Nov. 15, 1925). On the Gulf Coast gas is manufactured and distributed in Biloxi, Miss., and the neighboring towns of Pass Christian and Gulfport.

At Dec. 31, 1927, Company was serving 89 communities, supplying electricity to 75, gas to 26; ice to 24, railway service to 1 and water to 1; total estimated population, 316,000.

Power plants have a total installed generating capacity of 42,245 k.w., which includes a new 37,500 k.v.a. generating station located on a 40-acre tract within three-quarters of a mile from the business center of Shreveport. Miles of transmission lines, 823. The gas property at Beaumont comprises a manufacturing

plant with a daily capacity of 1,750,000 cu. ft. and a distribution system of 102.5 miles of mains. At present natural gas is being supplied at Beaumont. The artificial gas plant at Biloxi has a daily capacity of 1,250,000 cu. ft. per day and gas is distributed through 102.3 miles of mains. Natural gas is distributed through 622.3 miles of mains. The street railway property at Texarkana includes 12.5 miles of track, the necessary car barns, shops and transportation equipment.

Acquisition—During 1928 Company acquired the gas and electric properties at Natchez, Mo., of The Central Power and Light Company.

Franchises—The natural gas franchises run beyond the life of all the bonds issued by the Company; the artificial gas and electric franchises in Shreveport run until 1987; and the artificial gas, electric and street railway franchises in Texarkana run until 1952.

Control—The Central and South West Utilities Co. owns practically all of the Common stock of the Southwestern Gas & Electric Company. This control was acquired in July, 1925.

SOUTHWESTERN LIGHT & POWER COMPANY

(Controlled by Central and South West Utilities Co.)

History and Property—Incorporated Feb. 18, 1925, in Del., for the purpose of taking over all assets and property of Southwestern Cities Electric Co., which was effected March 31, 1925, by exchange of securities. At March 31, 1925, 11 communities were served with light and power through owned distribution systems and 7 through wholesale contracts; 2 communities were served with natural gas; and 5 ice plants with a capacity of 85 tons per day were owned.

At the above date communities served with light and power were interconnected in part by 230 miles of transmission lines.

Since organization, through purchases and by construction, additional communities and properties have been added until at Dec. 31, 1927, 59 communities were served with light and power through distribution systems owned, and 16 through wholesale contracts; these communities are interconnected by transmission lines, with a total mileage of 823 miles; 8 communities are served with natural gas, using 153 miles of gas mains and 36 miles of gas transmission lines; and 10 ice plants with a capacity of 295 tons per day.

The principal generating plants are Lawton steam turbine plant, Chickasha hydro and steam turbine with smaller plants properly distributed over the territory as standby equipment, combined capacity of all plants 15,212 k.w. As a further guaranty of continuous service the system is interconnected to other large generating properties on both the north and south.

Total generated output of own plants in 1927 exceeded 42,000,000 k.w.

Electric consumers served by distributing systems owned, 21,983; gas consumers, 10,636 at Dec. 31, 1927.

Franchises—All franchises under which the properties are operated are in satisfactory form.

CENTRAL ILLINOIS PUBLIC SERVICE COMPANY

(Controlled by Middle West Utilities Co.)

History—On September 1, 1923, the present corporation, Central Illinois Public Service Co., was formed under the laws of Illinois, through the consolidation of the former corporation, Central Illinois Public Service Co., and of Middle West Power Co., both Illinois corporations (see 1923 Public Utility Manual, pages 1565 and 1602). Prior to the consolidation, the predecessor corporation, Central Illinois Public Service Co., purchased the entire Pfd. capital stock, except 60 shares, and all the Common capital stock of Middle West Power Co.; the entire capital stock of Canton Gas & Electric Co., Lewistown Electric Co., Striffler Ice & Coal Co., and Striffler Brothers Ice & Cold Storage Co.; the property and assets of the Fasig Ice Co.; and the municipal electric properties at Grand Tower, Donovan, Athens and Orient.

As a result of the consolidation Sept. 1, 1923, and of certain conveyances made to the Middle West Power Co. just prior thereto and in anticipation thereof, the consolidated corporation, Central Illinois Public Service Co., now owns by direct title all the property and assets of the predecessor corporation, Central Illinois Public Service Co., and of the Middle West Power Co., as well as all the property and assets of Central Illinois Power Co., Mattoon Clear Water Co. and of all the other corporations above mentioned.

As of Jan. 5, 1926 Company purchased the entire capital stock, except directors' qualifying shares, of the Quincy Gas, Electric & Heating Co., Chicago & Joliet Electric Railway Co., and Chicago & Joliet Transportation Co. These companies serve the city of Quincy, Ill., with electricity, gas and heat, and furnish street railway service in Joliet, Ill., and interurban railroad service from Joliet to the city of Chicago. Also purchased the entire capital stock, except directors' qualifying shares, of the Dellwood Park Co.

During 1926, Company purchased the physical properties of the West Salem Ice and Light Co., Noble Electric Light and Power Co., Cambria Light, Heat and Power Co., Strawn Electric Light Co., Alvin Grain and Electric Co., Rossville Electric Co., New Holland Light and Power Co., Cobden Light and Power Co., Liberty Electric Co., Paloma Electric Light Co., Mendon Electric Light and Power Co., Sadorus Light and Power Co., Farina Electric Light Co., Anchor Electric Light Co., Inc.; the Electric utilities in Vergennes, Fisher Belleflower and Littleton; the municipal Electric properties of Grayville, Clay City, Brookport, Cypress, Creal Springs, Divernon, Middletown, Sibley and Kinmundy; the Mattoon municipal street lighting system, and the electric distribution system of Ashland. Electric service was also furnished to 31 other communities heretofore not enjoying such service.

The Company also purchased during 1926 the ice manufacturing property and ice business of the Glenridge Ice and Coal Co., Marion County Coal Co., Centralia Ice and Cold Storage Co., Home Ice Co., Illinois Ice and Cold Storage Co., Herrin Ice and Cold Storage Co., Benton Ice Cream and Bottling Co., Christopher Ice and Bottling Co., Zeigler Ice and Bottling Co., Lawrenceville Ice and Cold Storage Co., Chrisman Ice and Fuel Co., and the ice business at Virden.

During the year 1927 the Company purchased the physical properties of the Cisne Electric Light Company, Perry Light and Power Company, Chesterfield Electric Company, Wythe Farmers Electric Company, Ohlman Electric Light and Power Company, Hardin Electric Light and Power Company, and Pittsburg Light and Service Company; the electric utilities in Brereton and Fowler; the municipal electric properties of Louisville, Willow Hill and Roberts; the Par municipal street lighting system and the property of the Queen City Gas Company of Shelbyville. Electric service was also furnished during the year to twenty two other communities heretofore not enjoying such service.

The company also purchased during the year 192 the ice manufacturing property and the ice business of the Hamilton Ice Company, Cairo Food Product Company, Metropolis Ice Manufacturing Company, Winter Brothers Ice and Coal Company and the ice business at Carterville.

The Company also acquired in 1927, in connection with the refunding of all its underlying and certain other bonds, the entire physical properties of the Quincy Gas, Electric and Heating Company and Mattoon Gas Light and Coke Company. All of the outstanding capital stock of these companies, except directors' qualifying shares, was owned by the Company.

For acquisitions during 1923, 1924 and 1925 see 1926 Public Utility Volume, page 1540.

The Company supplies without competition electrical energy for lighting and power purposes to 35 communities with an estimated combined population of 550,000 in central and southern Illinois. Also wholesales electrical energy to 11 independently operated utility companies, which serve a total of 6 communities. In addition serves 11 communities with gas, 13 (9 retail and 4 wholesale) with water, 5 with heating, 3 with electric railway service, 5 with bus service, 163 (23 retail and 140 wholesale) with ice and operates interurban railways connecting Mattoon and Charleston, Eldorado with Carrier Mills, and Joliet with Chicago. The Company also operates 2 ice plants with a combined daily capacity of about 1,197 tons.

Construction work has been completed on the Company's Grand Tower generating station, acquired from Middle West Power Co. This plant on the Mississippi River, with 50,000 k.w. capacity, combines the desirable features of readily accessible coal and abundant condensing water. The Company also operates other central generating stations and has 9 in reserve for standy-by purposes, and in addition has contracts for the purchase of power from 9 central stations, including the great hydro-electric station at Keokuk Iowa.

From its own stations, including the capacity of the Grand Tower Station, and through its contracts for the purchase of power, the Company has a total available capacity of 127,425 k. w. The total connected load on the Company's system is now approximately 246,891 k.w. The main generating stations are located practically at the mouth of some of the largest and best mines in the coal fields in central and southern Illinois, and thus the company is assured both an adequate fuel supply and offered an opportunity for the sale of electric power for mining purposes, from which source a considerable income is now being derived. The Company now serves 109 coal mines, having a total connected load of 92,575 h.p. and 22 drainage districts having a total connected load of 6,710 h.p.

The Company now has in service 2,643 miles of gh voltage transmission lines radiating throughout er 16,900 square miles of territory served and in- rconnecting 359 communities. Into these transmis- on lines there were fed during the year 1927 a total 301,548,168 k.w.h., compared with 278,626,089 in 26, an increase for the year of 8.2%.

CENTRAL POWER COMPANY

(Controlled by Middle West Utilities Co.)

History and Properties—Incorporated Dec. 26, 1914. in Del., at which time it acquired the properties of Grand Island Electric Co. (see 1914 Manual, page 2230) and other utility plants in the vicinity of Grand Island, Nebraska. Shortly thereafter it began the development of its properties, extending its transmission lines to nearby towns and constructing a hydro-electric plant on the Loup River, some 25 miles northwest of Grand Island. It later acquired the properties of the Kearney Water & Electric Power Co. (see 1919 Public Utility Manual, page 1935) and the Midway Gas Co., operating in Kearney, Neb., and vicinity.

In 1924, it acquired the Ravenna Electric Light, Heat and Power Co. and the Grand Island Gas Co. and on Jan. 2, 1925 the Hastings Gas Co. (see 1924 Public Utility Manual, page 184) was acquired.

As of May 1, 1927, it acquired the entire property of The Water & Light Company of Nebraska City, operating electric, gas and water utilities.

The result of this development and the acquisition of properties is that the Company now owns an electric generating and distributing system entirely interconnected and serving directly or indirectly 55 communities having a total population of about 60,000. It also supplies Kearney, Grand Island, Hastings and Nebraska City with gas. The Company operates seven electric generating stations, 408 miles of transmission lines, four gas plants, and 17 miles of combined irrigation and power canals.

The electric generating stations comprise two hydro-electric plants, at Kearney on the Platte river, and Boelus on the Loup river. These are the largest in the State and generate 40% of all water power energy produced in Nebraska. The Platte river development has an installed capacity of 3,200 electrical h.p., and the Loup river 2,680 h.p. The effective head secured at the Kearney plant is 57 feet, and 26 feet at Boelus.

The steam generating plants have a total capacity of more than 10,300 h.p. Ravenna with 300, Kearney with 1,000, and the Pine Street Station at Grand Island with 3,000 are held in reserve and operated only in an emergency. The Riverside station at Power, at present 5,000 h. p. capacity generates about 25% of the total output. A new 5,000 h. p. unit was under construction at the Riverside station in the latter part of 1927.

The system of transmission lines is the second largest in the State, and the Company is the third largest distributor of electricity. With the exception of a few of the smaller branch lines, the system is operated at 33,000 volts. The lines are inter-connected with other systems to the east, west and south so that a continuous power system is created extending from central Nebraska eastward to central Iowa and down in northern Missouri.

The four gas plants at Grand Island, Kearne Hastings and Nebraska City, are modern and up-t date in every respect. The daily gas making capaci of the four plants exceeds 1,900,000 cubic feet. Stora capacity is 672,000 cubic feet. The distribution sy tems comprise 115 miles of mains, of which 11 mil are operated under high pressure.

The Company also operates a water plant at Ne raska City with 28 miles of mains and two millio gallons daily capacity.

Electric output (k.w.h.): 1926, 17,462,590; 192 27,260,000. Gas output (cu. ft.): 1924, 57,551,00 1925, 134,876,000; 1926, 157,927,000; 1927, 187,000,00

ILLINOIS NORTHERN UTILITIES COMPANY

(Controlled by Middle West Utilities Co.)

History and Properties—Incorporated July 31, 1916, n Ill., as the result of the consolidation of the old Illinois Northern Utilities Co. (organized in April, 912), Freeport Railway & Light Co. and the Tri-County Light & Power Co., all Illinois corporations see Manual for 1916, pages 4393, 4394 and 4407). t has acquired and now owns in fee all the properties ormerly belonging to about thirty separately oper-ted companies, of which some of the more import-nt are:

Belvidere Gas & Electric Co.
Sterling Gas & Electric Co.
Oregon Power Co.
Mendota Light & Heat Co.
Freeport Ry. & Light Co.
Lee County Lighting Co.
DeKalb County Gas Co.
Morrison Gas & Electric Co.
Plano Heat, Light & Power
Tri-County Light & Power Co.

The Sterling, Dixon & Eastern Electric Ry. Co. all the outstanding bonds and stock of which were owned by Illinois Northern Utilities Co., was aban-doned in 1925. Arrangement was made with Middle West Utilities Co. whereby $700,000 capital stock was reacquired to offset the net loss resulting from the abandonment of this railway.

On Nov. 1, 1923, purchased the properties of the Northern Counties Power Co., which operated in Stockton and Kent. During 1925 acquired the proper-ties of Steward Electric Light & Waterworks Co. and Lee Power & Light Co. During 1926 acquired the properties of the Citizens Utilities Co., serving 518 customers in Durand, Davis, Dakota and Rock City; and the Marengo Public Service Co., serving 893 cus-tomers.

Territory Served and Property—The company sup-plies electric service to 95 communities (including two

wholesale), gas to 9, and water to one, all located in the following counties in the western half of northern part of State of Illinois: Kane, La Salle, Whiteside, Jo Davies, De Kalb, Ogle, Lee, Boone, Kendall, Bureau, Henry, Knox, Mercer, Warren, Carroll, McHenry, Winnebago and Stephenson. Total population served is estimated at about 145,000. Contracts for street lighting have been made with many towns in these counties, for a period varying from five to ten years.

There are 7 electric generating stations, located: 2 in Dixon, 2 in Sterling, 2 in Freeport and 1 in Oregon. The total installed capacity, including the new turbine at Dixon of 12,500 k.w., is 23,875 k. w. Gas plants are maintained and operated in De Kalb, Sterling, Belvidere, Geneseo, Mendota, and gas substations in Rock Falls, Sycamore, Dixon and Morrison. The combined capacity of the five gas generating stations is 1,760,000 cu. ft. per day.

In September, 1914, leased the hydro-electric plant of the Rock River Light and Power Co.

In addition electric energy is sold at wholesale to 95 other communities, a total of 227 communities with a combined population in excess of 387,110. The Company also operates the interurban railway between Indianapolis and Louisville, a distance of 114 miles, the suburban railway between Louisville, New Albany and Jeffersonville; and the city car lines in Jeffersonville, New Albany and Columbus. The company has acquired by purchase all of the competing bus lines operating in the territory served, which has placed it in exclusive control of the interurban and bus transportation facilities between Indianapolis and Louisville. Forty-one buses are in regular daily operation.

The Company operates 1,573.5 miles of high tension transmission lines, inter-connected with its generating stations for furnishing service to the various towns and cities. There are 308.2 miles of gas mains and 181.1 miles of water mains.

Interstate Car Trust Equipment Co.—The Interstate Public Service Co. owned the entire Common stock of this company (see 1926 Public Utility Manual, page 1557), which called for redemption on Feb. 1, 1927, its remaining outstanding Pfd. stock. The Interstate Car Trust Equipment Co. has been dissolved.

KENTUCKY UTILITIES COMPANY

(Controlled by Middle West Utilities Co.)

History—Incorporated Aug. 26, 1912, in Ky., as one the operating companies of the Middle West tilities Co. The properties of the Paducah Electric mpany at Paducah, Ky., and of the Kentucky Light Power Company, which operated utilities at Fulton, ickman, Princeton and Dawson Springs, were conyed to the Kentucky Utilities Company during the ar 1926. These companies were formerly subsidiaries of Kentucky Utilities Company. On March 1, 1926, the Kentucky Utilities Company acquired all of the capital stock of the West Kentucky Electric Power Company, which owned a 9,000 h.p. modern generating station at the mouth of the coal mines at Earlington, two large lakes, a large tract of land and extensive transmission and distributing lines, serving several coal mines and towns in the western section

of the state. These properties were consolidated with the Kentucky Utilities Company on June 1, 1926.

In March, 1926, the Kentucky Utilities Company acquired all of the outstanding capital stock of the Old Dominion Power Company. The properties of the Electric Transmission Company of Virginia, theretofore a subsidiary of Kentucky Utilities Company, were conveyed to the Old Dominion Power Company, which also acquired from Kentucky Utilities Company the Common stock of the Old Dominion Ice Corporation. (For details of properties acquired previous to 1926, see earlier issues of the Manual).

During 1927, the Kentucky Utilities Co. offered to give two shares of its $50 par Junior Pfd. stock for one share of Kentucky Hydro-Electric Co. Pfd. stock. Under this offer $2,455,100 Pfd. stock of Kentucky Hydro-Electric Company were exchanged for a like par amount of Kentucky Utilities Co. Junior Pfd. stock.

Properties and Business—The Company, with its subsidiaries, was serving on Dec. 31, 1927, 168 cities and towns direct and selling power at wholesale to 16 other communities. It was also serving current for power and light to 197 coal mines. It was also serving 4 communities with gas, 12 with water, 40 with ice and 1 with street railway transportation, with an aggregate population of 300,000. The principal cities served are Middlesboro, Winchester, Richmond, Somerset, Mt. Sterling, Cynthiana, Shelbyville, Franklin, Morganfield, Central City, Glasgow, Harlan, Fulton, Pineville, Elizabethtown, Hickman, Princeton, Danville, Versailles, Greenville, Lancaster, London, Carlisle, Lebanon, Campbellsville, Springfield, Paducah, Paris, Burnside, Lawrenceburg, Madisonville, McHenry, Sturgis and Dawson Springs, Ky.; Big Stone Gap, Appalachia, Pennington Gap, Norton, Ramsey and Wise, Va.; and Cumberland Gap and Tazewell, Tenn.

The electric transmission lines traverse a large agricultural territory, extending through 40 counties, 14 of which are in the highly fertile "Blue Grass" region in the central part of Kentucky. This is a district of unusually large purchasing power. These properties also operate extensively in the heart of the rich mining region of southeastern Kentucky and western Virginia.

The Company has 11 power stations located near ample fuel and water supplies in various sections of Kentucky and Southwestern Virginia. The total generating capacity of these plants is 89,297 k.w., the equivalent of 119,062 electrical h.p. Current is transmitted through 1,544 miles of high voltage power lines, ranging from 66,000 volts to 2,300 volts. The Company's 15 electrically operated modern ice-making plants have a daily capacity of 450 tons.

At present (Dec. 31, 1927) the Company has two large transmission systems, forming "pools of power," and several smaller groups. One system covers Central and Southeastern Kentucky, extending from St. Paul, Va., to Louisville, Ky. The other covers a large section of Western Kentucky.

The Company operates a completely interconnected power transmission and distribution system covering the central and eastern sections of the state and extending over into southwestern Virginia, with large generating stations at Dix Dam, Pineville, and Varilla, Kentucky, and at Norton and Pocket, Virginia. All of the Company's steam stations supplying this system are located in the coal fields, and combine to great advantage with the water-power station on the Dix River. Another of its power transmission systems covers the western section of the state with modern generating stations at Graham, Earlington and Paducah and having an interconnection at the Ohio river near Morganfield with the Superpower system of the Central Illinois Public Service Company. Eventually these two large power transmission systems of the Company will be linked into a single state-wide system by the construction of two comparatively short transmission lines. Both are now interconnected with the transmission systems of other companies in Illinois, Indiana and Virginia, making available at all times a practically unlimited amount of power for industrial purposes.

KENTUCKY HYDRO-ELECTRIC COMPANY

(Controlled by Kentucky Utilities Co.)

History—Incorporated in Delaware with a perpetual charter, and is engaged in the generation, transmission and sale of electric energy. Operates a 22,500 k.w. hydro-electric generating station on the Dix River, near its confluence with the Kentucky River about 20 miles southwest of Lexington, and 65 miles southeast of Louisville, Ky. Flowage and other necessary rights have been acquired for a dam which floods the gorge of the river for a distance of about 36 miles. The plant was fully placed in operation the latter part of 1926 and its output for the year amounted to 64,357,000 k.w.h. Company has 95 miles of double circuit, 66,000 volt steel tower transmission line connecting with the transmission lines of Interstate Public Service Co. at the Ohio River in the vicinity of Louisville, Ky., and with those of the Lexington Utilities Co., at Lexington, Ky.

In 1926 the Federal Power Commission granted company a license to build and operate a hydro-electric power plant at Government Lock and Dam No. 7 on the Kentucky River about one mile below Highbridge and about 3 miles from the Dix Dam Hydro-Electric Plant. The license is effective for 50 years. Preliminary work began in the fall of 1926 and plans called for the erection of a 2,500 h. p. generating station, an outdoor transformer substation and 3 miles of transmission lines for connection with the Dix Dam Power House. The plant will have an estimated output of 10,000,000 k.w.h. per year, and was to be ready for pro duction in April, 1928. This plant's location belo the Dix Dam is such that, in addition to using th waters of the Kentucky River, it will re-use the store waters of the dam after these waters have generate kilowatt hours at the Dix Station.

MICHIGAN GAS & ELECTRIC COMPANY

(Controlled by Middle West Utilities Co.)

History—Incorporated Oct. 1, 1904, in Michigan as the Houghton County Gas & Coke Co. Name changed to Michigan Gas & Electric Co., Feb. 14, 1917. Effective Jan. 1, 1917, the Company acquired the properties of the companies heretofore operated under the following names: Marquette County Gas & Electric Co. (excepting the street railway), Constantine Hydraulic Co., Three Rivers Gas Co., Three Rivers Light & Power Co., and Milling & Power Co. For latest published statements of these several companies see 1916 Manual.) On June 30, 1924, acquired through direct purchase the property and equipment of the City Gas Company of Marquette. In the latter part of 1925 secured control of the electric property of Munising, Mich., which was taken over during 1926, adding about 915 customers to the Company's lines. On Dec. 1, 1926 acquired the properties of Niles Gas Light Co. (see 1926 Public Utility Manual, page 1568). which served over 2,522 customers in Niles and Buchanan.

The Marquette County Electric Ry. Co. was organized with $25,000 of capital stock. Its property is leased to the Michigan Gas & Electric Co. under a general contract, which provides for payment of operating expenses and natural up-keep, and its entire capital stock, except directors' qualifying shares, is owned by Michigan Gas & Electric Co.

Company owns and operates a group of public utility properties supplying, without competition electric light, heat and power service to twenty-six communities and manufactured gas to nine communities in Michigan. In addition it wholesales electrical energy to the cities of Sturgis and Dowagiac, Michigan. An interurban line 4½ miles long is also operated between Ishpeming and Negaunee. The communities served are: Cassopolis, Constantine, Goble's, Bloomingdale, Jones, Lawton, Schoolcraft, Paw Paw, Three Rivers, Vandalia, Vicksburg, White Pigeon, Hancock, Hougton, Ishpeming, Negaunee, Palmer, Decatur, North Lake, Winthrop, Marcellus, Richmond, Matawan, Moorepark, Sturgis, Mottville, Munising, Marquette, Niles, Buchanan, Ripley, Adamsville, Berlamont and Edwardsburg, Mich. Estimated population served Jan. 1, 1928, 92,284.

There are in service 180 miles of transmission lines and in addition to hydro-electric energy purchased, company operates 5 modern power stations, 3 of which are hydro-electric. The gas plants have a daily rated capacity of over 1,000,000 cu. ft. and holder capacity of 846,000 cu. ft.

Provisions of Issue—Authorized amount unlimited except as to restrictions below stated; outstanding, $2,395,800 ($1,734,800 Series "A" 6s and $661,000 Series "B" 5s). The Series "B" 5s were issued under a supplemental indenture dated Dec. 1, 1926, and the proceeds applied for the redemption of all underlying divisional bonds, for the acquisition of property and other corporate purposes.

The Mortgage provides that, subject to the limitations thereof, additional bonds of Series "B" (or of other series bearing such rates of interest, maturing at such times and having such other provisions as the Board of Directors at the time of issuance may determine) may be issued, par for par, against the deposit of cash or United States obligations or to refund bonds of other series issued under the mortgage, and to the extent of 75% of expenditures made for additions, improvements, betterments or extensions and to the extent of 75% of the cost or value (whichever is less) of purchased property acquired provided that all such extensions and purchased property shall be subject to the mortgage as a first mortgage thereon. Bonds shall not be issued on account of expenditures made for such extensions or purchased property or to refund at a higher rate of interest bonds of other series issued under the mortgage unless the net earnings, as defined in the mortgage, of the Company during the 12 consecutive months ending within 60 days next preceding the date of issuance shall have been at least 1¾ times the annual interest charges on all bonds then issued and outstanding and those then proposed to be issued.

Callability—Subject to call as a whole or in part on 30 days' published notice at the following prices and accrued interest:

Series "A" bonds on and from Sept. 1, 1933, to Sept. 1, 1938, at 105, thereafter prior to Sept. 1, 1942, at 102½, less ½ of 1% per annum for each year or fraction thereof elapsed after Aug. 31, 1939; on and after Sept. 1, 1942, at par.

Series "B" bonds on or before Nov. 30, 1931 at 105; after Nov. 30, 1931, but on or before Nov. 30, 1936 at 103; after Nov. 30, 1936, but on or before Nov. 30, 1941 at 102½; after Nov. 30, 1941, but on or before Nov. 30, 1946 at 102; after Nov. 30, 1946, but on or before Nov. 30, 1951, at 101; after Nov. 30, 1951, but on or before Nov. 30, 1955 at 100½; after Nov. 30, 1955 at 100.

Maintenance Fund—The Company covenants that so long as any of these bonds are outstanding, it will expend annually an amount equal to not less than 7½% of the gross earnings during each of the calendar years, 1924 to 1928, inclusive, and during each such year thereafter not less than 10% of such gross earnings, for (a) the making of repairs, renewals and replacements; (b) the making of extensions or the acquisition of properties on account of which Company

would otherwise be entitled to issue additional bonds; or (c) the redemption or the purchase and cancellation of any bonds issued under and secured by the mortgage.

Security—A first mortgage on all of the permanent property, rights and franchises of the Company now owned and on all such property hereafter acquired on account of which bonds are issuable under the Mortgage.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%, and agrees to reimburse holders of Series "A" and "B" bonds, if requested within 60 days after payment, for the Pennsylvania four mill tax, the Connecticut personal property tax not exceeding four mills per $1.00 per annum, and Massachusetts income tax not exceeding 6% of the interest per annum.

Original Offering—First publicly offered ($1,100,000 Series "A" 6s) in Dec., 1923, at 91½ and interest, by Hill, Joiner & Co., Inc., Chicago, Halsey, Stuart & Co., Inc., Chicago, and A. H. Provisions of Issue—Outstanding, Dec. 31, 1927, $712,000 Series "A" 6s and $473,200 Series "B" 5s. Additional bonds of Series "A" or other series having such provisions as the Board of Directors at the time of issuance may determine, may be issued (a) par for par against the deposit of cash or U. S. Government obligations, or against the deposit or discharge of underlying bonds, or to refund, pay or cancel bonds of other series issued under the Mortgage, (b) to the extent of 75% of expenditures for additions and betterments, and to the extent of 75% of expenditures for or the value of purchased property (whichever is less), and (c) in the case of a subsidiary to the extent of 75% of expenditures made for the stock of such subsidiary, and for additions and betterments to its property, and for purchased property acquired by such subsidiary, and to refund par for par its indebtedness, provided bonds secured by mortgage upon the property of the subsidiary shall be pledged in an amount equal to all expenditures made or indebtedness discharged in respect of the subsidiary, and provided also that the total amount of bonds issued under the mortgage in respect of such subsidiary, together with the principal amount of all mortgage indebtedness upon the property of such subsidiary outstanding in the hands of the public, shall not exceed 75% of the value of the property of such subsidiary. Bonds issued on account of additions or betterments or purchased property of the Company or of any subsidiary, or the stocks of any subsidiary or to refund at a higher rate of interest bonds of other series issued under the mortgage, or to refund the indebtedness of a subsidiary, may not be issued, unless the net earnings of the Company and its subsidiaries, during the 12 consecutive calendar months ending within 60 days next preceding the date of issuance shall have been at least 1¾ times the annual interest charges on all bonds then issued and outstanding under the Mortgage and those then proposed to be issued, and on all bonds, if any, then outstanding in the hands of the public prior in lien on any part of the property of the Company, and on all mortgage indebtedness then outstanding in the hands of the public and secured by lien upon the property of its subsidiaries.

Callability—Series "A" bonds are subject to call as a whole or in part, at any time, upon thirty days' published notice at the following prices and accrued interest: prior to Sept. 1, 1929, at 105; on and from Sept. 1, 1929, to Sept. 1, 1934, at 104; on and from Sept. 1, 1934, to Sept. 1, 1939, at 103; thereafter to March 1, 1944, at 102½ less ½ of 1% for each full year elapsed after Aug. 31, 1939; on and from March 1, 1944, at 100. Series "B" bonds are subject to call as a whole or in part at any time, on 30 days' notice, on or before June 30, 1932, at 105 and interest; thereafter and on or before June 30, 1937, at 103 and interest; thereafter and on or before June 30, 1942, at 102½ and interest; thereafter and on or before June 30, 1947, at 102 and interest; thereafter and on or before June 30, 1952, at 101 and interest; thereafter and on or before June 30, 1956, at 100½ and interest, and thereafter at par and interest.

Maintenance and Renewal Fund—The Mortgage provides that during each calendar year, beginning with 1925, the Company shall expend or cause to be expended by its subsidiaries an amount equal to not less than 10% of the gross earnings from operation of its mortgaged properties and the properties of its subsidiaries, for (a) the making of repairs, renewals and replacements; (b) the making of extensions, or the acquisition of properties on account of which the Company would otherwise be entitled to receive additional bonds; or (c) the redemption or purchase and cancellation of any bonds issued under and secured by this mortgage, or of any underlying bonds.

Security—Secured by a mortgage covering as a direct lien all of the permanent property, rights and franchises of the Missouri Gas & Electric Service Company now owned or hereafter acquired, subject now to only $257,000 of divisional bonds described

above, of which $143,000 are pledged as additional security under the Series "B" bonds, the mortgages of which have been closed.

Tax Provisions—Company pays Normal Federal Income Tax up to 2% and agrees to reimburse the holders of Series "A" Bonds, if requested within 60 days after payment, for the Pennsylvania and Connecticut 4-Mills and Maryland 4½-Mills Taxes, and for the Massachusetts Income Tax on the interest not exceeding 6% of such interest per annum.

Original Offering—First publicly offered ($500,000 "A" 6s) in Dec., 1924, at 96½ and interest, yielding over 6.30%, by Hill, Joiner & Co., Inc., Chicago, New York, etc. Series "B" 5% bonds were first publicly offered in December, 1927, at 97½ and interest, by the same firm.

NORTH WEST UTILITIES COMPANY

(Controlled by Middle West Utilities Co.)

History—Incorporated in Dec., 1918, in Del., for the primary purpose of acquiring and holding the securities of companies operating public utilities properties.

The companies owned and controlled by the North West Utilities Co. include the Lake Superior District Power Co., Southern Wisconsin Electric Co. and Wisconsin Power and Light Company.

At the close of the year 1927, subsidiary companies served 253 communities in Wisconsin having combined population of 351,781. Every community except one receives electric light and power service, ten are served with gas, two with heat, three with water, eleven with railway and two with bus.

The subsidiary companies also supply electrical energy at wholesale for distribution in 63 other Wisconsin communities. Exclusive of Milwaukee—where the electrical energy requirements for street and interurban railway operations are partially supplied by the company's subsidiaries—the total population of the communities served under wholesale contracts is 117,000.

The hydro-electric plants of the Wisconsin Power and Light Co. are located at Prairie du Sac and Kilbourn, both on the Wisconsin River; and the most important hydro-electric development of the Lake Superior District Power Co. is at Big Falls on the Flambeau River. Their combined present capacity is 54,250 horse power, and they are capable of exceeding their present combined annual electric output at nominal increased operating expense. The Wisconsin River plants supply, at wholesale, approximately all of the electric energy requirements for the operation of the interurban and street railways in and around the City of Milwaukee and the entire light and power requirements of Madison.

LAKE SUPERIOR DISTRICT POWER COMPANY

(Controlled by North West Utilities Co.)

History and Properties—The Lake Superior District Power Co. (formerly the Big Falls Water Power Co.) acquired as of June 1, 1922, all property and business of the Ashland Light, Power & Street Railway Co. and the Ironwood & Bessemer Ry. & Light Co. (see 1922 Public Utility Manual, pages 2095 to 2098). In Nov., 1923, the Mellen Water & Light Co. was acquired (see 1923 Public Utility Manual, page 1550). On Jan. 1, 1924, acquired the Washburn Light & Power Co., and the Medford Light, Heat and Power Co. In 1926 purchased distribution systems and plants at Athens, Prentice, Hayward and Hawkins, Wis. The Company's water distribution system in Hurley, Wis., was purchased by that city early in 1923. In 1927 the Company purchased the distribution system and plant at Glidden, Wis. and the distribution system at Morse, Wis

The Company owns and operates a group of public utilities properties in Northern Wisconsin and Upper Michigan, supplying without competition, electric light, heat and power service to 38 communities including the cities and towns of Ashland, Hurley and Washburn, Wis., and Ironwood, Bessemer and Wakefield, Mich. Ashland is also furnished with gas. Street railway service is supplied to 7 communities including Ashland, Ironwood and Bessemer, and intervening points. The population served is estimated to exceed 68,600 and the territory embraces the well known Gogebic Iron Mining region.

The properties include 11 central electric generating stations having combined capacity of 30,330 k.w. (40,650 h.p.) and of which 13,860 k.w. capacity is in hydro-electric stations. There are distributed throughout the system 48 sub-stations interconnected by more than 430 miles of high voltage transmission lines. The Big Falls hydro-electric station on Flambeau River in Wisconsin with 12,000 h.p. capacity, operates under a 52-foot head and is connected with the northern district by a steel tower double circuit 88,000-volt transmission line over 87 miles long. The Company also owns a number of valuable undeveloped hydro-electric power station sites. The gas plant located at Ashland, Wis., has a daily rated manufacturing capacity of 250,000 cu. ft, and holder capacity of 200,000 cu. ft.

Franchises—In Wisconsin the Company operates under indeterminate permits. In Michigan, the franchises are free from burdensome restrictions and extend to 1940 and beyond.

Provisions of Issue—In addition to the $2,043,400 outstanding, $4,600 are held in treasury. The mortgage provides among other things that additional bonds of this series (or other series bearing such rates of interest, maturing at such times, and having such other provisions as the directors at the time of issuance may determine) may be issued par for par against the deposit of cash or United States obligations, or against the deposit or discharge of underlying bonds, or to refund bonds of other series issued under the mortgage. Bonds may also be issued to 75% of expenditures for additions and betterments, and, of the cost or value (whichever is less) of purchased property. Bonds may also be issued to 75% of expenditures made for stock of a subsidiary and for additions and betterments to its property, and of the cost or value (whichever is less) of purchased property, acquired by a subsidiary; and to refund par for par its indebtedness, provided bonds secured by mortgage upon the property of such subsidiary shall be pledged in an amount equal to all such expenditures made or indebtedness discharged, and provided that the total amount of bonds issued under the mortgage in respect of any subsidiary, together with the principal amount of all mortgage indebtedness upon such subsidiary not pledged under the mortgage, shall not exceed 75% of the value of the property of such subsidiary. Bonds issued on account of additions or betterments or purchased property of the Company or of any subsidiary, or the stocks of any subsidiary, or to refund at a higher rate of interest bonds of other series issued under the mortgage, or to refund the indebtedness of a subsidiary, may not be issued, unless the net earnings, as defined in the mortgage of the company and its subsidiaries, during the 12 consecutive calendar months ending within 60 days next preceding the date of issuance shall have been at least 1¾ times the annual interest charges on all First Lien and Refunding bonds then issued and outstanding and those then proposed to be issued, and on all bonds, if any, then outstanding in the hands of the public prior in lien on any part of the property of the Company, and on all mortgage indebtedness then outstanding in the hands of the public and secured by lien upon the property of its subsidiaries.

Callability—Subject to call as a whole or in part on or after Dec. 1, 1932, and prior to Dec. 1, 1937, at 105 and accrued interest, and thereafter prior to Dec. 1, 1941, at 102½ and accrued interest, less ½ of 1% per annum for each year or fraction thereof elapsed after Nov. 30, 1938; if redeemed on or after Dec. 1, 1941, at 100 and interest.

Maintenance and Renewal Fund—The mortgage also provides that during each calendar year, beginning 1923, the Company shall expend an amount equal to not less than 10% of the gross earnings from operation of the mortgaged properties, to (a) the making of repairs, renewals and replacements; (b) the making of extensions, or the acquisition of properties on account of which the Company would otherwise be entitled to receive additional bonds; or, (c) the redemption and cancellation of any bonds issued under and secured by this mortgage.

Security—The First Lien and Refunding Mortgage Bonds are secured by mortgage covering as a direct lien all of the property, rights and franchises of the company now owned or hereafter acquired, subject to the underlying bonds outstanding.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%, and agrees to reimburse the holders of the Series "A" bonds, if requested within sixty days after payment for the Pennsylvania four mill tax, for the Connecticut Personal Property tax not exceeding four mills per dollar per annum, and for the Massachusetts income tax on the interest not exceeding 6% per annum.

Dated January 1, 1927.

Interest Payable January and July 1, at The E... able Trust Co. of New York and at National Ban... the Republic, Chicago.

Denominations—Coupon, $100, $500 and $1,000 i... terchangeable; principal may be registered.

Provisions of Issue—Issued, $6,670,000 Series "A" Additional First Mortgage Gold bonds may be issued from time to time to a principal amount not exceeding 75% of the cost or fair value, whichever is the lesser, of permanent additions and improvements made or acquired subsequent to December 31, 1926, or upon deposit of cash, provided earnings applicable to bond interest for twelve consecutive calendar months within the fifteen calendar months immediately preceding the date of application for issuance of bonds, shall have been not less than twice the annual interest charges on all First Mortgage Gold bonds outstanding, including those proposed to be issued, and the Huron Light & Power Co. First Mortgage Gold 6s then outstanding, if any, all as defined in the mortgage. First Mortgage Gold bonds may also be issued to refund equal principal amounts of other series of bonds issued under the Mortgage and the Huron Light & Power Co. First Mortgage Gold 6s now outstanding. First Mortgage Gold bonds may be issued from time to time in such series as may be determined by the Board of Directors. The bonds of additional series may bear such dates, rates of interest, mature at such times, and carry such redemption, sinking fund and tax refund provisions, and such other varying or distinguishing provisions as may be determined by the Board of Directors, subject to the restrictions of the mortgage, but, except as to sinking funds which may be established for the exclusive benefit of a particular series, all bonds of all series shall be equally and ratably secured by the mortgage.

Purpose of Issue—The original $5,800,000 Series "A" 5s were issued in February, 1927 to retire all bonds then outstanding against the property of Company (bearing interest rates higher than that of this series of First Mortgage bonds) except the Huron Light & Power Co. First Mortgage Gold 6s, due May 1, 1932, to reimburse its treasury for construction expenditures and to provide an adequate medium for future financing. $870,000 additional Series "A" 5s were issued in September, 1927 for acquisitions and extensions.

Callability—Subject to call as a whole or in part on any interest date on 60 days' notice at a premium of 5% of the principal amount and accrued interest to and including Jan. 1, 1937, this premium decreasing ¼ of 1% of the principal on each July 1 thereafter, the bonds being redeemable on July 1, 1956 at 100 and accrued interest.

Maintenance and Depreciation Fund—Company covenants while any bonds of Series "A" are outstanding, commencing immediately upon their issuance, to expend for maintenance and renewals or replacements and/or to set aside as a reserve for depreciation, 10% of its gross operating revenues, in the manner provided by the mortgage.

Security—Secured by a direct first mortgage on all of the fixed property of Company now owned and hereafter acquired, subject only to $258,000 Huron Light & Power Co. First Mortgage Gold 6s, due May 1, 1932, now outstanding on a part of the property only, and for the retirement of which bonds of this issue are reserved.

Tax Provisions—Company pays Normal Federal Income tax up to 2%. Connecticut Four Mill Tax, Maryland Four and One-Half Mill Tax, Pennsylvania Four Mill Tax, California Personal Property Tax at a rate not in excess of four mills per annum, and Massachusetts 6% Income Tax refundable to holders resident in those states as provided in the Mortgage.

Original Offering—First publicly offered ($5,800,000 Series "A" 5s) in February, 1927, at 96¼ and interest, to yield about 5.25% by A. C. Allyn & Co., Inc. and A. B. Leach & Co., Inc., New York. $870,000 additional Series "A" 5s were publicly offered in September, 1927, at 96¼ and interest, to yield 5.25% by A. C. Allyn & Co., A. B. NEW ENGLAND PUBLIC SERVICE COMPANY

(Controlled by National Electric Power Company)

History—Incorporated Aug. 27, 1925 in Maine, as a holding corporation with a perpetual charter to hold and deal in public utility property and securities of companies owning or operating or controlling such properties and property and rights useful for such purposes.

At its inception, the New England Public Service Co. acquired practically all of the Common stock of the Central Maine Power Co., and of the Manchester Traction, Light and Power Co., and a substantial majority of the Common stock of the National Light, Heat and Power Co., through which latter company it controlled the Twin State Gas & Electric Co., Berwick & Salmon Falls Electric Co., Vermont Hydro-Electric Corp., Rutland Railway, Light and Power Co., Realty Development Corp., Southern New Hampshire Hydro-Electric Corp., and Pittsford Power Co. Through exchange for its own securities, or by purchase for cash, Company has since acquired additional Common stock of the aforesaid companies so that as of Dec. 31, 1927, there were outstanding in the hands of the public only .047% of the Central Maine Power Co.; .041% of the Rutland Railway, Light and Power Co. and 0.5% of the National Light, Heat and Power Co.

During 1926 Company purchased the Keene Gas & Electric Co., Ashuelot Gas & Electric Co., Souhegan Valley Electric Co., Laconia Gas & Electric Co., the Western Maine Power Co., Fryeburg Electric Light Co., Conway Electric Light and Power Co., Swans Falls Co., and Bradford Electric Co. (see appended statements).

In January, 1928, the Company acquired the Middlebury Electric Co. and the Windsor Electric Light Company, and in February, 1928, Company acquired controlling interest in Utility Power Company, and Tilton Electric Light & Power Co. and purchased Franklin Light and Power Co. During May, 1928, acquired control of Cumberland County Power & Light Company.

In furtherance of Company's policy of having, for economy in operation, the fewest possible number of subsidiaries in each state, the Manchester Traction, Light and Power Co., Keene Gas and Electric Co., Ashuelot Gas and Electric Co., Laconia Gas and Electric Co. and Souhegan Valley Electric Co. were consolidated, with the approval of the Public Service Commission of New Hampshire, to form the Public Service Co. of New Hampshire (see appended statement).

The operating companies, with their subsidiaries, serve at retail a total of 454 industrial and farming communities having an estimated combined population of 693,740 in the states of Maine, New Hampshire, Vermont and New York, and in Canada. Electric service is supplied to 454, gas to 19, water to 2 and railway to 21. An important part of the vast water-power resources of New England is controlled by the Company. Plants of the subsidiaries of this company have a generating capacity of over 137,300 k.w., of which about 74% is hydro-electric. The ultimate capacity of the undeveloped water-power sites controlled is estimated to be several times that of the existing hydro-electric stations.

CENTRAL MAINE POWER COMPANY

(Controlled by New England Public Service Company)

History—Incorporated Mar. 7, 1905, in Maine, as Messalonskee Electric Co. Name changed to present title Jan. 25, 1910. Company is a consolidation of about 60 electric, gas and railway companies formerly operating independently in the central part of Maine (for recent acquisitions, see 1921 Public Utility Manual, page 2218). On Dec. 27, 1923, the entire property, franchises and assets of the Lincoln County Power Co., Inc. (see Manual for 1923, page 114) was sold by Special Master to the Central Maine Power Co. under receivership proceedings brought to foreclose mortgage. Company also controls and operates the Androscoggin Electric Co. and Waterville, Fairfield & Oakland Ry. These combined companies now serve with electric energy 269 cities, towns and communities and more than 400 industrial establishments in 12 of the 16 counties of the State. The territory directly served contains approximately 293,475 inhabitants. Among the better known communities served are Augusta, Auburn, Bath, Belfast, Belgrade, Brunswick, Bucksport, Dexter, Dover-Foxcoft, Gardiner, Greenville, Lewiston, Mechanic Falls, Norway, Poland, Rockland, Skowhegan, Thomaston and Waterville.

Gas service is rendered in four general localities. Gas generating plants are situated in Augusta, Bath, Rockland and Waterville and serve these cities and some adjoining towns, through about 84 miles of gas mains.

Railway service is rendered by three seperate systems and are known as the Portland-Lewiston Inter-Urban (owned by Androscoggin Electric Co.); Rockland, Thomaston & Camden St. Ry. (owned by Central Maine Power Co.); and Waterville, Fairfield & Oakland Ry. (controlled by Central Maine Power Co.). The three systems have a combined total of over 62 miles of track, about 50% of which is on private rights of way.

The following public utilities purchase a part of their power from the Company: Franklin Power Co., Turner Electric R. R. Co., Milo Electric Light & Power Co., Madison Village Corp., and Cumberland County Power & Light Co.

Acquisitions During 1927—During the year the Company acquired the properties of the Western Maine Power Company (see 1927 Public Utility Manual, page 1289) and the Fryeburg Electric Company. The assets of the Black Stream Electric Company and the Bethel Light Company, previously controlled through stock ownership, were conveyed to the Company.

The Central Maine Power Company system owns and operates 23 hydro-electric plants and 2 steam reserve stations, of a combined rated capacity of 97,737 h.p. The plants are located principally on the Kennebec River and its tributaries the Massalonskee and Sebasticook, and on the Androscoggin River and one of its tributaries, the Little Androscoggin. The steam stations are located at Farmingdale and Lewiston.

In addition thereto the Company purchases energy from Cumberland County Power and Light Company at West Falmouth, from Pejepscot Paper Company near Brunswick, from the Milo Electric Light and Power Company at Milo, Bangor Hydro-Electric Co. and Swans Falls Co. The hydro-electric plants are distributed throughout the territory served in such a way as to use efficiently the power available on the various rivers. All of the generating stations are interconnected by approximately 896 miles of transmission lines, most of which are 33,000 volt lines. In addition to the water power properties already developed the Company controls valuable undeveloped hydro-electric sites on the upper waters of the Kennebec River and on the Androscoggin River having a potential total capacity of over 200,000 h.p.

Control Acquired—During 1925, the Middle West Utilities Co. purchased all the Common stock of the Central Maine Power Co. at $140 a share, and subsequently transferred control to New England Public Service Co.

(4)

$11,500 CENTRAL MAINE POWER COMPANY FIRST & GENERAL MORTGAGE GOLD 6s, SERIES "B"; DUE JANUARY 1, 1942

Dated January 2, 1922.

Interest Payable January and July 1, at Old Colony Trust Co., Boston.

Denominations—Coupon, $500 and $1,000 (principal may be registered), and fully registered, $1,000 and multiples. Coupon and registered bonds interchangeable.

Trustee—Old Colony Trust Co., Boston.

Provisions of Issue—The First and General Mortgage bonds are issuable as the Directors may determine in the above series or other series. Other series may bear such dates, interest rates, tax provisions, redemption prices, dates of maturity, etc. as may be determined, but no bonds may mature after the year A. D. 2000, nor later than thirty years from their date of issue. Bonds may be issued to a principal amount not in excess of 75% of the cost or fair value, whichever is less, of additional physical property constructed or acquired by the Company subsequent to June 1, 1921, provided that the net earnings of the Company for a consecutive twelve months' period within the fourteen months next preceding the application for bonds are not less than the greater of (a) 1¾ times the annual interest charge on all bonds outstanding and those proposed to be issued, including all divisional lien bonds not deposited with the Trustee, or (b), 10% of the principal amount of such bonds, provided that this amount is not greater than twice said interest charge. Bonds may be issued to refund bonds of any series issued under this mortgage or under the First Mortgage of the Company, or under any divisional lien.

Restrictive provisions prevent the issue of bonds for other securities.

Callability—Non-callable during the first seven years; thereafter callable in whole or in part on any interest date on 6 weeks' notice from Jan. 1, 1929, to Dec. 31, 1929, inclusive at 110 and at a premium reduced by ¾ of 1% for each calendar year thereafter to and including 1940 and at 100½ in 1941.

Maintenance—The mortgage provides that there shall be expended or appropriated annually, for maintenance, repairs, renewals and replacements, an amount not less than 15% of the gross operating revenues of the electric light and power and gas business of the Company, and 25% of the gross railway revenues. Such sums are to be included in the operating expenses of the Company in calculating the net earnings against which bond interest must be figured in connection with the issue from time to time of additional bonds. At not less than three-year intervals, if it is found that for any reason these percentages as now set up do not operate equitably as between the interests of the Company and the bondholders, they may be re-established by the decision of a carefully created Board of Arbitration whose decision is final and binding and whose creation is dependent not upon proof of need of revision being established, but automatically at the request of the Company, the Trustee, or not less than 10% of the bonds outstanding hereunder.

Security—Secured by a first mortgage on the electric, gas and railway properties in Rockland, Thomaston and Camden, together with a few local distributing systems and on real estate controlling valuable water power sites of over 50,000 h.p.; and also by a mortgage on the entire remaining property of the company subject to the outstanding First Mortgage and Divisional bonds.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Legal Opinion—Ropes, Gray, Boyden & Perkins, Boston.

Original Offering—First publicly offered ($811,500) in March, 1922, at 98½ and interest, yielding 6⅛%, by Harris, Forbes & Co., New York; Harris, Forbes & Co., Inc., Boston; Harris Trust & Savings Bank, Chicago, and Coffin & Burr, New York and Boston.

ANDROSCOGGIN ELECTRIC COMPANY

(Controlled by Central Maine Power Co.)

History—Incorporated Oct. 26, 1914, in Me.; consolidation of the Lewiston & Auburn Electric Light Co. (see Manual for 1914, page 2339), and the Portland-Lewiston Interurban R. R. Co. Owns and operates the entire electric light and power properties serving, without competition, the cities of Lewiston, Auburn, Greene, Leeds, New Gloucester, Wales and Webster, Me. The population of the territory directly served is in excess of 53,000. Owns and operates 30.76 miles of high speed interurban road between Lewiston and Portland, located on its own right of way.

The company and the Central Maine Power Co., of which it is a subsidiary, furnish the entire supply of electric energy used by the Androscoggin & Kennebec Ry. The company also wholesales energy to the Turner Electric R. R. Co.

The electric generating properties of the Company include hydro-electric plants of 10,987 H. P. aggregate capacity. The Deer Rips Plant located on the Androscoggin River, a short distance above Lewiston, has a present generating capacity of 9,252 H. P. and is capable of further development to 18,000 H. P. In addition to the hydro-electric plants, the Company owns a steam generating station in Lewiston with a present installed capacity of 8,000 H. P. The Androscoggin Electric Company is directly connected by transmission lines with the Central Maine Power Company, forming the most extensive light and power system in the State of Maine.

CAPITAL STOCK

Authorized and outstanding, $100,000 Common and $500,000 6% cumulative Pfd.; par, $100. Entire common stock controlled by Central Maine Power Co. through Androscoggin Corp. and pledged with State Street Trust Co., Trustee, to secure an issue of Pfd. stock of the Androscoggin Corporation, the entire capital stock of which is owned by Central Maine Power Co.

Preferred Stock Provisions—The Pfd. stock has preference as to assets and cumulative dividends at the rate of 6% per annum, but has no voting power. Dividends on the Pfd. stock are guaranteed by Central Maine Power Co. If at any time the Androscoggin Electric Co. sells, assigns, merges or consolidates its physical properties or any substantial part thereof, the principal and all accrued dividends are guaranteed by Central Maine Power Co.

Annual Meeting—Second Wednesday in April.

Dividends—Pfd. dividends are regularly paid quarterly, F, M, A & N 1.

Additional bonds of this or other series having such provisions as Bd. of Directors at the time of issuance may determine, may be issued (a) par for par against the deposit of cash or United States Government obligations, or against the deposit or discharge of underlying bonds, or to refund, pay or cancel bonds of other series issued under the mortgage, (b) to the extent of 75% of expenditures for additions, betterments or improvements, and to the extent of 75% of expenditures for or the value of purchased property (whichever is less), and (c) in the case of a subsidiary, as defined in the mortgage, to the extent of 75% of expenditures made for the stock of such subsidiary and for additions and betterments to its property and for purchased property acquired by such subsidiary, and to refund par for par its indebtedness, provided bonds secured by mortgage upon the property of the subsidiary shall be pledged in an amount equal to all expenditures made or indebtedness discharged in respect of the subsidiary, and provided also that the total amount of bonds issued under the mortgage in respect of such subsidiary, together with the principal amount of all mortgage indebtedness upon the property of such subsidiary outstanding in the hands of the public (other than underlying bonds of the Company), shall not exceed 75% of the value of the property of such subsidiary. Bonds issued on account of additions or betterments or purchased property of the Company or of any subsidiary, or the stocks of any subsidiary, or to refund at a higher rate of interest bonds of other series issued under the Mortgage, or to refund the indebtedness of a subsidiary, may not be issued, unless the net earnings of the Company and its subsidiaries, during the 12 consecutive calendar months ending within 60 days next preceding the date of issuance shall have been at least 1¾ times the annual interest charges on all bonds then issued and outstanding under the mortgage and those then proposed to be issued, and on all bonds, if any, then outstanding in the hands of the public prior in lien on any part of the property of the Company, and on all mortgage indebtedness then outstanding in the hands of the public and secured by lien upon the property of its subsidiaries. So long as any of the Company's First and Refunding Mortgage 5% Gold Bonds, due 1953, shall be outstanding with the public, no additional bonds may be issued under the mortgage except to retire such First and Refunding bonds and/or to refund bonds of other series issued under the mortgage, unless there be pledged with the Trustee such First and Refunding bonds as provided by the mortgage.

Callability—Subject to call as a whole or in part at any time, upon thirty days' published notice at the following prices and accrued interest: prior to March 1, 1930 at 105; on and from March 1, 1930 to March 1, 1935 at 104; on and from March 1, 1935 to March 1, 1940 at 103; on March 1, 1940 and thereafter to

Sept. 1, 1944 at 102½, less ½ of 1% for each full year elapsed after Feb. 29, 1940; on and after Sept. 1, 1944, at 100.

Maintenance and Renewal Fund—The Mortgage provides that during each calendar year, beginning with 1925, the Company shall expend or cause to be expended by its subsidiaries an amount equal to not less than 10% of the gross earnings from the operation of its mortgaged properties and the properties of its subsidiaries, for (a) the making of repairs, renewals and replacements; (b) the making of extensions, or the acquisition of properties on account of which the Company would otherwise be entitled to issue additional bonds; or (c) the redemption or purchase and cancellation of any bonds issued under and secured by this mortgage, or of any underlying bonds.

Security—These bonds, in addition to being secured by a mortgage covering as a direct lien all the property, rights and franchises of the Company now owned or hereafter acquired, will, together with all other bonds issued under the mortgage, be secured by pledge with the Trustee, of First and Refunding Mortgage 5% Gold bonds, due 1953, of the Company, as required by the Mortgage provisions. No additional First and Refunding Mortgage bonds, due 1953, of which there are $2,005,000 outstanding with the public, can be issued except for pledge as further security for the First Lien and Refunding Mortgage Gold bonds. The First and Refunding Mortgage is a First Mortgage on all property now owned by the Company except certain portions subject to only $241,500 divisional bonds, the mortgages of which have been closed.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%, and agrees to reimburse the holders of Series "A" Bonds, if requested within 60 days after payment, for the Pennsylvania and Connecticut 4-Mills and Maryland 4½-Mills Taxes, and for the Massachusetts Income Tax on the interest not exceeding 6% of such interest per annum.

Original Offering—First publicly offered ($1,900,000) in June, 1925, at 95½ and interest, yielding over 5⅞%, by Hill, Joiner & Co., Inc., Chicago, etc.

VERMONT HYDRO-ELECTRIC CORPORATION

(Controlled by National Light, Heat & Power Co.)

History—Incorporated under the laws of Vermont in Feb., 1913, as the Colonial Power & Light Co. (see 1919 Public Utility Manual, page 1469), and in October, 1919, acquired the properties of the Western Vermont Power & Light Co. of Rutland: the Claremont Power Co. of Claremont, N. H., and the Clarendon Power Co., of Clarendon, Vt.

Territory—The Corporation serves electric light and power directly or indirectly to 55 communities located in southern Vermont, southwestern New Hampshire and eastern New York, and supplies electrical energy for the entire light and power requirements of the Rutland Railway Light & Power Co.

The communities served include Springfield, Windsor, Woodstock, Chester, Ludlow, Londonderry, Cavendish, Manchester, Poultney, South Poultney, West Pawlet, Fair Haven, Hydeville and surrounding villages in Vermont; Claremont, West Claremont, and adjacent villages in New Hampshire and Hampton, N. Y. The population of the territory served i estimated at 61,599.

Plants—The corporation owns and operates seve generating stations, having a total capacity of 6,41 k.w. (exclusive of Pittsford), located at Carver' Falls, N. Y., Cavendish, Hydeville and Perkinsvill Vt., Claremont, N. H., the Glenn and Patch station located on the outskirts of Rutland, Vt., and the Park insonville station, north of Springfield, Vt. The corpo ration also operates under a 50-year lease, a powe plant at Mendon and controls, through a long ter contract, the entire output of the Pittsford Power Co.' plant at Pittsford, Vermont.

The power stations are inter-connected throug a system of 157 miles of high tension transmissio lines, including several miles of leased wires. Ther are 193 miles of distribution lines. The system ha line connections which enable it to exchange curren with other New England power systems.

Water Supply—All Power stations are hydro-electric and are located on the water sheds of the Connecticut River and Lake Champlain. Chittenden reservoir, owned by the Rutland Railway, Light & Power Company, provides the chief water supply. It drains an area of nineteen square miles and has a storage capacity of more than 8,000,000,000 gallons. This water, which is further conserved in the 1,-350,000,000-gallon Pittsford reservoir and augmented by the flow of East Creek, is used successively at power levels by the East Pittsford, Mendon, Glenn and Patch stations to generate power. In addition to the reservoirs, pipe lines conducting water from station to station permit the careful regulation and conservation of water.

Water from Lake Bomoseen, with a drainage area of forty square miles, is used at the Carver's Falls and Hydeville stations. The lake can be lowered five feet and this right is controlled by the Vermont Hydro-Electric Corporation through a fifty-year lease.

The water which drives the generators at Cavendish and Perkinsville stations is stored in the five Tyson chain lakes, of which Amherst Lake is controlled by the Vermont Hydro-Electric Corporation.

The corporation owns rights on two additional water sites, and there are opportunities for several more hydro-electric developments in the vicinity of the present system.

Provisions of Issue—Open issue; outstanding, $20,000,000 5% Series due 1978. As provided in the Trust Indenture, additional Debentures may be issued from time to time as authorized by the Board of Directors or the Executive Committee of the Company, provided that the earnings on the deposited collateral, applicable to debenture interest, as defined in the said Trust Indenture, for a period of twelve consecutive calendar months within the fifteen calendar months immediately preceding the date of the application therefor, shall have been at least equivalent to twice the annual interest requirements upon all Debentures then outstanding thereunder, and upon those applied for. Additional Debentures may also be issued to refund Debentures previously issued subject to the restrictions of the Trust Indenture. The Trust Indenture also provides that Debentures may be issued in Series which may bear such dates, rates of interest, mature at such times and carry such redemption, sinking fund, tax refund and such other varying or distinguishing provisions as may be determined by the Board of Directors or Executive Committee not inconsistent with the provisions of the Trust Indenture.

Purpose of Issue—The proceeds from the sale of these Debentures will be used to retire the Company's 30-year 6½% Sinking Fund Collateral Trust Gold Bonds called for payment April 1, 1928 and for other corporate purposes.

Callability—Subject call as a whole or in part at any time on 30 days' prior published notice to and including Feb. 1, 1938 at 105 and accrued interest; thereafter to and including Feb. 1, 1943 at 104½ and accrued interest; thereafter to and including Feb. 1, 1948 at 104 and accrued interest; thereafter to and including Feb. 1, 1953 at 103½ and accrued interest; thereafter to and including Feb. 1, 1958 at 103 and accrued interest; thereafter to and including Feb. 1, 1963 at 102½ and accrued interest; thereafter to and including Feb. 1, 1968 at 102 and accrued interest; thereafter to and including Feb. 1, 1973 at 101½ and accrued interest; thereafter to and including Feb. 1, 1977 at 101 and accrued interest, and thereafter at par and accrued interest.

Sinking Fund—No provision.

Security—These Debentures are a direct obligation of National Public Service Corporation and, in addition, will be originally secured by the deposit with the Trustee under and subject to the provisions of the Trust Indenture, of the following stocks of all of its principal and important subsidiaries, namely, the entire outstanding Common stock (except directors' qualifying shares) of Jersey Central Power & Light Company, Municipal Service Company, Virginia Public Service Company, Eastern Shore Public Service Company, and Florida West Coast Ice Company, and over 99% of the Common stock of Tide Water Power Company.

The Trust Indenture provides that withdrawals of or substitutions for deposited collateral may be made so long as the earnings (as defined in the Trust Indenture) on the collateral held on deposit after any such withdrawal or substitution, are not less than twice the annual interest requirements; provided, however, that in the case of the securities initially deposited as collateral in connection with this issue or any substitutions for any thereof, withdrawals or substitutions may be made only if the earnings on the collateral held on deposit after any such withdrawal or substitution for twelve consecutive calendar months within the fifteen calendar months immediately preceding, shall have been not less than $2,500,000.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%, Pennsylvania 4 mill tax, Connecticut 4 mill tax, Maryland 4½ mill tax, California Personal Property tax not in excess of 4 mills per annum, and Massachusetts 6% Income tax refundable to holders resident in those States, upon timely application as provided in the Indenture.

Legal Opinion—Chadbourne, Hunt, Jaeckel & Brown, New York (for the Company), and Campbell, Harding & Goodwin, New York (for the Bankers).

Original Offering—First publicly offered ($20,000,000) in Feb., 1928, at 93½ and accrued interest to yield over 5.35% by E. H. Rollins & Sons, Howe, Snow & Co., Inc., Old Colony Corp., Hill, Joiner & Co., Inc., Blyth, Witter & Co., H. M. Byllesby and Company, Inc., Federal Securities Corp., Eastman, Dillon & Co., and Emery, Peck & Rockwood Co.

Listed—New York Curb Market.

TIDE WATER POWER COMPANY

(Controlled by National Public Service Corporation)

History and Property—Incorporated in Feb., 1907, in N. C., and has acquired through construction and purchase all the property used in furnishing electric light and power, gas and street railway service in Wilmington, N. C. In April, 1917, the Company acquired all the property of the Consolidated Rys., Light & Power Co., formerly controlled by stock ownership and leased (see Manual for 1917, page 2044). In October, 1922, acquired the St. Petersburg Lighting Co., and Clearwater Lighting Co., which companies were merged into the Pinellas County Power Co. in May, 1923. Company also acquired the municipal electric light system in Whiteville and Burgaw, N. C., and the electric and ice property in Chadbourne, N. C.

Company owns and operates, without competition, all the electric light, power, gas and street railway business in Wilmington, N. C., and through 294 miles of 33,000 volt transmission lines, furnishes electric light and power to over 67 communities, serving a population of over 80,000 in New Hanover, Duplin, Pender, New Brunswick and Columbus Counties, N. C.

The electric steam generating station at Wilmington, N. C., has a daily capacity of 11,500 k. w. The gas plant has coal and water gas apparatus of 1,685,000 cu. ft. daily capacity, with high pressure line to Wrightsville Beach, 12 miles, serving intermediate towns. The railway lines comprise 33.43 miles standard gauge track, rail 45 to 87½ pounds T; 50 cars. The company also owns and leases to Atlantic Coast Line RR. Co., until 1935, 1.5 miles of track. During 1924 the railway lines were augmented by automobile bus service.

The franchise rights are without time limit and the railway franchise is exclusive until 1937.

The Company's subsidiary, the Florida Power Corp. (see appended statement), furnishes all the electric light and power service in St. Petersburg, Fla., and through 531 miles of 33,000 and 60,000 volt transmission lines to 73 communities adjacent thereto including Clearwater and Tarpon Springs, serving a population of 175,000 in Pinellas, Pasco, Hernando, Sumter, Citrus, Levy and Marion Counties. The generating plant, located at St. Petersburg, is of 49,155 k.w. capacity, operated by steam. Oil is used as fuel, being delivered direct to this point by tank barges, making a considerable saving in freight rates and operating costs. An ice plant at Tarpon Springs has a daily capacity of 40 tons.

Management—The company is under the supervision of the Electric Management and Engineering Corporation, 57 William St., New York.

Sinking Fund—Sinking fund, 1½% of outstanding bonds until 1924 and 2% annually thereafter to 1932, for the purchase of bonds of this issue, or if not so used against 75% of the cost of additions.

Security—A first lien on property formerly owned by Consolidated Rys., Light & Power Co.

Tax Provisions—Company does not pay Normal Federal Income Tax.

Legal for Savings Banks in Maine.

(2)

$4,266,500 TIDE WATER POWER CO. FIRST LIEN AND REFUNDING MORTGAGE 6% GOLD BONDS, SERIES "A"; DUE OCTOBER 1, 1942

Dated October 2, 1922.

Interest Payable April and October 1, at The New York Trust Co., New York.

Denominations—Coupon, $500 and $1,000; interchangeable and registerable as to principal.

Trustee—The New York Trust Co., New York.

Provisions of Issue—The mortgage authorizes the issue of bonds for an indeterminate amount; outstanding, $12,526,000 ($4,266,500 Series "A" 6s, $2,529,500 Series "B" 5½s, and $5,730,000 Series "C" 5s).

Bonds other than for refunding may be issued only to a principal amount not to exceed 75% of the cost or fair value, whichever is the lesser, of (a) extensions to the existing properties, or (b) other electric light and power or artificial gas properties, and under special restrictions street railway properties associated therewith, acquired in the future, located in the states of North and South Carolina, Virginia, Georgia, Alabama, Tennessee or Florida, as defined and restricted in the mortgage. In no event may further bonds be issued unless the consolidated net earnings as defined in the mortgage are at least twice the interest on the Consolidated Railways, Light & Power Co. bonds and bonds of this issue held by the public, together with those proposed to be issued.

Additional bonds may be issued in series having such interest rates, redemption terms, sinking fund terms, maturity dates, tax refund provisions, etc., as the directors may determine from time to time, as defined in the mortgage.

Callability—Subject to call only for sinking fund at 107½ and interest until Oct. 1, 1927, and thereafter as a whole or in part, at 107½ and interest through April 1, 1928, and at ½ of 1% less during each succeeding year to maturity.

Sinking Fund—An annual cash sinking fund began Dec. 1, 1924, amounting to 1% of all bonds previously certified under the mortgage, is created and operates as long as any of these Series "A" bonds remain outstanding. Payments are to be used for the purchase or redemption of bonds of all series outstanding pro rata at not exceeding the current redemption prices. All bonds so acquired are to be cancelled. In case any later series provides for a larger annual sinking fund payment, the payments for this series shall be correspondingly increased.

Security—Secured by a direct first mortgage on the Wilmington property, subject as to part of it to the Consolidated Rys., Light & Power Co. First (closed) mortgage. Further secured by the direct pledge of all the First (and only) Mortgage bonds of the Florida Power Corp. as well as of its voting control.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Massachusetts State Income Tax not in excess of 6½% and Pennsylvania, Maryland and Connecticut personal property taxes not exceeding four mills refunded.

Legal Opinion—Townsend, Elliott & Munson, Philadelphia, and Ropes, Gray, Boyden & Perkins, Boston, for the bankers; Chadbourne, Hunt, Jaeckel & Brown, New York, for the Company.

Dated August 2, 1926.

Interest Payable February and August 1, at The New York Trust Co., New York.

Purpose of Issue—Proceeds from sale of $3,750,000 bonds, together with the proceeds from the issue of $2,500,000 General Lien 6% 20-year bonds, $1,500,000 Pfd. stock and 20,313 shares of Common stock without par value, were used for the acquisition of all of the physical property of the Florida Power Corporation and the entire capital stock of the West Florida Power Company, to proivde funds for the redemption of the Company's $1,461,900 7% Debenture bonds and in part for expenditures already made and additional expenditures presently to be made in connection with the Company's construction program. Proceeds from the sale of $2,000,000 additional bonds, together with 1,250 shares Common stock, were used for corporate purposes.

Callability—Subject to call on not less than six weeks' notice, as a whole or for sinking fund purposes, on the first day of any month, or in part on any interest payment date, at 102½% to July 31, 1927; thereafter at 101½% to July 31, 1928; and thereafter but prior to maturity a 100½%; in each case with accrued interest.

Denominations, Trustee, Provisions of Issue, Security, etc.—See description of Series "A" bonds above.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%, and agrees to refund, upon proper application, the Pennsylvania, Connecticut and California taxes not in excess of 4 mills, the Maryland tax not in excess of 4½ mills, and the Massachusetts Income Tax on the interest not in excess of 6% per annum.

Original Offering—First publicly offered ($3,750,000) in September, 1926, at 98¾ and interest, to yield about 5.45%, by Hemphill, Noyes & Co., E. H. Rollins & Sons and Coffin & Burr, Inc., New York, etc.; Stroud & Co., Inc., Phila., etc., and Otis & Co., Cleveland, etc.; $2,000,000 additional Series "C" 5s were offered in January, 1927, at the same price and by the same bankers.

(5)

$2,500,000 GENERAL LIEN (CLOSED ISSUE) 20-YEAR 6% GOLD BONDS; DUE AUGUST 1, 1946

Dated August 2, 1926.

Interest Payable February and August 1, at Bank of America, New York.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—Bank of America, New York.

Provisions of Issue—Authorized and issued, $2,500,000. Indenture contains provisions permitting the modification or alterations thereof, with assent of Company and of holders of not less than 75% in aggregate principal amount of outstanding bonds, not including any bonds owned by Company; provided amongst other conditions that any such modification or alteration shall not permit (a) the extension of the maturity of any bond, or the reduction in the rate of interest thereon or any other modification in the terms of payment of such principal or interest, without the consent of the holder of such bond; or (b) the creation of any mortgage lien ranking prior to lien of this Indenture, except that Company may without such consent and upon the satisfaction of the First Lien & Refunding Mortgage issue other bonds ranking pari passu with these bonds. Indenture provides that, so long as the First Lien & Refunding Mortgage is outstanding, property may be released from the lien of this indenture upon compliance with the conservative restrictions relative to the release of property, including pledged securities, contained in said First Lien & Refunding Mortgage. Upon the satisfaction of such First Lien & Refunding Mortgage, whereupon this indenture will share in the first lien with any new mortgage, releases of property may only be had under this Indenture upon there being subjected to the Indenture property to the full value of the property released as therein provided.

Purpose of Issue—Proceeds of sale of these bonds were used, in part, for acquisitions, for plant construction and for refunding purposes.

Callability—Subject to call as a whole or in part, on 30 days' notice, at 103 and interest, on or before July 1, 1936; thereafter at 102 and interest, or or before July 1, 1941, and thereafter at 101 and interest, on or before July 1, 1946.

Sinking Fund—A sinking fund is provided beginning Aug. 1, 1928, sufficient in amount to retire $25,000 par value of bonds each year up to maturity. These payments shall be made in cash by the Company to the Trustee in the manner provided in the Indenture securing these bonds.

Improvement Fund—Indenture provides for a maintenance and improvement fund under the terms of which the Company and its subsidiaries shall expend not less than 25% of their gross operating revenues from street railway business, 10% of their gross operating revenues from gas business and 12½% of their gross operating revenues from electric and all other public utility businesses on maintenance, retirement of bonds of this issue and bonds senior thereto, and additions and betterments against which no bonds or obligations equal or senior to these bonds may be issued. The above percentages are subject to periodical redetermination. Bonds retired by sinking fund will be a credit on the payment provided to be made for the improvement fund.

Security—A direct obligation of Company, secured by a general lien on all properties, plants, buildings, etc., now owned or hereafter acquired and on all securities now and hereafter deposited as security for the First Lien & Refunding Mortgage bonds. These bonds will be subject in their general lien only to the First Lien & Refunding Mortgage, and underlying mortgage now outstanding. Additional First Lien & Refunding Mortgage bonds may be issued under the restrictions as set forth in that mortgage. Indenture further provides that, in event the present First Lien and Refunding Mortgage is satisfied and cancelled, Company may create a new first lien mortgage or a new first mortgage, provided these bonds shall rank pari passu with the bonds secured by such new mortgage.

Tax Provisions—Company pays Normal Federal Income tax up to 2%, and agrees to reimburse resident

holders of these bonds, if requested within 60 days after payment, for the personal property tax in Connecticut, Pennsylvania and California, not exceeding 4 mills, Maryland 4½ mills tax, Kentucky 5 mills tax, and the Massachusetts Income tax on the interest not in excess of 6% per annum.

Original Offering—First publicly offered ($2,500,000) in October, 1926, at 98½ and interest, to yield over 6%, by E. H. Rollins & Sons, Otis & Co. and Stroud & Co., Inc., New York, etc.

Bonds Redeemed—All the outstanding 15-Year 7% Gold Debenture Bonds, dated Oct. 2, 1922 and due Oct. 1, 1937, were called for payment on April 1, 1927 at 11 and interest, at Cleveland Trust Co., Cleveland, O.

FLORIDA POWER CORPORATION

(Controlled by Tide Water Power Company)

History and Property—Incorporated in 1915 in Florida as St. Petersburg Lighting Company; name changed to Pinellas County Power Company May 21, 1923, at which time the Clearwater Lighting Co. (see 1923 Manual, page 2338, or apply to our Information Department), was merged. On Aug. 1, 1924, the electric light and ice property at Tarpon Springs, Fla., was acquired and merged. In April, 1926, purchased the electric lighting and distribution plant at Pass-A-Grille, Fla., from the town of the same name. In 1926, the Pinellas County Power Co. merged the Florida Power Corporation, and in February, 1927, changed its name to Florida Power Corporation. Company owns all the capital stock of West Florida Power Company, Florida West Coast Power Corp., Central Florida Power & Light Co., and Florida Power Co.

Company furnishes all the electric light and power service in St. Petersburg, Fla., and through 531 miles of 33,000 and 60,000 volt transmission lines to over 73 communities adjacent thereto, including Clearwater and Tarpon Springs, serving a population of 175,000 in Pinellas, Pasea, Harnada, Sumter, Citrus, Levy and Marion Counties. The steam generating plant at St. Petersburg, Fla., has a capacity of 49,155 k.w.; oil is used as fuel, being delivered direct to this plant by tank barges.

Management—Company is under the management of the Electric Management and Engineering Corp., 57 William St., New York.

NEW ENGLAND POWER ASSOCIATION

(See Accompanying Map)

History—The New England Power Association is voluntary association, formed by a declaration of ust dated January 2, 1926, as provided for under the ws of Massachusetts. It was formed pursuant to e Enlargement and Reorganization Plan and Agree-ent, dated Nov. 2, 1925 (see 1927 Manual, p. 2344). he plan was prepared by William W. Brooks, harles A. Harris and Arthur H. Lowe, constituting e committee, and approved by the various stock-lders of the New England Company on Jan. 18, 26 and thereby New England Power Association quired all the assets of The New England Company ee 1925 Manual, p. 1376).

The New England Power Association now controls ther by stock ownership or otherwise the following rporations:

ew England Power Group:
- New England Power Company
- The Connecticut River Power Co. of New Hampshire
- Rhode Island Power Transmission Company
- Bellows Falls Power Company
- Fall Mountain Electric Company
- Bellows Falls Electric Company
- Bellows Falls Canal Company
- Grafton County Electric Light & Power Company
- Hartford Water Company
- Seekonk Electric Company

The Rhode Island Public Service Group:
- The Narragansett Electric Company
- South County Public Service Company
- The Mystic Power Company
- Bristol County Gas & Electric Company
- United Electric Railways Company
- Lawrence Gas & Electric Company
- The Webster & Southbridge Gas & Electric Company
- The Lowell Electric Light Corporation
- Connecticut Valley Company

During 1927 The Narragansett Electric Company (formerly United Electric Power Co.) acquired the assets of and assumed the liabilities of the Narragansett Electric Lighting Company which company is in process of dissolution.

The Webster & Southbridge Gas & Electric Company and The Lowell Electric Light Corporation were acquired during the year of 1927.

For details of the acquisition of Lawrence Gas & Electric Co. see 1927 Manual, p. 2350. For details of acquisition of Narragansett Electric Lighting Co. and United Electric Railways Co., see statement of The Rhode Island Public Service Co. in the 1927 Manual p. 2352.

The New England Power System constitutes the largest power system in the New England states,

furnishing light and power to a territory in Massachusetts, Vermont, New Hampshire and Rhode Island, covering an area of about 9,000 square miles. Through its sale of power to local distributing companies, the system serves light and power to over 250 communities having a population in excess of 2,500,000.

As a result of its widespread network of transmission lines, the New England Power System not only distributes 1,000,000,000 kilowatt hours of electricity to its own customers, but is the medium which ties together the great power plants, steam and water, of southern New England and New York State.

The New England Power System is made up of the following companies and groups which are controlled through ownership of their entire Common stock, except in the case of the Lawrence Gas & Electric Co. and The Lowell Electric Light Corp. where a majority of the stock is controlled:

New England Power Co. is the major operating company, owning seven hydro plants and two storage reservoirs on the Deerfield River in Massachusetts and Vermont, and a steam plant at Uxbridge, Mass., in addition to lines, substations and other property in Massachusetts and Vermont. This company carries on a wholesale power business in these two states.

The Connecticut River Power Co. of N. H. owns the Vernon station on the Connecticut River, together with lines, substations, etc., in New Hampshire and Vermont, and does a wholesale business in these two states.

Rhode Island Power Transmission Co. owns substations and transmission lines in Rhode Island and serves electric utilities and large industrial users in this state.

Lawrence Gas & Electric Co., of which more than 87% capital stock is owned, does the entire gas and electric business in Lawrence, Mass. and vicinity.

The Rhode Island Public Service Co., a holding company, controls The Narragansett Electric Company, serving Providence and a large portion of Rhode Island, and the United Electric Railways Co., operating an extensive street railway system and bus lines in Rhode Island.

Bellows Falls Power Co. and subsidiaries operate in Bellows Falls and six surrounding towns in Vermont and New Hampshire. This group does both a wholesale and retail business.

Grafton County Electric Light & Power Co. supplies electricity for all purposes in White River Junction and seven surrounding towns in Vermont and New Hampshire. Hartford Water Company supplies water for White River Junction, Vt. and West Lebanon, N. H.

The Webster & Southbridge Gas & Electric Company does the entire gas and electric business in Webster, Southbridge and Dudley, and serves six other towns in the vicinity with electricity.

The Lowell Electric Light Corporation does the entire electric lighting and power business in Lowell, Mass., and also serves seven adjoining towns.

With the exception of the Grafton County Electric Light & Power Co., these companies form a complete power system physically interconnected. The combined generating capacity of the system is 608,000 h.p. The Association controls water rights capable of being developed to the extent of about 250,000 h.p. additional making a total of more than 850,000 h.p. with the existing plants. The system owns 917 miles of high tension transmission circuits, at 66,000 volts and higher. Distribution to customers at voltage from 13,000 to 44,000 is made over 508 miles of owned circuits.

In March, 1928 a new 60,000 h.p. hydro-electric plant at Bellows Falls, Vermont, was completed and placed in operation. This station will add about 135,000,000 k.w.h. per year to the System output. To bring this output to its point of distribution a 110,000 volt, double circuit line, 60 miles long, was constructed from Bellows Falls, Vt. to Pratts Junction, Mass., where a new substation of 51,000 k.v.a. capacity has been erected.

Acquisition of Water Rights—Shareholders of New England Power Association in the latter part of 1926 ratified the agreement for purchase of the properties of the Connecticut Valley Lumber Co. and the resale of its timber lands to a new corporation. New England Power retains the water rights permitting the development of approximately 200,000 h.p. on the upper Connecticut river.

NEW ENGLAND POWER COMPANY (MASSACHUSETTS)

(Controlled by New England Power Association)

History and Properties—Consolidated April 27, 1916, in Massachusetts, as a consolidation of the New England Power Company and the Connecticut River Transmission Company, both Massachusetts corporations, following a decision rendered by the Board of Gas and Electric Light Commissioners of the Commonwealth of Massachusetts, March 29, 1916. The property of the company consits of seven generating plants on the Deerfield River, having a capacity of 125,000 h.p., two storage reservoirs of a capacity of approximately 61 billion gallons, and a transmission system of 765 miles of 66,000 and 110,000 volt circuits serving important cities and towns in central Massachusetts, and connecting with lines supplying important industrial centers in Vermont, New Hampshire, Connecticut and Rhode Island, serving a total population in excess of 1,000,000. The Company also has a steam auxiliary plant at Uxbridge, Mass., with a capacity of 23,500 h.p. and fifteen substations. The Company purchases power by contract from the Connecticut River Power Co., which owns a 40,000 h.p. hydro-electric plant on the Connecticut River and exchanges power in large quantities with New York Power & Light Corp., Turners Falls Power & Electric Co., Edison Electric Illuminating Co. of Boston, and other systems.

The Deerfield River falls over 1,800 feet between Wilmington, Vt., and its junction with the Connecticut River. The stations now in operation utilize approximately 1,130 feet of this fall, this company and the New England Power Association owning additional fall to the extent of about 670 feet.

The high tension lines built on private rights of way under perpetual rights and easements cover practically all of the State of Massachusetts west of Worcester, among other cities and towns served being Adams, North Adams, Fitchburg, Clinton, Gardner and Worcester. Connection is also made with extensive transmission systems in New Hampshire and Vermont, and with the affiliated system of the Rhode Island Power Transmission Company, reaching Providence, Woonsocket and Pawtucket, Rhode Island.

The Company serves large manufacturing interests in the above named section of Massachusetts and also supplies railroads, street railways, electric light companies and municipalities, the current sold being about equally divided between manufacturing companies and public utilities.

Control—Controlled by New England Power Association through ownership of entire Common stock.

History—Incorporated in July, 1926, in Rhode Island, as a holding company. Owns all of the stock of The Narragansett Electric Company and over 97% of the capital stock of the United Electric Railways Company.

Details of Acquisition of Controlled Company—Under the Plan and Agreement dated July 28, 1926, the Rhode Island Public Service Co. offered to such stockholders of the United Electric Railways Co. who deposited their stock on or before Nov. 15, 1926 (extended to Nov. 23, 1926), the privileges summarized as follows: (1) Depositing stockholders had the option to receive for each share of Railway Company stock either one share of Class A stock of the Service Company, or two shares of Pfd. stock of the Service Company when, as and if the plan was consummated and the new securities available for issue on or before March 15, 1927. Holders of certificates of deposit who failed to exercise their option within the time specified were entitled only to receive the Class A stock of the Service Company; (2) if at least 80% of the outstanding stock of the Railway Company was deposited by the date specified, and if the plan was consummated and the new securities available for issue on or before March 15, 1927, but not otherwise, the holders of certificates of deposit were to be entitled to receive in cash $1.00 for each share of deposited stock. The Rhode Island Hospital Trust Co., Providence, R. I., was Depositary. Over 95% of the stock had been deposited under the Plan. Holders of the Railway Company's General and Refunding Mortgage bonds were also given the opportunity to exchange their bonds at any time on or before Jan. 10, 1929, for Class A stock of the Service Company on the basis of nine shares for each $1,000 5% bond and seven shares for each $1,000 4½ bond, until the Service Company shall have acquired by exchange or purchase $5,500,000 of Prior Lien and/or General & Refunding Mortgage bonds and subordinated all such bonds so acquired to the remaining outstanding bonds of the Railway Company.

The Narragansett Electric Company incorporated in Rhode Island June 18, 1926, furnishes electric light and power in practically all of the state west and south of Providence, including that city, and also in several towns in southeastern Connecticut. Gas is also supplied to four cities in Connecticut and Rhode Island. There are more than 117,000 electric customers and 6,400 gas customers. The estimated population served is 470,000 in a territory of about 775 square miles., Its property includes a modern steam generating station located at tidewater in Providence, having a generator capacity of 210,000 horsepower. There are more than 115 miles of lines transmitting at 22,000 to 66,000 volts, which serve a comprehensive distribution system through thirty-four main substations and numerous customers' stations.

The Narragansett Electric Company acquired in Nov., 1927, all the property, franchises and assets of the Narragansett Electric Lighting Company.

The United Electric Railways Co. is a consolidation of the various railways in the state of Rhode Island, the present company having been formed and operation started in 1921. It serves a population of about 500,000, operating in the principal cities and towns in the state. There are nine substations, a steam generating plant of 67,700 horsepower capacity and about 300 miles of street railway lines and 200 miles of bus routes.

UNITED ELECTRIC RAILWAYS COMPANY

(Controlled by The Rhode Island Public Service Company)

History—The United Electric Railways Company was created by a Special Act of the General Assembly of the State of Rhode Island in Jan. 1919, and the Charter as amended at the 1920 Session, authorized the company to acquire the lines and property of the Union Railroad Co., Providence Cable Tramway Co., Pawtucket Street Ry. Co., Rhode Island Suburban Ry. Co. (formerly leased to The Rhode Island Company and controlled by the United Traction & Electric Co.), the lines and property owned by The Rhode Island Company, and the lines and properties formerly leased to The Rhode Island Company by the Sea View R. R. Co. and the Providence & Danielson Ry. Co. The company did not acquire the property of the Sea View R. R. Co. as it was scrapped by its owners.

Part of the property of Providence & Danielson Ry. was scrapped by its owners and the remaining portion was acquired by the company in October, 1921, restoring service to localities which had been without transportation facilities for over a year. (For statement of these various companies see 1921 Public Utility Manual).

The company serves a population in excess of 500,000, operating in the principal cities and towns in the State of Rhode Island, including the cities of Providence, Pawtucket, Central Falls, Cranston and Woonsocket, and the towns of Barrington, Bristol, Burrillville, Coventry, Cumberland, East Greenwich, East Providence, Gloucester, Johnson, Lincoln, North Providence, North Smithfield, Scituate, Smithfield, Warren, Warwick and West Warwick. The Company commenced to operate its properties on July 9, 1921 and in July 1922, bus service was started.

Property, Mileage and Equipment—Company owns 9 sub-stations and a central power plant of 67,700 h.p. generating capacity, which furnishes all of the power required to operate the road.

The railway lines as of Dec. 31, 1927, consisted of 230.99 miles of first main track, 58.07 miles of second main track and 32.66 miles of sidings, turnout and carhouse tracks—a total of 321.72 miles. The Company operates 130 miles of bus routes (round trip mileage). The total rail and bus lines aggregated 451.72 miles.

The equipment Dec. 31, 1927, consisted of 710 passenger cars, 40 freight and express cars, 125 miscellaneous cars, 3 electric locomotives and 60 motors buses.

Taxes—The General Assembly at its 1920 Session passed acts exempting the United Electric Railways Company from all taxes except the State tax of 1% of the gross earnings, and taxes imposed by cities and towns upon its land, buildings or other tangible property, freeing it from all franchise taxes and certain paving and street improvement obligations formerly imposed upon the predecessor companies.

Control—The Rhode Island Public Service Co. has acquired 80,269 shares of the outstanding capital stock of the United Electric Railways Co. For details, see statement of The Rhode Island Public Service Co.

LAWRENCE GAS AND ELECTRIC COMPANY

(Controlled by New England Power Association)

History and Properties—Incorporated Feb. 14, 1849, in Mass., as Lawrence Gas Company; name changed to present title in Feb., 1925. Does the entire commercial electric light and power and gas business in Lawrence, Andover, North Andover and Methuen, Mass., and also the electric light and power business in Boxford, Mass., serving a total population of over 135,000. The Company's power plant is located on the Merrimac River, less than one-half mile from the center of Lawrence. The present installed capacity is 19,825 k.v.a., of which 3,175 k.v.a. is hydro-electric. The transmission and distributing system includes 2,074 miles of overhead conductor and 153 miles underground cable. The gas plant has a daily manufacturing capacity of about 3,870,000 cu. ft., part coal gas and part water gas. The gas distributing system includes 226.4 miles of mains. The company purchases its water power from the Essex Company under a 999-year contract. No. of meters: Electric, 30,225; gas, 30,990. Company derives its right to do business from its charter, granted by the State of Massachusetts, which is without time limit. Locations for poles, conduits, mains, etc., on the public highways, are granted by local authorities. Effective July 1, 1924, Company

reduced gas rate to $1.35 net. Reduced electric lighting schedule Jan. 1, 1926, from 10 cents to 9.45 cents and in June, 1926 to 9 cents per k.w.h. and April 1, 1928 to 6 cents net for the first 50 k.w.h. and 4 cents a kilowatt thereafter.

Change in Control—Late in 1926 New England Power Association acquired more than 84% of the capital stock of Lawrence Gas and Electric Company. New England Power Association offered to give for each share of Lawrence Gas and Electric Company (1) one-half share of its 6% $100 par Pfd. and one half share of no-par Common, or (2) one-half share of Pfd. and $26 cash, or (3) 78/100ths of a share of Pfd. Time for acceptance of the offer expired December 23, 1926.
